

TAKE DOLLAR SIGN OFF BATTLE FLAGS VANDENBERG PLEA

Senator Tells Veterans New Rules Needed to Take Profit Out of War—Military Partnerships Hit

BUFFALO, N. Y., Aug. 31.—(AP)—Senator Arthur H. Vandenberg urged America's war veterans today to insist upon immediate legislation to take the profit out of war.

"It may be hard on our cash registers but it will be easier on our sons," the Republican senator from Michigan told delegates to the national convention of the Veterans of Foreign Wars.

Vandenberg said he sought "new rules which will take the dollar signs off our battle flags forever."

Besides new laws to take the profit out of war, he advised a ban on potential military partnerships, loans to belligerents, and munitions sales to belligerents.

"We must have no potential partnerships," he said. "We must be neither the world's policeman nor the world's pawn."

"We cannot make fat loans to one or the other of belligerents and not ultimately feel the unequal drag of a proprietary interest in the success of whichever belligerent must win if we are to hope (vainly) to get our money back."

"We cannot sell munitions to one or the other of belligerents and not excite the natural hatred and reprisal by the belligerent not thus favored."

Vandenberg urged legislation "now to take the profit out of any future war."

OREGON PROF HITS RELIEF METHODS

PORTLAND, Aug. 31.—(AP)—B. Stephenson Smith, professor at the University of Oregon and president of the Oregon Commonwealth Federation, told 400 citizens protesting against the layoff of WPA workers that public officials are "insensitive to the dire straits" of many persons.

Smith described Governor Charles Martin as "the eminent chief sabre rattler."

The meeting drew representatives from the Workers Alliance, the Commonwealth Federation and the CIO.

A petition asked the governor and the state relief committee to withdraw an order removing families from the rolls where one or more member is employed. It urged direct relief for all persons unable to find work.

Trio Hurt in Smashup.

SILVERTON, Aug. 31.—(AP)—Mr. and Mrs. C. L. Miller of Aumsville and their granddaughter, Ruby Lambert, were in a local hospital today with serious injuries received last night when an automobile in which they were riding overturned four miles south of Silverton Monday.

Closing time for Too Late to Classify Ads is 1:30 p. m.

Diane Safe With Mother

Found on a Chicago Northside doorstep after she had been stolen from her perambulator, three-month old Diane Lucas was returned safely to her mother, Mrs. Dorothy Lucas. Here mother and her daughter are shown as they were reunited.

Narcissus Bulbs Lost in Flames

FOREST GROVE, Aug. 31.—(AP)—Plants devoured two carloads of flaming stoves and a bulb house and wiped out ten years of propagation work among narcissus bulbs by Mrs. and Mrs. Robert Warrens at the Shamrock Acres farm.

In thirty minutes the fire destroyed imported stock it had required a decade to bring to standard. The Warrens farm is nationally known. Cause of the fire has not been established.

Landon Planning Birthday on Peak

COLORADO SPRINGS, Colo., Aug. 31.—(AP)—Former Gov. Alfred M. Landon of Kansas, Republican presidential candidate last year, will celebrate his fiftieth birthday on top of Pikes Peak Sept. 9, as a luncheon guest of Sanford Jarrell, editor of the newspaper published on the summit.

In the evening he will address the international convention of Phi Delta Phi, legal fraternity.

EX-LADY INVERCLYDE MARRIES CALIFORNIAN

CANNES, France, Aug. 31.—(AP)—Edward Hillman of Beverly Hills, Cal., and the former Lady Inverclyde—known as June Tripp on the London stage—were married today by the mayor of Cannes.

Mrs. Hillman was attended by Miss Gilliland, London musical comedy actress, William Davey of Los Angeles, and Walter Morosco of Beverly Hills accompanied the bridegroom.

The couple will sail to America on the Normandie, September 8. They plan to live in Santa Barbara, Cal.

3420 LOST LIVES IN AUTO MISHAPS IN MONTH OF JULY

Toll Is 160 Greater Than Same Month Last Year—Increased Mileage Cuts Fatalities Per Mile.

CHICAGO, Aug. 31.—(AP)—A total of 3420 persons lost their lives on the nation's streets and highways during July, the National Safety Council reported today.

