**Sylvan Camp Used For Outing, Study By Sunday School**  
BIG APPELATE, Aug. 21.—(Sp.) A back-to-nature joint was the privilege of Beaver Creek Sunday school members and friends Sunday when a group of 54 assembled at Beaver Sulphur forest park for a picnic and day of recreation, in addition to the regular Sunday school period.  
Coffee boiling on one of the picturesque stone stoves with which the camp is equipped, and sandwiches and salads set on polished rustic tables, underneath low-hanging boughs gave picnicers a definite conception of the recreational facilities which the U. S. forest service is offering the public in the numerous camping areas being developed at present.  
A cement dam across the tiny Beaver creek provided a good swimming pool but only the most daring braved the cold water of the mountain stream Sunday. Following the picnic lunch, which included a generous supply of ice cream, Superintendent Bert Harr succeeded in assembling the group from the many inviting haunts of the grounds for the lesson and song service. The sacred silence of the forest depths added to the pleasure of this period; hymns were sung to banjo accompaniment.

**WHEAT PRICE UP CENT ON 'HEDGES'**  
CHICAGO, Aug. 21.—(AP)—The wheat market rallied today as a cent a bushel today on the strength of moderate buying attributed to removal of hedges by exporters and some profit taking by previous sellers.  
Trade specialists said a break of around 25 cents a bushel in wheat since the season's high level was reached last month has eliminated many weak holders who have taken losses, thereby strengthening the technical position of the market. Private advices indicated the Canadian export sales overnight were better than expected.

**CHRISTMAS TRADE LIKE 1929 SEEN**  
PORTLAND, Aug. 21.—(AP)—Retail business during the coming holiday season will be as great as in 1929, Henry Heimann of New York, executive manager of the National Federation of Credit Men, predicted here.  
Laboring men, he said, "will share more generously in the good things of the times."  
Heimann said he believed the "menace" in the labor world has "passed," and "nothing is more certain in the world than collective bargaining."

**DENY JOSEPHINE HOP LABOR RUMOR**  
GRANTS PASS, Aug. 21.—(P)—Floyd Bilyeu, field representative from the state WPA office, said today that investigation convinced him reports are false that local residents are barred from Josephine hop fields.  
He said the report was spread in Portland that "dustbowl" families and transients were preferred to local people.  
Growers assured him, he said, that they could use more pickers although they probably could get through the season with the 3,000 registered or at work. They said they preferred Oregon residents but that few applied, one field reporting it had only six Grants Pass people of 100 pickers.

**Bingham Returns**  
WASHINGTON, Aug. 21.—(P)—Secretary Hull said today that Ambassador Robert W. Bingham was returning home from London for personal reasons. Hull said Bingham's visit would be brief.

**Plane to Herd Boats**  
RAIMIER, Aug. 21.—(AP)—Wilbur J. Smith, tugboat operator, borrowed an idea from pikehead fishermen and purchased an airplane to keep track of his boats on the Columbia river. The boats frequently remain away for several days and fail to report their positions, he explained.

## CLAIM C.I.O. PLOTS LABOR DISORDERS THROUGHOUT LAND

WASHINGTON, Aug. 21.—(AP)—Representative Cox (D-Ga.), militant foe of the Committee for Industrial Organization, claimed authentic information today that CIO leaders plan "a widespread campaign of industrial disorder intended to terminate in a general strike."  
The latter, he said, would be intended to "bring the industries of the south and Henry Ford to their knees and to reduce every contributing industry to a state of supplication for peace."  
Cox made a formal statement to newsmen. He said the disorders were planned to take place after the adjournment of congress.  
"I am further informed that the CIO, smarting under its failure to win the 'little steel' strikes, is determined to teach this nation a lesson and to demonstrate its power to control the industries of this country as it will," Cox asserted.  
"I am further informed, and I am sure my information is authentic, that plans are being carried out in every state in this union by the Communist party to invade and infiltrate both the Democratic and the Republican parties through CIO membership."

