

# Estes, Carter Top Armory Grappling Card Tonight in Re-Match

## FLASHY WORKERS WILL BE SEEN IN LONG-SOUGHT GO

Pogi and Wolfe to Demonstrate Meanie Technique in Middle Squabble — Trout, Wagner Open Bill

Wrestling, the clean and scientific kind, reaches an all-time Medford high tonight when Toots Estes, the flashy ex-champ of the Hawaiian Islands tangles with brilliant Marshall Carter, former wrestling instructor of the University of Missouri, in the main event at the armory.

Gorilla Pogi, husky and hairy Argentinian with a mean disposition, faces Les Wolfe, the terrible Texan, in the middle squabble and Sailor Dick Trout, the San Diego cleanie meets Bobby Wagner of New Hampshire in the opener. With the exception of the middle bout, all grappling tonight will be of the legitimate variety.

Full House Looms Because of the extreme local interest in the Estes-Carter main event, Promoter Mack Lillard warns all patrons to get to the scene of action as early as possible. He stated that he would not be surprised if it were standing room only. The two great grapplers were rematched from three weeks ago by popular demand, and the year's largest crowd is expected to attend. Lillard said today that advance ticket sales were the best in several months.

For straight grappling, Estes and Carter have no equal in southern Oregon and very few in the entire country. Three weeks ago they displayed what is generally considered the finest exhibition of honest-to-goodness mat work ever seen hereabouts. For 37 minutes the pair sloshed through hate and disgust but bring them back for more. Fans won't mind which leg his black knocked off, just so long as one of them does.

Meanies To Meet In direct contrast to the main event, Les Wolfe and Gorilla Pogi will stage one of those rip-tearing, foul-punching, eye-gouging affairs that send customers into spasms of hate and disgust but bring them back for more. Fans won't mind which leg his black knocked off, just so long as one of them does.

The opener between Sailor Trout and Bobby Wagner, both cleanies, is figured to be almost as fine an exhibition as the main event. Wagner, in the few weeks he has appeared locally, has proved he knows most all the answers, and Trout's record is well known.

HUNTERS THROUGH DEER HANGOUTS PORTLAND, Sept. 20.—(AP)—Red-hatted huntmen pitched camp in the widespread regions of the Oregon deer country today for the start of the annual season.

Heavy rains in the mule deer country of central Oregon drenched sections of the Ochoco, Deschutes, Malheur, Fremont and Rogue River national forests.

State officers and foresters estimated that the greatest number of hunters ever seen in the mid-state woods had already reached the deer country. Many sportsmen made camp last week, spending several days looking over the prospects.

Hunters from the west of the mountains, apparently preferring the mighty mules to the smaller blacktails, were numerous in the eastern districts.

The rains virtually eliminated forest fire hazards.

PASS GIVES DONS WIN OVER TEXANS SAN FRANCISCO, Sept. 20.—(AP)—St. Mary's university of Texas' football team and its transcontinental bus were en route home today after opening the 1937 football season in San Francisco by dropping a 7 to 0 decision to the University of San Francisco yesterday.

A 16-yard pass over the goal line by the Dons after repeated assaults on the Texas line had failed, gave them victory early in the fourth quarter.

The final quarter had barely started when Left Halfback Earl Bolstad of San Francisco dropped back and sent a high pass over the goal line, where it was collected by Walter Kodratz, substitute right half, despite the fact he was surrounded by defensive Texans.

The Texas team came to San Francisco from San Antonio in a bus driven by members of the squad.

## Will Shoot Works

Toots Estes (above), the sensational dronkik specialist, will fire at Marshall Carter in the main event at the Medford armory tonight. Toots is one down to the great ex-University of Missouri wrestling instructor and figures to shoot all in an attempt to even up.

Final and definite plans were made today for the Medford high school versus the alumni football game to be played at the stadium next Saturday afternoon.

Lloyd Hummick, appointed captain of the past Tigers stars, has requested that all alumni of the high school who want to play Saturday report for practice tomorrow afternoon at 5:30 o'clock at the high school field. Russ Acheson, assistant coach of this year's Black Tornado, has agreed to handle the alumni eleven.

TACOMA, SEATTLE VIE FOR PRO BALL TITLE TACOMA, Sept. 20.—(AP)—The Tacoma Tigers, newly crowned champions of the Western International league, will meet the Seattle Pacific Coast league Indians tonight and tomorrow night for the "professional" baseball championship of Washington, Idaho and British Columbia.

## Sport Graphs

Billy Hulen Says:

Wrist Watch for Most Valuable Tiger Footballer

Some highly deserving Medford high school football players are going to receive something more tangible than a letter and cheers from the rooting section for heroic work out there on the gridiron.

