

A cordial invitation is extended to the public to attend the Circus Carnival on the Catholic Parish lawn, Sept. 14th and 15th. Cafeteria dinner will be served the first day from 5 to 7:30.

Owing to illness of E. D. Elwood, Optometrist, the services of Dr. C. L. Perkins of Portland have been secured to take charge of his practice. Dr. Perkins comes highly recommended and is qualified to take care of the refraction of children as well as adults, using the latest technique.

Sheffield plate articles have a silver coating on a copper base. In most other plated ware the base used is nickel.

**Scientific Zippy**

A nephew of Stanislaus Zyzko, former world champion, Young ("Zippy") Zyzko (above) will go to the post against Bobby Wagner of New Hampshire in the opening event at the Medford armory's weekly grappling card next Monday evening. Zippy is clean and scientific and considered an excellent match for Wagner, also an exceptionally clean worker.

**CLIMAX SEEN NEAR IN FIGHT BETWEEN TWO UNION GROUPS**

against the longshoremen. The two unions are at sword's point over which shall control the warehousemen, affiliated with the longshoremen.

The warehousemen and longshoremen were ousted from the San Francisco labor council by William Green, president of the American Federation of Labor.

A climax appeared near the dispute, which started here 10 days ago and then spread to Oakland as A.F.L. teamsters refused to handle shipments to or from the waterfront, stronghold of the C.I.O. longshoremen.

**Jurisdictional Feud**  
The crux of the fight is jurisdiction to organize warehousemen. The teamsters, claiming sole jurisdiction over all warehouse workers not directly on the waterfront, declare they will move no waterfront goods until warehousemen allegedly organized illegally by the longshoremen return to the A.F.L.

While continuance of stevedoring neared a stoppage on some docks because storage space was nearly gone, a spokesman for the Waterfront Employers' association said it might be several weeks before all activity would cease.

The spokesman explained that some goods was being loaded directly from ships into freight cars did not require handling by the teamsters.

**WILL ACT ALONE IF NECESSARY IS WORD AT PARLEY**

(Continued from Page One.)

Germany were not represented at the conference.

But, he added, this should not stop the conference in its "duty."  
Then the conference went into secret sessions.

**Meet Saturday**

After the secret session Litvinoff told the Associated Press that "agreement was reached on several points and another meeting will be held tomorrow."

Litvinoff started off this way: "Such a disgraceful phenomenon as piracy on the high seas—organized not in past ages by individual criminals, gangs or mutineers, but by the government of a European state—was bound to come to the world's attention."

Then he said this piracy had come from "submarines whose names had been painted over, whose national flag was concealed, whose crews wore disguised uniforms."

He shouted: "Only those states can avoid participation in this conference which can stand a intensive guaranteed against piracy—either because they organize it themselves as an instrument of national policy or because of their extreme intimacy with the pirates."
