O'MAHONEY TO PROBE HAWAII PEONAGE CHARGES SENSATIONAL DATA GAINED BY WYOMING SENATOR SUGAR INTERESTS ALLEGED TO CONTROL GOVERNMENT COLLECTIVE BARGAINING HELD DENIED WORKERS

WASHINGTON, Sept. 29.—Among the ten senators, fourteen representatives, nineteen wives and seventeen children who sail for Hawaii on October 1, to make a "survey" of conditions "pertinent to the welfare of the islands," is Senator O'Mahoney of Wyoming.

And if the senator pursues the avowed purpose he privately admitted when he left Washington, he may be no more welcome in the land of the hula-hula, the lei and the ukulele than he was on the presidential train.

For Senator O'Mahoney has in his possession some highly explosive documents purporting to describe conditions which wouldn't be mentioned in literature for tourist or employment bureaus.

They contain a series of charges touching on the industrial and political situation in the islands and data on labor conditions. The latter, the senators say, if true, mean that a state of peonage exists there.

The gentleman from Wyoming has made it clear that his sole reason for embarking on this otherwise jolly junket is to look behind the scenes.

If what he sees warrants it, he'll recommend a congressional investigation with hearings in Washington.

Of course, sugar is back of it all. The battle over the bill regulating the amount of importations from outside the United States mainland isn't over. Senator O'Mahoney represents a state whose beetles compete with Hawaii's cane.

Nevertheless, when the department of interior was fighting for larger imports from the islands, Senator O'Mahoney agreed to a sliding scale, increasing importations over a period of years, but stipulating that labor standards there meet those of the mainland. Later, he asserted his labor standards clause was nullified and hence he withdrew his support from the department's plan.

Now he is going over to see for himself about those labor standards.

NEW JUDGE HINTS STATEMENT SOON ON KU KLUX ISSUE

Justice Home From European Trip Refuses to Break Month Long Silence On KKK Membership Charge

WASHINGTON, Sept. 29.—(AP)—Although Hugo L. Black, returning from Europe today, has not yet performed any official duty as a supreme court justice, he will have received \$2,333.32 of court pay by midnight tomorrow.

His salary starts August 19 when he took the oath of office. Supreme court justices receive \$20,000 a year.

NORFOLK, Va., Sept. 29.—(P)—Hugo L. Black arrived from Europe today apparently planning to begin immediately his duties as an associate justice of the supreme court.

He maintained the silence which he refused to break during his month-long visit in England and France, with regard to charges that he once received a life membership in the Ku Klux Klan.

He made two things clear, however. One was that he was going to Washington immediately, presumably to take his place on the court, which holds its first meeting of the fall term next Monday. The other was that he might yet make some statement, possibly over the radio, about the Klan issue.

Address Washington That he would take his seat seemed assured when he told newsmen at the conclusion of an interview that they could reach him thereafter in Washington, "probably in my office in the supreme court building."

Mrs. Black gave a further inkling of the nature of the justice's plans when she said her first job in Washington would be house-hunting.

Questioned by reporters who sought to get a statement from him immediately the Alabamian, smiling, said: "When I have any statement you can accept it as definite and final that I will make it in a way that cannot be misquoted and so the nation can hear it."

HIGH COURT UPHOLDS JUSTICE CONVICTION FOR MURDER OF AKIN

SALEM, Sept. 29.—(P)—The state supreme court upheld today the first degree murder conviction of Jack Justice, serving a life term for the murder of W. Frank Akin, Port of Portland investigator, who was slain November 20, 1933.

Justice was accused of paying \$1200 to Leo Hall, who was hanged for the sextuple murders at Erlend's Point, near Bremerton, Wash. If Hall would kill Akin, Hall also was indicted for the Akin murder but was executed before he could be tried.

Lawrence Patrick Paulos, husband of Peggy Paulos, who betrayed Hall's sextuple crime to the police, testified at the Akin trial that he assaulted Akin, in behalf of Justice, for a promise of \$200. The Akin defense contended before the high court that this testimony was inadmissible.

The defense also contended that Peggy Paulos' testimony at the trial should have been outlawed, and that the lower court should have ordered a directed verdict of acquittal.