That was decided definitely last Saturday when Coach Bill Bowerman of the Tigers and Larry Schade, local jeweler and an honest-to-goodness sports fan, put their heads together. That something will be a beautiful wrist watch, donated by Schade to the most valuable player who is considered the most valuable to his team and inspiring to his teammates of all the Black Tornado performers. It may be a swivel-hipped halfback who, by his twisting payoff gallops and infectious victory-fire, leads his outfit to a successful season. Or, it may be an unassuming lineman, little noticed by the grandstand and almost forgotten in the general shuffle, whose great work is appreciated only by members of his team and his coaches.

The method of naming which of the Tiger players is most deserving of the honor has not yet been decided. Coach Bowerman plans to get in touch with Zell, a Portland jeweler who makes a similar award each year to the most valuable high school player in the metropolis, and will probably pattern the method of selection here after that used in Portland. Anyway, whoever wins the award and by whatever means he is selected, it is a fine gesture on the part of Larry Schade and a fine thing for football in Medford high.

It became a certainty yesterday that Portland's Beavers would not be seen in Medford this year in an exhibition game. By their double win over Oakland, the battling Ducks moved into fourth place in the Pacific Coast league standings and insured themselves a berth in the Shaughnessy playoffs, which start this week.

Portland, in case it didn't make the first division, was planning a barnstorming tour through Oregon, and attempts were being made by officials of the Medford Athletic association to bring Schefter's club here for an encounter. However, the idea is all washed up now, and local enthusiasts will have to wait another year before seeing a Coast league outfit in action. It is here suggested that negotiations be started, plenty early next season with Portland or some other league team for a battle on the fine turf diamond at the high school.

While on the subject of baseball, Wally Ricker announced yesterday that he would be unable to lead the Jackson county all-star nine into action against the Josephine county luminaries next Saturday and Sunday at the county fair grounds in Grants Pass.

Wally received word from his home office in Portland that a sales meeting would be in progress during those days, and his presence at said meeting was very much requested. So he will go to Portland instead of playing baseball Ricker stated that he would contact Leonard Hall in Ashland, this year's manager of the Lithians, and turn the managerial job over to him.

Curf scribblings: Ardo Stocks and Floyd Baker, two of Medford high's former football greats, turned out for practice at Willamette university last week. Stocks will attempt to grab the center berth and Baker a guard post. Ray Lewis, last year a sweet halfback for the Tigers until he was injured, is attending Washington State college. Football.

Bob Hinman, another ex-Medford pigskinmer, is working for Copco near Dunsmuir this fall and won't return to Oregon, where he saw action at end last season. He plans to appear at either Santa Clara or University of California next year to take up electrical engineering and play some football. He weighs over 200 now and is really getting in condition.

Regardless of their 12-0 setback at the hands of Weed last Saturday, we understand that it wouldn't be wise to sell Sleet O'Connell's Ashland high Grizzlies too darn about this season. The information comes from Bill Bowerman, Medford member, himself, who scouted the Lithia city aggregation in person. Bill said that, although looking ragged, the Ashlanders were certain to start rolling before the season was over.

They have the material, he said, to develop into a tough ball club. And there is Coach Bowerman's own answer as to why in heck he went out and produced that "sudden death" football schedule for his charges. Some of the boys were talking over the other day and remarking about coaches who, when they foresee a great team for themselves, play it safe and hand-pick their opponents to assure an undefeated season. Not being constructed like that, Bill came up with the following:

"When you think you've got a good ball team, you might as well go out and find out who else has one."

## New Tennis Star Shines

Blond Dorothy May Bundy (above), 21, of Santa Monica, Cal., furnished the biggest upset in the National Women's Singles championship at Forest Hills, N. Y., when she defeated champion Alice Marble in the quarter finals. She is the daughter of two former champions, Tom and May Sutton Bundy.

## BEAVERS MEET SEALS IN LEAGUE PLAYOFFS

After a week of upsetting baseball the Portland Beavers were southbound for San Francisco and San Diego was headed for Sacramento today with the first games of the Shaughnessy playoffs to decide the 1937 Pacific Coast league baseball championship listed for Tuesday.

Only two teams today held the same positions they were in a week ago. Sacramento started the week in the top spot and finished there \$2000 richer. The Missions remained in the cellar although they administered a sound trouncing to the San Diego Padres, taking five out of seven and forcing them into third place.

## CCC BOYS ERADICATE BLISTER RUST CAUSE

CRATER LAKE NATIONAL PARK Ore., Sept. 16.—(Spl.)—Eradication of ribes of currant bushes on 1200 acres of park lands as a blister rust control measure was completed this week by Camp Wingless CCC enrollees.

The work was carried on as a preventive measure against the spread of the tree disease, which has made inroads in some northwestern forests.

A crew of 20 enrollees spent 500 man days in the removal of 123,000 currant bushes, most of which were removed from the Cloudcap section of the park near the east rim of the lake. The park has been free of blister rust, and with the work just completed, healthy forests, as far as this disease is concerned, are assured for sometime to come.

