BETTER BREAD Makes the Best Toast

WE just can't help but talk about the goodness of bread that's thoroughly baked—bread that is prepared exactly as you prepare it at home—bread without any of the new-fangled commercial tricks to impair its real home-flavor.

Try this—Make your Sunday morning toast with Home Purity Bread—serve it to the children with butter and jam and get their reaction.

Bread is your best food if pure and thoroughly baked.—Best for your health and best for real eating enjoyment.

Make the toast test and prove it.
Home Purity Bread is sold only at your Groceteria.

That BREAKFAST PROBLEM

HERE we are back to that breakfast problem again.—During vacation the children have slept late—have gotten out of the early breakfast habit—and don't care for breakfast when they get up early for school. They get hungry during the morning school session and poor grades result because hungry children cannot study.

Here is the way many mothers have solved this problem: Tempt the appetite with some unusual taste appeal.—Butterhorns—Cinnamon Rolls—Cherry Buns or any of the numerous breakfast dainties always available at our Bakery department.

Beside solving the difficult problem for you there is the matter of convenience.—Held warm in the oven—the family can be served as one by one they are ready for breakfast.

Try them Monday morning—Here is a good variety to start with. Every one chock full of "Groceteria Goodness."
