

POWER PROGRAM IS DEFENDED IN SPEECH AT DAM

(Continued from Page One.)

Aid Smaller Communities.
After predicting that every community in the Columbia basin would be wholly electrified in the not far distant future, he added:
"It is because I am thinking of the nation and the region 50 years from now that I venture the further prophecy that as time passes we will do everything in our power to encourage the building up of the smaller communities of the United States."

"Today many people are beginning to realize that there is inherent weakness in cities which become too large and inherent strength in a wider geographical distribution of population.
"An over-large city inevitably meets problems caused by over-size. Real estate values and rents become too high; the time consumed in going from one's home to one's work and back again becomes excessive; congestion of streets and other transportation problems arise; truck gardens disappear because the backyard is too small; the cost of living of the average family rises far too high."

The president said there was "doubtless a reasonable balance in all of this and it is a balance which ought to be given more and more study."

Depend on Communities.
No one would suggest, he said, that the great cities of Portland, Tacoma, Seattle and Spokane should stop their growth, but he added it was a fact that "they could grow unhealthily at the expense of all the smaller communities of which they form logical centers."

Their healthiest growth depends on a simultaneous healthy growth of every smaller community within a radius of hundreds of miles, he asserted.
Declaring better land use and water conservation were matters of "national concern," he said if the government had the knowledge many years ago it now has and the willingness to act, it would have saved the taxpayers in the last few years "at least two billion dollars."

He said this would have been done by avoiding the planting of vast areas that should have been kept in grazing, preventing overgrazing, checking soil erosion and denudation of forests and controlling disastrous fires.

Family on Stand
Beside the president on the platform was Mrs. Roosevelt to the right, grandchildren and the president's daughter, Mrs. John Beutlinger, were to either side.
Governor Charles Martin also was nearby on the low but deep platform, extending back 50 feet and accommodating many persons.

Also near the president as he spoke were Colonel Watson, his military aide, and his bodyguards.

By 7:30 a. m. all seats in the grandstand built to accommodate 700 persons were taken and thousands were standing, awaiting appearance of the president from his special train to begin an inspection tour of the dam. The dedication speech began at 9:20 a. m. The president shook hands with a few persons as the platform ceremonies were completed. Then, on Colonel Watson's arm, he walked down the ramp to the waiting automobile in which he rode through Bonneville and around the dam.

Democratic leaders of Oregon and Washington were received in the president's private car at 9:05 a. m. Handshakes and warm conversation marked the meetings with E. J. Orloff, Oregon WPA administrator; Howard Latourette, Democratic committeeman; Mrs. Emily Edson, Democratic national committeewoman; Governor and Mrs. Charles Martin; Mrs. Nan Wood Honeyman, Oregon congresswoman; C. J. Buck, regional forester; Major General George B. McDonalds of San Francisco; Major General George Marshall, commander of Vancouver Barracks; Congressman Walter M. Pierce, La Grande; Senator Charles L. McNary; B. P. Irvine, editor emeritus of the Portland Journal; Col. T. M. Robins, Congressman P.

Aimee Floored By Shock from Mike; Recovers Quickly

LOS ANGELES, Sept. 28.—(AP)—Evangelist Aimee Semple McPherson was floored by a microphone last night, but she didn't take the count.
As the blonde pastor finished broadcasting a sermon from Angelus Temple, she caught the microphone in her perspiring hands. It was "hot" with a charge of electricity. Mrs. McPherson was knocked from her feet.
Without loss of time, she got up again and began leading a song.

Smith of Hoquiam, Wash.; Senator Lewis Schwelienbach of Washington. Inspects Dam
After the speech the president was driven to the dam. Accompanied by Major General Edward Markham, chief of army engineers, he was taken first into the massive power plant capable of ultimate generation of 580,000 horsepower.

He also got a glimpse of the salmon fish ladders as he rode from the power house over Bradford Island to the Oregon end of the 170-foot dam. Several pauses were made as the army engineer chief explained the various units of the completed structure.
The president started a motor trip to Timberline lodge, half way up 11,263-foot Mt. Hood, where he was to have lunch and make a brief talk.

