## Daughters Outline Coming Activities At Board Session

Mrs. H. E. Armstrong, newly-elected regent of Crater Lake chapter, Daughters of the American Revolution, recently entertained members of the board at her home on Coleman creek, when plans for the ensuing year were discussed.

First session of the coming season has been set for September 7 and will commemorate the 150th anniversary of the adoption of the constitution. Crater Lake chapter will join with Rogue River chapter for a picnic in the Grants Pass park to mark the occasion.

Luncheon is planned for 1 o'clock. During the afternoon, Mrs. M. J. Morris will discuss some recent aspects of national defense. The Grants Pass chapter will present a history of the American flag.

Mrs. J. H. Cochran, chairman of the calendar committee, will distribute new year books. The program arranged by Mrs. Cochran and her assistants is said to be very attractive and members anticipate an active and interesting year.

A benefit activity for patriotic education is planned for September 24 and 25.

### DeSouza Return From Vacation

Returning to their home here last night were Mr. and Mrs. Frank DeSouza and Mrs. Ellen DeSouza, mother of Mr. DeSouza.

The three have been vacationing at Castle Rock camp on Smith river in northern California for the past several days.

### Summer Season Nearing Close

Beginning of discussion of fall activities and the return of vacationists to their homes are signs of the approaching end of summer.

Although recreational areas of the valley still draw late summer visitors, crowds are less than earlier and most people are now looking back on vacations rather than anticipating them.

A reliable indication of approaching fall is the preparation of young people for the return to schools and colleges opening next month. Number of those going this year, both those entering for the first time and those who are merely resuming studies, is expected to be the largest in several years.

### Recent Wedding At River Home

Miss Fern Palmer and Lyle Thompson, both of Sawyer's Bar, Calif., were united in marriage Friday evening at 8 o'clock at Roguedale, Rogue river home of the Rev. and Mrs. D. E. Millard. The Rev. Millard performed the ceremony.

Present were Mr. and Mrs. Ray Thompson, parents of the groom and his sister, Miss Patricia Thompson, all of Sawyer's Bar; Mr. and Mrs. Paul Thompson, and son Creighton of Gold Hill; Mr. and Mrs. Earl Moore, Mr. and Mrs. G. L. Hatf, Mr. and Mrs. H. D. Porco, all of Gold Hill.

The young couple will make their home at Sawyer's Bar.

### Martins Dinner Hosts Tuesday

Mr. and Mrs. Wilbur Martin and daughters, Evelyn and Vernice, entertained at dinner Tuesday evening at their home on Garden Row.

The affair was in honor of Mr. and

Mrs. Floyd Walsh, recently married. Other guests included Mr. and Mrs. Earl Croft, parents of Mrs. Walsh, Mr. and Mrs. M. Rose, Sylvia Croft, Chester Foley, Everett Rosecrans, Orpha Martin, Beverly Christianson, Ann Christianson and Charles Logan Gray.

### Visitors Leave After Stay Here

Leaving by train this morning for the north were Miss Eleanor Wright of Kansas City, Mo. and Mrs. Mattie Wright of Los Angeles, who have been visiting here.

The two have been guests of Mr. and Mrs. E. L. Henninger for the past several days. They are cousins of Mr. Henninger.

Miss Wright is en route home, planning stops at Seattle and Portland before continuing east. Mrs. Wright will visit relatives and friends in Reedsport, Roseburg and Canyonville. She will return for a further stay here before going home.

## FORTY OREGON BOYS TO FARM CONVENTION

SALEM, Aug. 26. (AP)—Forty high school farm boys from over the state will leave October 15 for Kansas City, Mo., to attend the tenth annual convention of the Future Farmers of America, Earl R. Cooley, state supervisor of agricultural education, said today.

Local delegates of the F. F. A. will pay the delegates' expenses. More than 10,000 future farmers from every state, Hawaii and Puerto Rico will attend the convention.

## OREGON PULP FINDING NEW MARKET IN LONDON

PORTLAND, Ore., Aug. 26. (AP)—A newly developed London market for Oregon pulp loomed as an important factor in the industry today when the Norwegian motorship Villanger started loading 4600 tons for shipment to England.

Of the 6780 tons of pulp exported from here during the first six months of 1937, all but 1021 tons was consigned to Japan.

## MONTAGUE DESCRIBED AS A 'JEAN VALJEAN'; IS RELEASED ON BAIL

ELIZABETHTOWN, N. Y., Aug. 26. (AP)—Smiling John Montague, Hollywood's mysterious gift to golf, today was released on \$25,000 bail, pending trial of a seven-year-old robbery charge, by a New York supreme court justice who termed him a "modern Jean Valjean."

In making the ruling, Justice P. Byron Brenner said: "It seems impossible that you may now escape any penalty which the law may finally exact from you, and, I think I may add, your history for the past six or seven years seems to indicate to me that you will be willing to meet the charge here in a fair, upright, honest and courageous manner."

A milling crowd of spectators that included both "natives" of this little Adirondack mountain resort town and summer visitors jammed the little courtroom, where John Brown's body once lay in state, as Montague appeared, apparently without anxiety, before the bar.