The deaths—160 more than in the month last year—boosted the traffic toll 8 per cent for the month and 12 per cent for the seven-month period. The gain, however, was counterbalanced, the council's statisticians said, by a 12 per cent increase in the month's motor mileage.

The increased mileage reduced fatalities per 100,000,000 vehicle miles 7 per cent in July compared to July, 1936.

Of the 45 states reporting in the council survey, 11 cut traffic deaths from 1 to 20 per cent. Kansas reported the greatest reduction while Maine was second with a 15 per cent drop.

The greatest decrease was reported by cities in the 25,000 to 50,000 population class. Cities in the 250,000 to 500,000 group had a 75 per cent increase.

New York's death toll topped Chicago's for the first time this year, the survey showed, as it reported 452 deaths for the year—more than any other city. Chicago was second with 438.

On the basis of deaths per 100,000 population, however, New York led with the lowest rate, 10.8, compared to the 17.0 rate of all reporting cities.

Other leaders in the 500,000 population or over group were: Milwaukee, 11.4; Boston, 13.3; Philadelphia, 14.6; and Pittsburgh, 14.9.

Napoleon was defeated in the battle of Waterloo, June 18, 1815.

Brittle Baby

In the six years of her life, Phyllis Gene Grommesch of Yakima, Wash., has broken sixteen bones. And now, as if one isn't bad enough, she's broken both legs.

The United States is divided into four standard time zones.

ROOSEVELT HARBORING THIRD TERM AMBITION IS STEIWER'S BELIEF

PORTLAND, Aug. 30.—(AP)—The possibilities of a third term in "not out of the president's mind," Oregon's senator Frederick Steiwer and the keynote at the last Republican national convention said yesterday when he returned from Washington.

"Many things indicate Mr. Roosevelt's interest in a third term," he remarked. "If he can get away with a court-packing bill and his bill to reorganize the executive department, and can prevent any reform in the conventions, his nomination in 1940 will be assured."

Many insurgent democratic senators have "completely lost confidence in the policies of the administration and the integrity of its processes," he said. The junior senator added that they would welcome a separation from the president but are reluctant to assume the blame for disrupting the democratic party.

"If there is a purge," he continued, "it will be started by the president because he wants to purge the party and slough off all elements who do not follow blindly."

Senator Steiwer said the court bill is "dead" and he doubted if the president planned to revive it.

Church Militant Built of Heart Declares Pastor

Speaking Sunday morning on "Putting the Principles of Godliness in Practice," Fred M. Weatherford, pastor-evangelist of the Church of the Nazarenes, drew his message from First Corinthians, 13th chapter, and also from Eph. 2:22. He said in part: "All work of God must begin with ourselves. The church militant, first of all, is a structure made of heart life. In the highest terms of redemption the church is an assembly of holy temples that have been spiritually rebuilt."

"When Christ has your love you

BASIC SPEED LAW INADEQUATE-SNELL

PORTLAND, Aug. 31.—(AP)—Secretary of State Earl Snell described the basic speed-law as "inadequate" today and called for fixed limits and governors on automobiles of convicted reckless drivers.

"I am convinced," he said, "that our present basic speed law, standing alone as a speed regulation, is inadequate. It has a widespread interpretation by individual drivers, meaning 'No speed limit in Oregon.'"

He added that officers have difficulty in enforcing a law that provides a speed greater than will permit him to exercise proper control of the vehicle.

"Left to the individual interpretation of 400,000 drivers, it is proving a dangerous practice," he said.

The secretary's recommendations may be included in legislation recommended to the next session.

FIRST BIG TUNA RUN SEEN OFF DEPOE BAY

TAPT, Ore., Aug. 31.—(AP)—Commercial and sport fishermen put out to sea today to harvest a school of tuna running from five to eight miles wide off the Oregon coast at Depoe bay.

First time in their knowledge tunas had appeared in large runs this far north. The absence of pilchards, anchovies and other small fish in California waters probably drove the tunas up the coast line, they reported.

The fish, estimated in the millions, weigh from 12 to 50 pounds.

STERLING AND RUCH FOR CONSOLIDATION OF SCHOOL FACILITY

BIG APPLEGATE, Aug. 31.—(Sp.) The Sterling school will become consolidated with the Ruch school as a result of a vote taken in the two districts last week. Consolidation will become effective upon acceptance of the votes and counting of the ballots by the boundary board at their next meeting in the near future. Consolidation papers then will be submitted to the two schools.

