Resentment Expressed. The note, addressed to Secretary of State Cordell Hull, expressed "resentment" of American missionaries and business men and urged greater protection of them and their interests.

It was disclosed, meanwhile, that the United States transport, Chaumont, will assist in further evacuation of American civilian and family members from the Shanghai war area.

The Chaumont is due here September 20 with 1200 marine reinforcements.

PAVING REPAIRS TO START SOON SAYS CHAIRMAN

(Continued from Page One.)

At the lowest mark, Mr. Schade emphasized. Hence, needed work will be done and at the same time the program will afford employment for about 25 men at a slack time of the year, he added.

The plan is to prepare the base of pavements this fall and to add the surface next spring.

The streets to be repaired this fall were listed as follows: East Jackson, from Genesee to Crater Lake highway (3 blocks); Sherman avenue, from Genesee to Stark (2 blocks); Minnesota, from Geneva to Crater Lake highway (2 blocks); North Beaty, from Central to Manzanita (4 blocks); West Sixth, from Fir to Oakdale (5 blocks); and possibly West Tenth, from Oakdale to Hamilton (6 blocks).

In explaining the apparent delay between the special election and receipt of the bond proceeds, Mr. Schade pointed out that much time is necessarily consumed adopting enabling ordinances and advertising for bids on the bonds as required by law.

Also, he said, time must be allowed for scrutiny of the bond issue by legal specialists to avert a subsequent question over legality of the issue.

"The council has proceeded as expeditiously as wisdom would permit," he stated.
