Miss Martin Is September Bride

Announcement has been made of the marriage of Miss Evelyn Martin, daughter of Mr. and Mrs. Wilbur Martin, of Gold Hill, and Mr. John North on Tuesday evening, September 14 at the Gold Hill grange hall.

Rev. N. D. Woods, retired South Methodist minister, of Medford, read the service under an arch of beautiful flowers, ferns and greenery, lighted by many tapers, from which a wedding bell hung.

The bride, who was given in marriage by her father, wore a pale blue tulle gown. Her veil of tulle fell from a simple coronet held by orange blossoms. She carried a bouquet of lilies of the valley, bridal wreath and roses.

Mrs. Gladys Stone, cousin of the bride, was matron of honor, Miss Vernice Martin was her sister's maid of honor, and Miss Sylvia Croft was bridesmaid. All wore ankle-length gowns in pastel shades over matching satin slips and pale yellow flowers in their hair. They carried nosegays of mixed flowers.

Applegate Man Long Mute Suddenly Regains Tongue

GRANTS PASS, Sept. 24.—(P)—Emil Moore of Murphy, who regained his voice September 1 after over six years of being completely mute, came out of the Applegate hills today where he prospects for gold, to say "It's a long time without saying anything. And I like to talk."

Twenty years ago, when Moore was in army training camp at Fort Sill, Okla., he suffered an accident which injured his spine, broke his collar bone and shoulder bone, and took him out of the service. On June 15, 1911—Moore remembers the date well—he had a stroke which temporarily drew his mouth out of shape.

"I couldn't talk. After that time, I couldn't even make a whisper. I tried for over six years, practicing, trying to speak. I learned to talk on my hands, but I kept trying to get my voice back."

"Doctors at Grants Pass, Medford, and the veterans hospital at Roseburg could do nothing," Moore said. "But I kept trying. Then on the first of this month, while I was out prospecting alone, I had a coughing spell. I coughed up eight pieces of bone about the size of a toothpick and about half an inch long."

"Then I could talk."

"I don't know what I said first. I wanted to talk. I talked to myself. I wanted others to hear me. I was so happy. I can't remember now whether or not I talked to somebody else before I went home and surprised my wife."

"Bone splinters came up for several days. My voice is strengthening. I hope there are no more splinters. Six years is a mighty long time."

'DOMESTIC' FUSS DISTURBS FIELDS

HOLLYWOOD, Sept. 24.—(AP)—Two police officers twice visited the Bel-Air mansion of W. C. Fields, the film comedian, early today to settle what they orally reported was a case of "domestic trouble."

Satisfied, Officers Earl Case and P. C. Stebbins turned their attention to other matters, but newspapermen telephoning the Fields residence later were treated to conflicting versions by two different voices speaking on the same wire.

The officers said Fields called them the first time, reporting his sleep had been disturbed by an argument between his secretary, dark-haired Corletta Monti, a former actress, and his butler, name not given.

The officers returned a second time at the request of Miss Monti. She has been employed by the comedian for several years.

'CALLING ALL CARS!' BULLDOG IN MANHOLE

DALLAS, Tex., Sept. 24.—(AP)—Bama, a Boston bulldog, fell into a manhole. While two patrolmen, summoned by Bama's owner, were on their hands and knees trying to retrieve the dog their radio squawked unintelligibly. They dashed to a telephone three blocks away.

"There's a baby down a manhole," headquarters told them.

"It's a bulldog," the officers snorted.

They returned to the rescue and found three police squad cars, some fire apparatus and 1,000 spectators.

Bama was saved.

PORTLAND, Sept. 24.—(AP)—A circuit court jury acquitted Jesse McDonald, 37, negro, last night of a second degree murder charge in connection with the death of Theodor R. Mullen, negro, last July. Mullen died of knife wounds McDonald said were inflicted in self-defense.

CHANGE IN S. P. FENCE URGED TO SAVE DEER

KLAMATH FALLS, Sept. 24.—(AP)—Removal of the top wire from the right-of-way on the Southern Pacific's Altura line and fastening of metal or wooden strips on the other wire will be proposed tomorrow at a wildlife conference scheduled for Hackamore, Calif., as a means of reducing deer deaths along the S. P. tracks in the lava beds country of northern California.

Hundreds of deer were reported slaughtered last winter when, frightened by trains, they leaped into the fences, breaking bones and cutting themselves to ribbons. Wildlife experts claim that, if the top strand is removed and others clearly marked, the animals will be able to see the fence and jump over it.