The high court overruled all these arguments.

"Iron Hired Men" In Heavy Demand For Corn Harvest

CHICAGO, Sept. 29.—(P)—Farm implement manufacturers reported today they were swamped with orders for mechanical corn pickers, which not only remove ears from stalks, but husk, clean and deposit them in a wagon.

The heavy corn crop, estimated at 2,549,281,000 bushels, a billion more than last year, along with increasing higher pay for farm labor, influenced many farmers to buy pickers.

Manufacturers built 4,720 pickers with a wholesale value of \$2,215,476, in 1933. In all probability, one manufacturer said, 20,000 pickers could have been sold this year instead of the 10,000 that are being built.

JAPANESE INDIGNANT OVER CONDEMNATION BY LEAGUE NATIONS

GENEVA, Sept. 29.—(AP)—Applause of the Japanese government today was set forth in unmistakable terms yesterday by Hull, who the day before had denounced the League of Nations of Japanese bombardment of Chinese cities.

The spokesman said the league's action was of no particular concern to Japan, however, and did not call for special comment.

TOKYO, Sept. 29.—(AP)—The forgoing through League of Nations halls today when Leland Harrison, United States observer of Geneva, read the statement which Secretary of State Cordell Hull made in Washington regarding league condemnation of Japanese fliers bombing open Chinese cities.

(The United States government's attitude was set forth in unmistakable terms yesterday by Hull, who the day before had denounced the League of Nations of Japanese bombardment of Chinese cities.)

Harrison, the United States minister to Switzerland, read Hull's declaration at the opening public session of the committee dealing with the Sino-Japanese conflict.

40 Back To Work In Coquille Mill

SALEM, Sept. 29.—(P)—Governor Martin said that 40 of the 100 strikers at the Smith Wood Products plant at Coquille returned to work today.

The governor last Thursday sent state police to Coquille to protect 750 A.F.L. employees of the company, whom he said were threatened by the C.I.O. strikers.

Woodworkers of the two national labor organizations are split by a dispute over which shall have control of mill employees.

JAPANESE REPLY TO U. S. PROTEST

WASHINGTON, Sept. 29.—(AP)—The state department today announced receipt of a reply from the Japanese government to Secretary Hull's note of September 23 protesting sharply against the aerial bombing of Chinese non-combatants.

Pending a study of its contents, the department withheld information concerning the nature of the reply.

Officials said it was headed to American Ambassador Joseph G. Grew in Tokyo today.

ROOSEVELTS REST IN SEATTLE HOME AT JOURNEY'S END

Entire Day Set Aside For Relaxation at Residence of Son-in-Law and Daughter—Crowds Set Record

By D. HAROLD OLIVER

SEATTLE, Sept. 29.—(AP)—President Roosevelt relaxed in this northwest metropolis today after 19 speeches and rear platform talks on a transcontinental tour that brought a recapitulation of the general aims of his administration and a roaring welcome at the end of his westward journey.

The president and first lady set aside the whole day for resting at the home of Mr. and Mrs. John Boettiger, son-in-law and daughter. They had accompanied the party on the special train from Yellowstone park with the latter's children, Eleanor and Curtis Dall.

Streets Jammed. To this home, a two-story, 13-room white frame house overlooking Elliotts bay and Puget sound in the Eastonwood section, the city's distinguished guests motored from their train last night through streets jammed with milling and cheering greeters.

Gov. Clarence D. Martin and Mayor John F. Dore rode with the president and his wife in a large open car filled with flowers. Secret service men immediately took up station on arrival at the Boettiger home just as they do at the summer white house at Hyde Park, N. Y., which the president left last Wednesday on his cross-country swing.

No less in numbers and noise was the 30-mile an hour motor trip through Portland, Ore., late yesterday where downtown crowds were so

JOHN B. KIRK, JUNIOR, KILLED IN ACCIDENT

News of the accidental death of John Kirk, Jr., son of John B. Kirk, farmer of this city, has been received here from Mr. Kirk, who is now residing at Ojai, California. The little boy was killed at Ojai by a truck operated by Emory Brandt, 17.

John Kirk, Jr. was born in Medford, February 21, 1928. A host of friends in this city and throughout southern Oregon will be saddened by the news of the son's untimely death.