CHEST DRIVE DUE ABOUT OCTOBER 15

Annual drive of the Medford Community Chest will open about the middle of October and last three days, it was decided last night at a meeting of the budget committee held in the Medford branch of the First National Bank of Portland. No goal has been set to date pending the budgets yet to be submitted by the Girl Scouts, Jackson County Public Health association and the Salvation Army.

Budgets were submitted and discussed last night by B. E. Harder, representing the Red Cross, Larry Schade, representing the Boy Scouts, and Mrs. Dolph Phillips, representing the Girls' Community club.
Eugene Thorndike presided. He is president of the Community Chest. Those attending were M. N. Hogan, chairman of the executive finance committee, for the 1937-38 campaign; Raymond Reter, Mrs. David Rosenberg, Mrs. I. E. Schuler, W. T. Stewart, Roland Hubbard, Dwight L. Houghton, Dr. J. C. Hayes, M. D. Field, Coyl Briggs, Jack Spaulding, Mrs. W. H. Fluhrer, Glen L. Jackson, Ernest Scott, campaign manager, and Ruth Meusel, secretary of the Community Chest.

ZONTA WILL BACK CONCERT SERIES

The Medford Zonta club will sponsor three concerts to be given by the Medford Junior Symphony. It was announced at the regular luncheon meeting of the organization Monday at the Medford hotel. Mrs. Ethelwyn B. Hoffmann reported on the progress made by the committee in charge of the concerts which are to be held in the high school auditorium, dates to be arranged later. John R. Knight is director of the symphony.
Mrs. Margaret Fabrick, president in charge of yesterday's meeting, urged all members to attend the fall district conference at Everett, Wash., October 8 and 9.
Mrs. Grace Holmes gave an interesting talk on the subject "Women in Insurance." Origin and benefits of insurance were clearly outlined in her discussion. Date of the next meeting was announced as October 11.

OUTSTANDING 4-H BOY AND GIRL ARE CHOSEN FOR TRIP

Selected as the outstanding 4-H club boy and girl in Jackson county, September 27, by a local judging committee, Olive Davis of Table Rock and Melvin Poyer, Ashland, will go to Portland next week as guests of the First National bank of Portland, for three days during the Pacific International Livestock Exposition. They were declared winners from this county in the second annual 4-H club achievement and leadership contest sponsored by the Portland institution among 19,000 club members in Oregon.

Two winners from every county in the state are being announced this week through H. C. Seymour, state club director, in charge of judging and awards. The 72 county winners, together with two from the city of Portland, will convene in Portland, October 4, 5 and 6. Increased interest and personal achievement among members have made this year's choice a difficult task, according to the judging committee, composed of Eugene Thorndike, manager of the Medford branch bank; C. R. Bowman, county school superintendent, and C. D. Conrad, county club agent.

Miss Davis, member of Table Rock 4-H club, directed by Mrs. Brennechois, Mrs. Myers and Miss Davis' sister, was announced winner among girls for her work in clothing, cooking, canning, room improvement, chickens, gardening and rabbits.
During seven years of club work she has carried 28 projects and completed every one. Her cash awards during the seven years have totaled \$57.90.

In recognition of his activity in livestock projects, including dairy, pigs, goats, rabbits, chickens, sheep, pigeons and corn for the past eight years, Poyer was chosen from among boys of this county. He is a member of Bellevue 4-H clubs, of which Richard C. Joy is leader.
Awards include transportation and all other expenses during the Portland visit which is being arranged by Walter H. Brown, assistant vice-president of the First National bank of Portland. Miss Bertha Singer of the bank staff will act as chaperon with Mr. Brown. The 74 guests will follow a three-day program including attendance at the Pacific International Exposition, eight-seeing tours of Portland, an evening at the Horse Show, special banquets and a dance.
Mr. Thorndike, manager of the Medford branch of the First National bank of Portland, states that every detail of the visit has been arranged by the bank to insure complete comfort and safety of its 4-H guests.

