

JUDGE DAY GIVES REPORT ON WORK OF O-C COMMITTEE

Representatives From Land Grant Counties Gather in Roseburg for Review of New Government Policy

ROSEBURG, Ore., Aug. 26.—(AP)—Representatives from Oregon land grant counties today heard a detailed report of the work of a special committee which went to Washington, D. C., to represent the association of 18 counties in connection with the bill setting up a new administration policy for the lands.

The reports were given by County Judge Earl B. Day of Jackson county; ex-County Judge Victor P. Moses of Benton county; and Attorney Guy Gordon of Roseburg, legal advisor to the association, who composed the committee.

The bill recently passed by congress places the reversioned O. and C. lands under a perpetual timber cutting plan; provides payment to the counties of 80 per cent of all revenues, with 25 per cent to be paid to counties on the delinquency accumulated since 1933, and 25 per cent to be used for administrative purposes.

The new bill repeals the Stanfield act, under which counties were authorized to collect an annual amount equal to taxes which would have been paid under private ownership.

The county representatives assembled in Roseburg today were told that the committee was successful in securing an amendment to the original form of the bill, providing that timber should be cut up to the maximum capacity of the forest and market. This was essential, it was pointed out by Judge Day, in order to assure an annual income to the counties.

An effort was made to secure a reduction in the proportion of income going to administration costs, he said, but showings were made that administration could not be accomplished for less.

Chance for More A provision, however, was secured whereby, after the existing delinquency is paid from the 25 per cent allotted to that purpose, the counties will receive up to 15 per cent additional if the annual income fails to reach the 80 per cent of the annual payment made under the Stanfield act.

The bill provides that after the delinquency of county claims is retired, the federal government shall retain the 25 per cent, or such share not paid to the counties to bring payments up to the 80 per cent of former income, to be applied to the deficit accumulated by the government in advancing money under the Stanfield bill. After the deficit has been retired, the entire 25 per cent will go to the counties.

BONNEVILLE AND LABOR MAIN STATE PROBLEMS

PORTLAND, Ore., Aug. 26.—(AP)—Judge Ralph P. Dobson listed the disposal of Bonneville power and labor controversies as the two major problems facing the people of Oregon when he addressed the Democratic Women of Willamette society here.

A "bulldog" tendency, too evident in all factions, is largely responsible for labor troubles, he said. He urged that advocates of public and private power distribution get together to their mutual advantage on the Bonneville issue.

MRS. PEARL E. M'BRIDE FORMER RESIDENT OF VALLEY, TO LAST REST

Word has been received of the death of Mrs. Pearl Ethel McBride, wife of John W. McBride, long-time residents of the valley, in Santa Rosa, Calif., yesterday morning. Mrs. McBride was about 62 years of age. She is survived by her husband; one daughter, Mrs. Roy Hubbard of San Francisco, and a number of other relatives here, including O. A. Turpin, W. W. Gregory and Henry Gregory, cousins.

Mrs. McBride was born and married in northern California. She and her husband came to the Rogue River valley about thirty years ago, residing in the Table Rock district. Both Mr. and Mrs. McBride were employed at the E. W. Carlton ranch in Central Point for the past 28 years.

They left here last December for Santa Rosa in an effort to find a more favorable climate for Mrs. McBride's health. She had been ill since last January. Funeral services will be conducted in Santa Rosa tomorrow morning at 11 o'clock by the Rebekah lodge, of which Mrs. McBride was a member in Central Point.

Mrs. McBride's death will be grieved by scores of friends in the valley.

NEED SEVERAL MONTHS TO REESTABLISH MILL

GRANTS PASS, Aug. 26.—(AP)—Four or five months will be necessary before the Ingham lumber company at Glendale can resume full operations. C. W. Ingham said last night in fixing last Friday's fire loss at \$200,000.

Only a few men are now employed bringing in pine logs still in the woods. The mill proper, which was saved from the flames, is not operating and no definite schedule has been made for the immediate future.

Ingham said it will take several months to secure planer and kiln machinery after it is ordered and that insurance adjustments will not be completed for two weeks. Some revision may be made in plant plans.

BRITAIN THREATENS FRANCO REPRISALS FOR SEA PIRACIES

Prepares for Show-Down On Non-Intervention Plans—Refugees Are Barred by France—Turkey Stirred

(By the Associated Press) Insurgent columns roared proudly into Santander today in formal occupation of the government's last important city on the northwest Spanish coastal ledge. The city was being with the red and gold flags of Spain's insurgency. The streets were jammed with cheering Santanderese. Formal occupation came at 11:45 a. m.

