ereeting a church of their own. Council approved the committee's report. If it materializes, the sale will be a cash deal, it was brought out. The lot has a frontage of 125 feet on Central avenue and 140 feet on Jackson street.

Other sales recommended by the committee and concluded by the council were: lot at the northeast corner of Central avenue and Third street to Deibert S. and Leona C. Simmons; lot at the southwest corner of Dakota avenue and Grant street to Harrison W. and Vera B. Wright; lot on the south side of East Main street between Richmond and Modoc streets to John P. and Thora S. Lawrence. The Lawrence withdrew from previous negotiations, which had not been consummated for the purchase of a lot and a half on Queen Anne avenue between Academy Place and Oregon Terrace.

A summary report of the work completed by the city superintendent's department last month was read and ordered filed. Councilman Furnas complimented Fred W. Schefel, city superintendent, for his economy in running the department.

# JURORS DISAGREE ON FATE OF ACCUSED DOG

EUGENE, Aug. 18.—(AP)—Six justice court jurors couldn't arrive at a decision last night about the life or death of a mongrel dog accused of attacking persons in the Springfield district.

The dog, owned by R. E. Burns, watched the proceedings indifferently, although the case caused quite a stir. It was transferred to the justice court here because Springfield has no ordinance relating to the disposal of dogs.

Springfield residents sponsored the complaint against Burns and the animal, charging the dog attacked and bit Marilyn Dawson, 12.

Hoover, who is in the northwest fishing, came to Portland to meet J. N. Emerson, Washington Republican national committeeman from Pullman.

BALEM, Aug. 18.—(AP)—Trucking operators paid \$571,387 in fees to Public Utilities Commissioner N. G. Wallace during the first half of this year, compared with \$505,388 for the same period last year.

Receipts for the first six months of 1934 were \$361,650, about \$210,000 under this year's figure.

Wallace said the increased receipts reflected improved conditions in the motor transport industry.

June receipts were \$104,600, the largest monthly total in four years.

# MOON NO HELP IN FABER HONORED AT KIWANIS MEET

WASHINGTON, Aug. 18.—(AP)—Planting potatoes in the dark of the moon is no insurance of a good crop, the Smithsonian Institution solemnly declared today.

Many old beliefs that moonlight influences plant growth were analyzed for the first time by the institution scientists and found to be erroneous.

Dr. Earl S. Johnston, plant physiologist, concerned himself principally in the experiments with the effect on plants of polarized light, the rays of which vibrate in only one direction.

Moonlight is sunlight which is polarized in being reflected from the moon's surface.

Johnston found there was no difference between polarized and unpolarized light in the way in which plants turned toward it.

# TAMMANY, CRIME LINK WILL BE PROVED SAYS COHORT OF LAGUARDIA

NEW YORK, Aug. 18.—(AP)—Special Rackets Prosecutor Thomas E. Dewey intends to "prove" during the present majority contest his campaign charge of an "alliance of long standing between crime and certain elements of Tammany Hall," a spokesman said today.

Dewey is Republican-Fusion-Labor candidate for district attorney of New York county on the ticket headed by Mayor Fiorello H. LaGuardia.

Dewey's charge that certain elements of Tammany are linked with the underworld was made Sunday in his statement accepting the Republican designation.

Dewey is now technically a special assistant to District Attorney William C. Dodge, a Tammany protégé. He was appointed by Governor Herbert H. Lehman.

Dewey's only opponent for the office of district attorney is Harold W. Hastings, chief assistant in the district attorney's office. Dodge is not a candidate for re-election.

# FAT PENSION ASSURED DAPPER EX-MAYOR BY TRANSIT COMMISSION

NEW YORK, Aug. 18.—(AP)—James J. Walker, who resigned under fire in 1932 as mayor of New York, virtually was assured today of a lifetime city pension estimated at between \$12,000 and \$15,000 annually.

The Democratic-controlled transit commission appointed him assistant commission counsel yesterday—just two weeks before a five-year absence from the city payroll would have disqualified him for a pension. His new job pays \$12,000 a year.

Commissioner Reuben L. Haskell said the vote to appoint Walker was unanimous.

"There was no politics involved," Reuben said. "He qualifies for the job by virtue of his knowledge of transit."

In his new position Walker, who has been living quietly on a Long Island duck farm, will direct the transit commission's activities in eliminating grade crossings in New York City.

The dapper former mayor, whose wiscracks and debonaire plumb won favor with Gotham's millions, neglected to apply for a pension when he resigned during the Seabury investigation in 1932 and left for Europe.

Still trim in figure but graying slightly, Walker is now 58—one year older than the minimum age for retirement.