Votes in the Sterling district showed 6-2 in favor of the merger, with 11-6 in favor at Ruch. A two-room school will be maintained at Ruch with around 45 pupils enrolled. Miss Aileen Inlow of Ashland and Mrs. Ina Purcell of this community, formerly contracted to teach in the individual districts, will be employed to teach the combined schools with the opening of the term next month. It is believed that transportation may be effected through cooperation with the Jacksonville school, which operates a bus here for transportation of high school students from this community.

The majority of Sterling patrons are pleased with the success of consolidation, owing to the fact that their building is antiquated and liable to condemnation in a few years, and that their playground is limited, necessitating use of the public road for many games. In addition to these handicaps, some of the pupils were obliged to walk long distances to school.

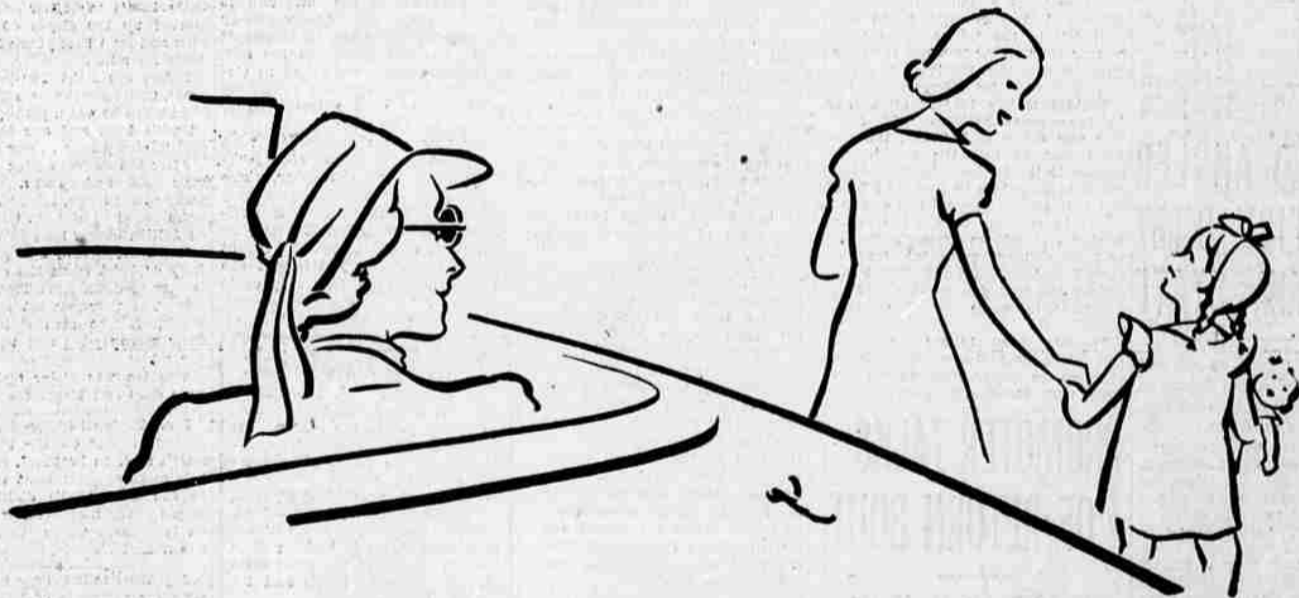

Haywire Husband Succumbs in Pen

LANSING, Mich., Aug. 31.—(AP)—Eugene Paul Werner, who beat his wife and three children to death with an axe, died last night at the state prison hospital.

Werner, who admitted the slayings at Hutchinson and explained "I must have gone haywire," was committed to the hospital after being adjudged insane at a hearing.

JOHN SMITH

HE SAYS HE WANTS OOP!

THERE'S a mighty good reason why so many people like Old Oscar Pepper (OOP for short)! Ever since 1838, when this grand mellow whiskey was first distilled down in old Kentucky, it's been winning friends—friends who know good whiskey when they taste it. OOP is ALL whiskey—distilled the slow old-fashioned way to give it that hearty old-time flavor. Try it—see what we mean!
