Joyce believes, stating farmers "are going to town and we're all going right along with them." He is expressing the hope that orchardists would come in for their share of prosperity. Labor troubles besetting industry at present do not impress the railroad man as being of catastrophic significance. "It will all work itself out all right," he declared. "We have always had labor disputes and probably always will. While it is having a detrimental effect on business progress to some extent, I do not believe it will permanently upset things. It's nothing to get excited about."

Mrs. Joyce was with her husband. They were to leave tonight for the north where he will continue business conferences in Portland, Seattle and other cities in the northwest.

Wall St. Report

NEW YORK, Aug. 19.—(AP)—Buyers found the stock market unattractive today and with few exceptions, leading issues drifted off fractions to more than 3 or more points.

Several attempts were made to rally the list, but these lacked vitality and served principally to stave off dealers.

Brokers said trading forces were somewhat more apprehensive of what may transpire in the far eastern embroglio. Likelihood of a quick adjournment of congress was offset to a certain extent by the suggestion of a special November session might take up many controversial measures shelved now.

Stock transfers approximated 800,000 shares. Today's closing prices for 92 selected stocks follow:

In "Tundra"

Probably the greatest adventure film ever to reach Medford is "Tundra," real-life drama of the Alaskan wilderness, which comes to the Rialto theater for tomorrow and Saturday only. It tells the strange story of a flying doctor whose plane crashes in the savage wilderness of inland Alaska. The suspense and thrill of the film come when he, single handed, fights his way through frozen hazards and wild beasts. Zane Grey's "Porlorn River" shares double bill honors.

Artists and Models Is Packed With Fun

The new show season had its opening at the Craterian theater yesterday with Jack Benny's latest release, "Artists and Models." Made strictly for entertainment purposes, and nothing else, "Artists and Models" is exactly that—entertainment all the way.

Not only is there Benny to keep things moving along at a fast clip, but the producers surrounded him with stars from screen, stage and radio, all of whom contribute to the fun.

There's a new idea, also, in this new musical show. The emphasis shifts from the musical side to comedy side and back again without much regard to what is happening—but who cares? Everyone has a swell time.

Tyrone Power, new romantic idol, is at the Roxy theater for today and tomorrow in "Love Is News." Loretta Young and Don Ameche are starred with Power. Slim Summerville heads the supporting cast.

story idea are Richard Arlen, Ida Lupino and Gail Patrick. It's all about blueblood society people and an advertising scheme of Benny's, and the Artists and Models ball, which he is promoting.

The real fun is brought about by the sidetracks throughout the picture, such as Martha Raye swinging to town to Louis Armstrong's hot music in a Harlem specialty, Countee Rossell in an elaborate number built around Andy Kostelanetz and orchestra, Judy Canova and company in a blast of hillbilly harmony; Russell Patterson's modernistic puppets, Artists Rube Goldberg, McClelland Barclay and others with brush.