Insurgent sources estimated that about half of the Spanish government's defeated army of some 50,000 was caught in a 15-mile-square trap in the rolling country southeast of Santander, still unaware that "The City of Perpetual Spring" had capitulated.

France shut her doors, at least temporarily, today against beggar refugees streaming from the region of fallen Santander. Police suspended authorization for landing after four overcrowded travelers arrived at Bayonne, bringing 50 fugitives. A similar number arrived last night.

Turkey Threatens An envoy of the rich, industrial Catalonia government was reported discussing with representatives of the Spanish insurgents capitulation of the autonomous province to Generalissimo Francisco Franco. Franco's envoys were reported to have told him that only unconditional surrender was acceptable.

Turkey sent to various powers a note warning them that Turkish warships will sink undersea craft that enter Turkish waters in further attacks on Spanish and other shipping off the Dardanelles.

Stung by what the London Times called "piracy" on the Mediterranean, the British government threatened Spanish insurgents with reprisals and intervention machinery.

Government troops pushed a tremendous offensive today on the Aragon front of northeastern Spain. A government spearhead was thrust into Franco's lines 25 miles southeast of Zaragoza, where the town of Quinto, long held by the insurgents on the Zaragoza-Valencia road, was occupied by Madrid-Valencia troops.

DRIVER SUSPENSIONS SET RECORD IN JULY

SALEM, Aug. 26.—(AP)—Revocations and suspensions of motor vehicle operators licenses during July set an all-time record of 153, Secretary of State Earl Snell said today. Oregon courts outside of Portland reported 116 convictions, which resulted in 93 revocations and 23 suspensions. Portland courts revoked 20 licenses and suspended 17.

From January 1 to August 1, 437 drivers have been convicted of driving while drunk, while 465 licenses were revoked during the period.

Jap Shops Guarded In San Francisco; Tension Mounting

SAN FRANCISCO, Aug. 26.—(AP) Anti-Japanese feeling in San Francisco's world-renowned Chinatown reached such a peak today that Chief of Police James Quinn ordered members of his Chinatown squad to guard Japanese shops within the area.

The chief said excitement in the San Francisco colony of 17,000 Chinese had grown daily since the start of the undeclared Sino-Japanese war and that he was fearful of possible violence if the tension continued to increase.

Chinese during the past few days have posted numerous "Don't patronize Japanese stores" signs along Grant avenue, the Chinatown shopping center.

MORE WORKERS FIND JOBS IN FACTORIES

WASHINGTON, Aug. 26.—(AP)—Secretary Perkins said today employment in the manufacturing industries showed a gain during July while employment in other industrial fields surveyed by the labor department was going through the customary mid-summer decline.

"On the basis of reports received," the secretary said, "it is estimated that approximately 80,000 fewer workers were employed in July in industries covered by the bureau of labor statistics. Aggregate weekly payrolls decreased by \$4,700,000."

The secretary said, however, that as compared with July a year ago employment was up nearly 1,300,000 workers and payrolls gained nearly \$85,000,000.

Commission Checks Roads In Baker Co.

BAKER, Aug. 26.—(AP)—Some of the state roads in Baker county, which local residents insist should be oiled, were inspected by members of the state highway commission today.

The commissioners, accompanied by local officials, went to Halfway over the Baker-Homestead highway. They were to take lunch in Halfway and return to Baker in time to inspect the Baker-Unity highway before going to LaGrande this evening.

MEDIATION PLEA WOULD POSTPONE STRIKE 30 DAYS

(Continued from Page One.) requested by either side in the dispute, would automatically postpone the strike for 30 days. The national mediation board, falling to arbitrate the dispute, may request the president to create an emergency arbitration committee which must report within 30 days. Neither side may take action until a 30-day period has elapsed after its decision.

All in Agreement "I received word of the hour and date for the start of the strike from my Chicago office," Whitney explained. "All our representatives there are in agreement.

"We are now taking care of the details of the strike here and instructions will be sent out in circular form later today."

Concerning possible federal mediation, Whitney said the committee would have to take such a step under consideration and that there would be no "automatic" 30-day delay as a result of such intervention.

WASHINGTON, Aug. 26.—(AP)—The national mediation board offered its services today to major railroads and their operating employees in the wage dispute which resulted in a strike call for Sept. 6 by the five railway brotherhoods.

In offering its services to the disputants, the board directed one of its members, Dr. William M. Leiserson, to commence mediation proceedings at Chicago Saturday, if the railroads and unions accepted the board's offer.

The board said acceptance of its services today by both parties was necessary. Otherwise the board must wait a request for mediation from one party or the other.