## 9 OREGONIANS IN SHANGHAI LEAVE

WASHINGTON, Aug. 21.—(AP)—The state department said today the 256 American refugees aboard the Dollar liner President Jefferson leaving Shanghai for Manila included the following Oregon residents:  
Mrs. R. R. Schinard and daughter, Mrs. R. L. Pearce and Miss Dorothy Reelard, all of Portland, and Mrs. Hazel Severson and son and Mrs. P. Severson, all of Newberg.  
Mrs. Grace Norman, of 160 Lafayette street, Salem, Ore., was among 17 Americans leaving Nanking for Hankow aboard the British S. S. Shihli.

## JOBLESS CENSUS DUE NEXT APRIL

WASHINGTON, Aug. 21.—(P)—The senate sent to the White House today a bill providing for a national unemployment census before next April 1.  
Adoption of house amendments to the proposal, which was sponsored by Senator Black (D-Ala.) before his appointment to the supreme court, completed congressional action.  
The house, in passing the measure earlier in the day, voted to restrict the enumeration to the jobless and part-time workers.  
Limitation of the census conformed to wishes of President Roosevelt who was quoted by Speaker Bankhead of feeling the senate measure might be interpreted as authorizing a universal census.

## SINO AT A GLANCE

(By The Associated Press)  
SHANGHAI—Eleven square miles of Shanghai laid waste by fire, shells and bombs. Chinese and Japanese intensified their fight for control of the city. American navy inquiry board started investigation of the shelling of the flagship Augusta.  
NONKOW—Japanese troops held one-third of Nankow pass gateway to Mongolia. After a five hour artillery battle.  
TIENSIN—Chinese and Japanese troops poured into north China for impending battles near Peiping.  
WASHINGTON—President Roosevelt followed his "watchful waiting" policy in the Sino-Japanese conflict, with no indication of immediate action.  
CANTON—South China's metropolis rushed millions in silver to Hongkong for safekeeping, fearing the conflict would spread southward.

## RUSSIA MAY ENTER IF CHINESE FAIL

McMINNVILLE, Aug. 21.—(AP)—If China's armies falter, Russia may come to her aid in the struggle against Japan, Dr. Elam J. Anderson, president of Linfield college, believes.  
Home after a tour of the Orient, Dr. Anderson said he foresaw a possibility of Russia entering the war in the fact that Japan is moving as many troops to northern Manchuria borders as are being sent to Shanghai.  
Dr. Anderson said that while the Chinese have progressed in the past two years as much as they did in the preceding 15 years they are still handicapped by a lack of adequate armaments.

## YOUNG DEMOCRATS TRY OLD TRICKS

INDIANAPOLIS, Aug. 21.—(AP)—Oratory gave way gradually to old fashioned convention politics in the biennial meeting of the Young Democrats of America here today as delegates rallied around favorite candidates for the organization's presidency.  
Pitt Tyson Maner of Montgomery, Ala., secretary to Governor Bibb Graves and Alvin C. Johnson of Indianapolis, president of Indiana's Young Democrats, apparently topped the field as time for the election, scheduled for late in the day, drew near.  
Maner's managers predicted the Alabamian would win the vote of "the west." Johnson's friends contended his strength had "increased hourly."  
The Seattle, Wash., delegation appeared to have the edge in the contest for the 1938 convention city.

## OREGON DAM BOSS CANDIDATE GAINS

PORTLAND, Aug. 21.—(AP)—The Portland Oregonian said today increased support for F. R. Schenck of Portland as a candidate for Bonneville dam administrator had been noted in Washington, D. C., coming from Seattle and Tacoma as well as Oregon points.  
Schenck, a former government employee, was a member of a board of civil engineers handling an army engineers' report on the Columbia river showing the feasibility of deep-sea navigation to The Dalles.
