fact that that government must rely on foreign imports for most of its war materials.

In announcing at his press conference that he had received Ambassador Wang's protest, Hull said he had replied to the envoy that the president's action is a government order which speaks for itself.

Wang left the state department after a half hour conference with the secretary, obviously laboring under a nervous strain.

SHANGHAI, Sept. 17.—(AP)—Additional Japanese reinforcements for the halted drive against the Chinese defense line were reported today to have been landed on the lower reaches of the Yangtze river.

A Japanese spokesman declared the troops had already started advancing inland. This was taken to mean that a considerable body of Japanese had finally achieved a foothold on the Pootung coast where they are opposed by an estimated two divisions of Chinese.

Foreign military observers believed this foreboded an imminent major campaign for the Shanghai area on the south side of the Whangpoo river, which separates Pootung from the Shanghai delta where the major fighting so far has been.

The continued rainy weather, reducing visibility almost to zero, was holding up major operations in the sector. Sporadic air raids and artillery fire to the north where the new Chinese line has been established were the only operations in progress today.

SENATOR WHEELER JOINS CRITICS OF BLACK'S KKK LINK

again because I know he is honest and able.

Further support for Black came from the convention at Kansas City of the International Brotherhood of Bootmakers, Ship Builders, Workers and Helpers of America.

The 600 delegates unanimously adopted a resolution commending the justice and President Roosevelt after Edward Keating, editor of the magazine, "Labor," pressed Black as a friend of workers and farmers.

Bankhead Denies
The future created by published reports alleging Black was a life member of the Klan became so broad that Speaker Bankhead denied that he himself had ever been a Klansman.

Representative Fish (R., N. Y.) had hinted an inquiry might find several southern congressmen "on the Klan payroll or affiliated with the organization," adding:
"If the Klan affiliations are to be a test of public office, it might be well to find out the status of the speaker of the house."

Bankhead in his denial said he had offended Fish by refusing to appoint him to the New York world fair commission.

"I appointed Representative Wade, who represents the Republican party on the commission," said Bankhead. "Since then Mr. Fish has refused to speak to me, much to my gratification."

money, as ordered by congress, a heavy veil of secrecy has been cast.

The first quarterly allotment was due July 1. So far not a nickel has gone out, and vocational educators throughout the land, all geared up to start, have begun to get decidedly restive. Naturally, the schools which have planned the work and the teachers who expected to have jobs are being heard from.

But the real bombshell is expected shortly. The voters who were able to force congress to boost the original appropriation ten million dollars higher than the bureau of the budget recommended, are about to sound off unless an explanation is forthcoming.

There have been no official reasons given for the delay, though the excuse is offered in some quarters that it is due to "late vacations."

But somebody is going to be called upon to speak up soon or the budget bureau will have a flock of hopefuls under its desk—and the White House is located only a few hundred yards from that desk as the wasp flies.

Returned congressmen, who have been hearing from their constituents on their sins of omission and commission, have another blast in store for them.

This one is coming, though there haven't been any advance notices, from the big business men all up and down main street.

It has to do with the bill the senate passed and the house didn't which would limit all freight trains to seventy cars.

The railroads heaved a sigh of relief when this measure failed to get on the law books, and they are teaming up with the United States Chamber of Commerce to see that it never does.

A reduction in the number of freight cars was urged on the grounds of safety, but, say the railroads, "on the contrary."

They will argue: "Shorter trains more of 'em and more chance for accidents than ever." Also, more trains, more money. In fact, an additional million dollars' expense to the railroads.

This is where the chamber of commerce comes in. The business men are afraid that much of this extra cost will be passed on to them so they intend to get out a broadside as soon as the transportation committee of the U. S. chamber meets in Washington. It will echo the plaint of the railroads.

ASHLAND HIGH PLAYS WEED TEAM SATURDAY

With one practice game behind them—a scoreless tie with their alumni—Ashland high school's Grizzly football machine swings into official action tomorrow at Ashland against a reputedly strong Weed, Cal. aggregation.

Coch Coach ("Skeet") O'Connell, after two weeks of intensive drilling, will send a half-and-half eleven into the season's opener. The team consists of half veterans and half untried football fresh, with Steve Fowler, fullback, Charlie Warren, quarter, Carter, halfback, Roland Scheidreiter, center, and Jim Brady, guard, forming the nucleus around which this season's outfit is constructed.

MORNING PARADE WILL BE FEATURE OF DAY'S PROGRAM

year. They will be housed in city hall and four buildings on Front street.

Many New Features
With all organizations of the district co-operating to present the greatest fair in Gold Hill's history, many new features have been added to the program this year and something of interest to everyone is promised.

More than \$500 in premiums have been posted for winners in all departments. Cash prizes will go to first and second places and tags to third-place winners.

A coronation ceremony will be held for Queen June just prior to the big parade which is to start at 10 o'clock. The queen will be attended by four princesses, Mildred Smith, Sybil Walker, Gay Neeley and Dorothea Dunken.

The parade will be followed by a "surprise" wedding on the city hall lawn.

A complete sports program is to be held during the afternoon starting at 1 o'clock. There will be races and other contents for everyone who attends, cash prizes to be awarded in each division.

Polo Game at 2:30
At 2:30 interest will center on the baseball diamond, where a polo game will be played by Sams Valley and the Dodge riding academy. This will afford many their first chance to see such a game.

Another new feature this year will be the tug-of-war between the Gold Hill and Sams Valley Granges. This will be made a yearly event and the first team to win the contest three years in a row will be awarded a silver loving cup donated by A. A. Walker.

One of the main events on the fair calendar is the mammoth barbecue to be served at 6 o'clock at city hall.

Plans have been made to serve at least 3000 persons. The menu consists of barbecued beef, mashed potatoes, brown gravy, sandwiches and coffee. The barbecue is free. Diners are asked to bring their own table service.

Dancing will be held in the spacious Gold Hill pavilion from 9 to 2. Steve Whipple and his orchestra will start the music.

Fair Has Grown
Starting in 1935 with a small community event, the fair has grown

each year until now it rivals in size and entertainment the old Jackson county fete which it succeeded when they were abandoned.

All Rogue River valley residents are invited to spend the entire day at the fair. Benches are available for picnickers and lunch stands will be found on the grounds and on Front street.

The Grange

Griffin Creek Grange.

Griffin Creek Grange will meet Tuesday evening, September 21, and the master requests that all members who possibly can attend as there is a resolution to come before the house that concerns all.

H. E. C. chairman wishes everyone who did not have a birthday in this last quarter to bring a cake for the birthday party.
