length on the science and mechanics of playing a pinball machine, but laid no personal claim to skill.

Five other defense witnesses, Dale Franklin, E. B. Bigelow, John Winterhalter, A. G. Skidmore and Howard Bole, testified, in their opinion, pinball games were "games of skill."

Many of the 15 witnesses so far called, stepped down from the witness stand to give exhibitions of their ability on the impounded device.

Mrs. Elizabeth Turnbaugh, 60, courthouse employee, who had never played a pinball machine before, landed in the 50-cent hole, and for smaller sums, in her test shots.

Closing arguments in the case were scheduled to start this morning, and it was forecast the case would be in the hands of the jury late this afternoon.

WALSH SAYS BLACK GUILTY DECEPTION

WORCESTER, Mass., Sept. 22.—(AP)—Senator David I. Walsh (D), of Massachusetts, today declared Justice Hugo L. Black of Alabama, by not "discussing his previous membership to the Ku Klux Klan," had obtained his elevation to the supreme court "by deception."

By his silence, Walsh contended, Black had grossly imposed on President Roosevelt and his colleagues, even before his confirmation.

Walsh said any impeachment proceedings would have to originate in the house, and expressed the opinion the most feasible way in which Black could be eliminated would be for the president to obtain his resignation.

ARE YOU ONLY A THREE-QUARTER WIFE?

THERE are certain things a woman has to put up with and be a good sport.

Men, because they are men, can never understand a three-quarter wife—a wife who is all love and kindness three weeks in a month and a hell cat the rest of the time.

No matter how loudly you scream—don't take it out on your husband.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three decades of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go "Smiling Through."

ing seven women, were endangered by the bombardments and the screen of fire raised by Chinese anti-aircraft batteries against the raiders.

Bomb City's Center

Despite American and British protests against bombardment of civilian populations and private property, the most densely populated section of the city was attacked, including the new residential district, where the American, Italian, German and Netherlands embassies or legations and the homes of virtually all American and foreign residents are situated.

Thirty sections of the capital were bombed, with an average of three bombs for each spot. The stations of two of China's most important railways, the Shanghai-Nanking and Tientsin-Pukow lines, were bombed.

TOKYO, Sept. 22.—(AP)—Japan today expressed her regret for the wounding of the British ambassador to China in an aerial attack outside Shanghai, and British quarters said the note met demands for apology and assurance that such incidents would not again occur.

The British demand for punishment of the aviators who machine-gunned the ambassador, Sir Hugh Knatchbull-Hugessen, on August 24, was, however, answered ambiguously, the British said.

The note on this point observed: "It is needless to say that the Japanese government will take suitable steps, whenever it is established that intentionally, or through negligence, the nationals belonging to a third country."

HONGKONG, Sept. 22.—(AP)—Three hundred lives were feared lost at Canton today in a series of devastating raids by Japanese bombing planes.

The fourth attack of the day and the sixth within 24 hours came in mid-afternoon. Estimates of the toll in lives and property—all unofficial—mounted hourly.

Foreign eye witnesses told of piles of bodies, most of them civilians, in the streets of the southern Chinese metropolis. (Official comment on the havoc wrought by the raiders was lacking.)

The Japanese airmen apparently were trying to crush the morale of the Canton populace. Railway facilities were taxed by throngs trying to flee the city.

Foreign observers described the scene at the Canton railway station. Fear-crazed men, women and children sought safety under two trains standing near the station. The trains were rocked by nearby blasts while the refugees huddled under them.

Six fires sprang up in the wake of the third onslaught in which nine large warcraft dove and wheeled above the city for an hour this afternoon, dumping great cargoes of explosives.

VANDBERG STEPS OUT. Sen. Arthur H. Vandenberg (R-Mich.), often mentioned as a possible presidential nominee, created the newest congressional stir. He proposed to place the senate on record against a recess appointment to fill the supreme court vacancy.

DENHARDT'S SLAYERS CLAIM SELF-DEFENSE

SHELBYVILLE, Ky., Sept. 22.—(AP)—The three Garr brothers, who wrote another bloody chapter in the Denhardt-Taylor case—a story that began with romance and wound up with bullets—prepared today to seek freedom from jail on bond.

The trio—Jack, Roy and Dr. E. S. Garr—charged with slaying Brig. Gen. Henry H. Denhardt, who, the commonwealth contended, killed the Garrs' sister, comely Verna Garr Taylor, will claim self defense, it was indicated by their attorney, J. Ballard Clark of La Grange.

KLAMATH FALLS, Sept. 22.—(AP)—Celebration of Indian payday Tuesday landed 18 braves and squaws in the city jail on liquor charges and enriched police court coffers by more than \$250.

Members of the Klamath tribe receive per capita payments ranging from \$100 upward twice annually from the proceeds of reservation timber sales. The current payment was \$150.

Wall St. Report

NEW YORK, Sept. 22.—(AP)—Many stocks extended the recovery move of the previous session in today's market, but most found the going slow and beset with profit selling difficulties.

It was an "up-and-down" day, with leaders ahead fractions to 2 or more points one minute and unchanged to lower shortly afterward. There were numerous wide gaps between bids and offers.

Bombing of Nanking by the Japanese, brokers said, chilled the buying urge of some customers who were apprehensive of international complications in the event embassies in the Chinese capital are damaged and foreign lives lost.

Transfers were around 800,000 shares.