"We consider it a privilege to honor these young people who are already proving themselves exceptional in character and leadership through the fine 4-H movement," he added.

Saves Golfers' Nerves
CLEVELAND (UP)—The steel framework of a two-story building under construction for the Lincoln Electric company is being put together entirely by electric welding instead of by riveting. Golfers nearby have seen 1,314 tons of steel erected without a single jar to their nerves.

1600 MEN ADDED TO JURISDICTION OF LOCAL OFFICE

(Continued from Page One.)
all camps formerly in the Redding district. Also, that merchants in Redding and other cities would be allowed to bid on supplies for the entire district.
At present, the Medford district embraces approximately 40,000 square miles. By this transfer of most of the Redding district, the local district will be increased to a rough 52,000 square miles of territory in Oregon and northern California. The district's northernmost boundary will be about 35 miles south of Eugene, its easternmost stretching approximately 40 miles into Nevada, its southernmost approximately 12 miles north of Red Bluff, Cal., and its westernmost, the Pacific ocean.

The Medford district was established May 13, 1933, largely through the efforts of the Jackson County Chamber of Commerce. Since then, the district has been increased in size two times. First, it was the Eugene district that was discontinued and all camps transferred to Medford. Following that, the Eureka, Cal., district was dissolved and its camps transferred to the Medford district.

HEALTH ASSN. TO MEET THURSDAY

The Jackson County Public Health association is to meet Thursday afternoon in the county court house auditorium at 2 o'clock for the bi-monthly session. Miss Elizabeth McGalliard, Medford city health nurse, and Miss Mary Ellen Bell, a county health nurse, will relate their experiences in the Henry settlement in New York City.
A short conference of community group chairmen and educational chairman is slated following the regular meeting and all members of those groups are especially requested to be present.
Miss Mildred Carlton, president of the association announces all future bi-monthly meetings of the group will be held the last Thursday of the month.

WILLIAM VIMONT PASSES SUDDENLY

Funeral services for the Rev. William Vimont, 70, long a resident of Jackson county, will be held at the graveside of Stearns cemetery in Talent, tomorrow afternoon at 3:30 o'clock. The Rev. Vimont died suddenly last night at 6:10, of what is believed to have been an acute heart attack. County Coroner Frank Perl said an

autopsy would be held this evening to make certain the actual cause of death.
Of later years, the Rev. Vimont had been employed by a clothing concern, and it was while waiting in the outside office of Dr. Harvey E. Miller in the Liberty building last night that he suffered the heart attack. The Rev. Vimont had gone to the office to talk to Dr. Miller about a new suit of clothing, and as Dr. Miller was busy at the time, Rev. Vimont was asked to wait. Death came as he sat on aavenport talking to the office girl.
The Rev. Vimont is survived by his wife, Mrs. Bertha O. Vimont, and one son, W. H. Vimont of Grants Pass. With his wife, he resided at the Grand hotel here, and was well known throughout all southern Oregon, where he built up a large list of customers and friends.

Livestock

Portland, Ore., Sept. 28.—(AP)—(AP-USA)—HOGS 300; market active. Mostly steady; good-choice 165-210 lb. drivains, \$11.15-25; carload lots quotable to \$11.50; 225-270 lb. \$10.50-75; light lights, \$10.50-75; slaughter pigs down to \$10; packing sows, \$8.75-9; feeder pigs quotable up to \$10.75.

Wall St. Report

NEW YORK, Sept. 28.—(AP)—Specialists held the advancing line-light in today's stock market while some leaders were kept in the background by profit selling.
The list had its ups and downs throughout, but prices generally pointed upward. Gains running to 2 points at the opening were cancelled in many cases later. There were subsequent recoveries and several favorites climbed as much as 7 at the best.
Trading volume was considerably under the day before, transfers approximating 1,400,000 shares.