District Attorney Thomas McDonold said that trial probably would take place the week of Oct. 11, the regular term of Essex county court.

## 'HEAP HOT' FORECAST FROM QUACK OF DUCKS

DUNKIRK, N. Y., Aug. 26. (AP)—Weather prediction for the rest of the summer: "Heap hot."

The forecast is made by Indians of the Catteraugus reservation. They base it on the fact that geese and ducks are quacking louder than usual, wild birds' songs are more prolonged and fish are leaping higher in the streams.

## TULE LAKE LAND OPEN OCTOBER 25

WASHINGTON, Aug. 26. (AP)—The interior department announced land for 80 home-seekers will be available on the Tule lake division of the Klamath reclamation project in California to war veterans with home-ownership rights on October 25 and to the public ninety days thereafter.

Commissioner John C. Page of the reclamation bureau said the average farm offered would contain 74 irrigable acres. The move will open up 3,106 acres of irrigable land to home-steading.

"The land is very fertile and not especially difficult to prepare for irrigation and cultivation," Page said. "The smallest farm unit offered contains about 39 irrigable acres, and a few others have about 50 or less acres, but most of them are between 70 and 80 acres in extent."

## LATEST U. S. CRUISER CHRISTENED HONOLULU

NEW YORK, Aug. 26. (AP)—The navy's newest 10,000-ton cruiser, the U. S. Honolulu, was launched today at the New York navy yard, Brooklyn.

Helena Poindexter, daughter of Joseph B. Poindexter, governor of Hawaii, broke a bottle of champagne against the prow.

The cruiser, 600 feet long, is equipped to carry 15 6-inch guns, eight 5-inch anti-airplane guns and six airplanes.

## AUTO SALESMAN WINS LANE CO. CLEMENCY; BUT NOT IN DOUGLAS

ROSEBURG, Ore., Aug. 26. (AP)—Dwight C. Baker, 31, Portland automobile salesman, managed to secure suspension of a 30-day jail sentence in Lane county, but not in Douglas county.

Paul Parsons, state police sergeant in charge of the Roseburg district, said Baker was arrested by a patrolman last night charged with driving a car without an operator's license and having four adults in the front seat.

When he was sentenced, the clerk from the justice court at Eugene and upon inquiry learned that he had been fined \$100 and sentenced to 30 days in jail there for drunken driving, after he had demolished a service station pump. The jail sentence was suspended and Baker was released at Eugene after paying \$10 on his \$100 fine. Parsons said he was informed.

Arraigned before justice of the Peace R. W. Marsters in Roseburg this morning, Baker was fined \$10 and sentenced to 30 days in jail, and there was no suspension of sentence.

### Flees Shanghai.

WASHINGTON, Aug. 26. (AP)—Mrs. C. S. White of Portland, Ore., was among 40 Americans who left Shanghai Tuesday for Manila aboard the Dollar liner President Pierce, the state department reported today.

## 85 ARE PRESENT AT ACTIVE PICNIC

About 85 members and their ladies of Medford, Grants Pass and Ashland Active clubs enjoyed a picnic and swimming party at Helman's Baths in Ashland last evening. Following the outing, many couples visited the Chateau to dance before returning home.

Dr. John P. Russell of Grants Pass won the men's swimming race. The women's water sprint was won by Eleanor Payne of Medford. In a special event staged by Glen Fabrick, Chet Hubbard and Jack Walker, the swimmers finished in that order.

The picnic was considered one of the best ever staged by the clubs. The Medford turnout was almost 100 percent.

## Two Alligators On Display Here

Two real and very much alive alligators are on display at The Toggery today, brought back from Florida by Bill Barnum, who recently returned from a cross-country honeymoon trip with his bride of two months, the former Amy Elliott.

The heavily-armored creatures are only 14 months old and are about 12 inches long. They look like overgrown lizards. The small box in which they are imprisoned seems not to bother them a bit. They crawl around in the sand and shallow water and seem as happy as if they were back on their native Florida beach.

## PRAYER IS ONLY HOPE OF SPORTSMEN HERE FOR GOOD DUCK YEAR

WASHINGTON, Aug. 26. (AP)—Southern Oregon sportsmen, the biological survey indicated today, will just have to pray for a long Canadian Indian summer if they want good legal hunting in the Tule lake region of northern California.

Survey officials said they were unable to do anything about a request by Klamath Falls citizens for an advance in hunting dates in the area. They suggested a long Canadian summer might delay the southward flight of migrating ducks and help to some extent this year.

The Oregonians had asked that hunting dates be shifted from November 27-December 26 to November 1-30, but survey officials said the later season had been fixed at the request of the California fish and game commission and that it was generally agreeable to sportsmen of that state.

One official admitted, however, the season might be "a trifle late" in northern California and that some of the flights would be missed.

He suggested the Oregonians seek an earlier season next year when schedules are being drafted.

Astronomical telescopes are of two types, refracting and reflecting.

Marriages in England must be solemnized between 8 a. m. and 6 p. m.