SEATTLE, Sept. 24.—(AP)—An increase in shipments of British Columbia lumber to the United States and Alaska from 6,538,837 feet in August, 1936 to 13,431,349 in August this year, was reported today by the West Coast Lumbermen's association.

BRITAIN READY FOR INTERVENTION TALK

By the Associated Press

Britain is ready to discuss with France and Italy the problem of intervention in Spain's civil war, the decision following close upon Italy's apparent willingness to ban further volunteer enlistments in the insurgent army.

The British charge d'affaires in Rome was instructed to inform Italian Foreign Minister Count Galeazzo Ciano, that:

His majesty's government is in "full agreement with the proposal of Monsieur Delbos (French foreign minister) that steps should be taken by means of tri-partite discussions between the British, French and Italian governments to deal with the problem of intervention in Spain."

NEW YORK, Sept. 24.—(AP) William M. Jeffers was formally elected president of the Union Pacific railroad system today. Announcement of his promotion from executive vice-presidency to the top executive position as successor to the veteran Carl R. Gray was made last April.

MORE DOLLARS FLOW TO FARMERS POCKETS

WASHINGTON, Sept. 24.—(P)—Federal marketing experts predicted today an increasing flow of dollars to the American farmer in the next four months would push his cash income this year to \$9,000,000,000.

The bureau of agricultural economics estimated cash farm income for the first eight months at \$5,358,000,000, a gain of \$681,000,000 or about 15 percent over the same period last year.

August income, the latest tabulated, was estimated at \$771,000,000, compared with \$646,000,000 in August last year.

STOCK DIP DELAYING FARLEY RESIGNATION

NEW YORK, Sept. 24.—(P)—James A. Farley's resignation as postmaster general and his acceptance of the presidency of the Pierce-Arrow Motor corporation, it was understood in informed circles today, has been delayed by the current decline in securities and the preparation of a SEC registration statement for a new issue of Pierce-Arrow stock.

So far as can be learned, no definite time has been set for either the filing of the registration statement or the cabinet resignation.

It was understood Farley's resignation, when it does come, will be announced by President Roosevelt.

CHINESE MAIDS SELL FLOWERS FOR RELIEF

PORTLAND, Sept. 24.—(AP)—Flowers for China sold rapidly on the streets here today as Chinese girls broke tradition and sought public aid with paper buds. Previous emergencies have been met with solicitations in Chinatown.

Funds from the sale will be forwarded to China and used in relieving suffering of civilians caught in the armed struggle, the Chinese girls' club and Chinese Girl Reserves, directing the sale, said.

CLEVELAND.—(UP)—Patrolman Laco Floyd, custodian of automobiles parked in rear of city hall, has appointed himself keeper of the city hall sparrows, sharing his lunch with nearly 100 birds—all regular "customers."

BRAVE GIRL BEATS GRIM DEATH WHEN PARACHUTE TEARS

BLACKSTONE, Va., Sept. 24.—(A)—Pretty 17-year-old Gloria Allen "pedaled" and prayed her way back from a professional parachute jumper's death when her chute ripped at 1700 feet yesterday.

She came through it, game and alive, with two broken legs, to the amazement of several thousand frightened fair goers.

As the Batavia, N. Y., high school girl detached herself from a balloon over the Blackstone Five County exposition, the frail fabric of the chute snagged somehow on clothes hanging from the balloon with sister Florence, 15.

The cloth tore from side to center and the girl dropped like a rock, the parachute fluttering behind.

Desperately, she churned her legs and mangled at 'chute cords to bring herself under the ripping silk which meant life.

The air caught it, bellied it open and she floated downward.

Again it gave way; again she fell. Hundreds of feet below on the ground, her pale-faced father, William Allen, shouted the instructions he had given her before they started soaring with the show. Several women fainted and men clinched their fists, some afraid to look.

But Gloria was praying and working, too.

"She fought with her legs as if riding a bicycle, and five times maneuvered under the parachute to block her fall," said A. F. Muddins, publisher of Blackstone Courier-Recorder weekly and fair president.

Twelve feet or more from deep grass in a Blackstone town lot, the chute collapsed the last time, she fell again, breaking both legs and her left foot.

She spoke gamely as they rushed her to a doctor's office.

"I wasn't afraid of being killed," she said. "I prayed all the way down. I knew I would be hurt, but I have faith."