The eradication of the currant bushes eliminates spread of the disease from tree to bush and bush to tree.

Purists on Tree Name HONOLULU, O.—(UP)—University education has put Honolulu into a hubbub over the pronunciation of the name of a local tree. Dr. W. Norwood Brigrance of the Hawaiian university insists the name of the species "aloha" be pronounced with the "a" as in "go". The students prefer the common pronunciation of "al-ju-robe-uh". A local Solomon has suggested adoption of the original Hawaiian name, "kwee."

Shaw, a waitress, received a letter from Arlington, N. J., containing a 25-cent piece. "For the girl who waited on me July 29 and whom I forgot to tip," the sender explained.

Leaves Big Family WINTERSTOWN, Pa.—(UP)—Mrs. Julia Waltermeyer, 87, who died recently at her home here, left 187 direct descendants. Relatives included 10 children, 63 grandchildren, 92 great-grandchildren and two great-great-grandchildren.

## GIANTS AND CUBS TO SETTLE FEUD IN COMING WEEK

Associated Press Sports Writer To a lot of people, this is only the time to get ready for the end-of-the-month bills, but to big league baseball, it looks like the week for which everything has been headed since the "play ball" signal back in April.

Unless all signs are pointed backward, before the week runs out the Yankees will have clinched the American league pennant, and the Giants and Cubs will either have settled the National league squabble or given definite indication as to just what Mr. Gus Fan can expect.

From the senior circuit standpoint, New York's Giants and Chicago's bolstered Cubs, who are, at the moment, 2½ games apart in that order, go to work on each other's throats in a series starting tomorrow. From their three-game fuse, either the Giants will stagger all but "in" with the pennant, or the Cubs will wallop their way to a fight down to the tape.

Over in the rival loop, meantime, the Yankees, with a 10½ game lead, only need any combination of five victories or five Detroit defeats, or a collection of the two, mathematically to eliminate the Tigers and nail the flag to their mast for another year.

## PACKERS BOW TO CHICAGO, 14 TO 2

CHICAGO, Sept. 20.—(AP)—The 1937 football season, if the Green Bay Packers' record is an indication, is going to be rough on champions.

The Packers, who won the National football league championship in 1936, lost their second game in as many starts yesterday, dropping a 14 to 2 decision to the Chicago Bears before 16,698 spectators. The Packers lost their opener to Chicago's Cardinals.

Pittsburgh and Detroit went to undisputed leads in the eastern and western sections, respectively, by downing Brooklyn and Chicago's Cardinals. Pittsburgh whipped Brooklyn 21 to 6, moving both on the ground and through the air in three quick drives as 18,000 fans looked on.

To dry the children's woolen articles put them on a clean cloth and put the electric fan near them. Turn the garments frequently.

## BRITAIN CREDITS POSTAL PROFITS TO ADVERTISING

BRIGHTON, Eng.—(UP)—Great Britain's postoffice, one of the most progressive and rapidly expanding businesses in the country, owes most of its success to press advertising.

Major Tyrone, postmaster-general, told the Empire Advertising convention here.

Press advertising continues to be a main and effective plank in our program," he said. "Judged by results, it has amply repaid us."

"It was confined at first to the telephone service, but now has been employed for other branches of post-office activities. Use of advertising for telegrams and telephones has considerably increased the public response to reductions in charge.

"With the aid of advertising, telephone development has made unprecedented progress. During the last 12 months more than 250,000 telephones were installed, a figure never previously approached in the history of the telephone in this country. This in turn has brought about a real improvement in employment.

"Soon we shall begin a further newspaper advertising campaign in connection with the inauguration of the first part of the Empire airmail scheme.

"I think I have told you enough to show that we fully realize the importance of advertising to a great business organization."

Rattle Teaching SACRAMENTO, Cal.—(UP)—California's public is to be educated up to what a rattlesnake's rattle sounds like. C. L. Sarvey, chairman of the Sacramento Red Cross, has perfected an apparatus whereby by pushing an electric button a set of rattles can be made to start and the sound amplified by a broadcaster.

# IT'S IN THE NEWS!

THERE are two classes of news in these columns every day: (1) Interesting stories about events all over the world; and (2) The advertisements. Yes, the advertisements are news, and in many ways the most important of all, because they affect you more directly and personally than any other.

A new and better method of refrigeration is devised—and you learn about it through advertisements. Improvements are added to automobiles which make them safer than ever—again advertisements carry the story. Styles change in clothing—and advertisements rush the news to your doorstep. A manufacturer finds a way to lower the price on his products—he advertises to tell you about the savings.

You'll find that it pays to follow this news every day. Reading the advertisements is the sure way to keep abreast of the world . . . to learn of new comforts and conveniences . . . to get full money's worth for every dollar you spend.