Arable is spoken by more than 29,000,000 persons.

BASEBALL

National. PHILADELPHIA, Sept. 29.—(AP)—The New York Giants came within one game of clinching the National league pennant by topping the Phillies, 6 to 3, in the first game of a doubleheader today behind the steady pitching of Cliff Melton, who won his 20th victory of the season.

A victory for the Giants in the second game, or a defeat for the second-place Cubs in Cincinnati would clinch the pennant.

First game: R. H. E. New York 6 12 0 Philadelphia 3 9 2 Melton and Mancuso; Mulcahy, Jorgens and Atwood.

Chicago 3 6 1 Cincinnati 0 7 0 Carleton and Hartnett; Schott and Lombardi, D. Moore.

American. Philadelphia 4 9 0 New York 15 16 0 Caster, Turveville, Williams and Brucker; Conroy; Wicker and Glenn.

HOUSEWIVES WAIL AS MEAT PRICES HIT NEW HEIGHTS

NEW YORK, Sept. 29.—(P)—Sky-rocketing prices of meats today had housewives and restaurateurs complaining.

Butchers clamored they were losing money by continuing in business, so critical was the meat situation.

The city department of public markets, weights and measures, cited a 34.7 per cent increase over 1933 in retail beef prices.

Pork is up 12.4 per cent. Lamb is up 10.5 per cent, veal 8.6 per cent, poultry 9.9 per cent, and dairy butter 5.1 per cent.

There was one ray of optimism. Fish cost 5 cents less.

Housewives, retailers said, were shifting to diets containing greater proportions of vegetables.

Housewives found, for example, porterhouse steaks cost 39 cents at retail a year ago and 61 cents today. Other comparisons were: Sirloin, 39 cents, now 52; round, 39, now 51; rib roast, 29, now 43; and chuck steak, 24, now 33.

Chickens for roasting, the department of markets said, are selling for 40 cents now.

CHICAGO, Sept. 29.—(P)—A new all time September cattle market top of \$19.90 a hundredweight was established in today's livestock trade.

Two loads of steers weighing 1,225 pounds, fed in Iowa, brought the peak, which was the highest price paid in the cattle market in any month since December 1919. This was a gain of 30 cents a hundredweight over last week's high.

NIPPONS UNLEASH 'BIG PUSH' WITH INFERNAL BARRAGE

Long Awaited Move On Shanghai Front Is Under Way, Claim of Chinese—'Suicide Squad' Sacrificed

SHANGHAI, Sept. 29.—(AP)—A daring suicide squad of 20 Chinese soldiers sacrificed their lives at dawn today in a desperate attempt that just failed to destroy the Japanese flagship Izumo.

As the mine they had propelled through the murky waters of the Whangpoo river blasted a 150-foot geyser of water and sprayed the Izumo with shrapnel, the entire waterfront and the battle lines north-west of the city crumbled into an inferno of war.

Chinese declared the long-awaited Japanese "big push" on the Shanghai front had begun and the troops manning the defense lines stretching 25 miles northwest of the city had hurled back wave after wave of attacking Japanese infantry with terrific slaughter.

Augusta Docked. The blast of the Chinese mine a few hundred yards to starboard of the Izumo rocked the cruiser Augusta, flagship of the United States Asiatic fleet, and hurried American officers and sailors from their bunks.

Attached to the mine was a cable extending to the British-owned Shanghai new engineering docks on the Pootung shore. After moving stealthily for several hours, the soldiers reached the steel net which

COLLEGE FRESHMAN GOES IN IRON LUNG

PORTLAND, Sept. 29.—(AP)—Virgil Calavan, 17, Oregon State college freshman at Jefferson, Ore., an infantile paralysis victim, took turns in Oregon's own "iron lung" at Doernbecher hospital with Roderick Swearingen of Springfield today.

Young Swearingen, 15, who has been at the hospital since August 16, has improved so he can remain out of the mechanical respirator for from 12 to 14 hours at a time, hospital attendants said.

THE DALLES, Sept. 29.—(AP) The largest trout ever taken from the lower Deschutes river in the memory of sportsmen here was claimed today by Lloyd Heckman, The Dalles, who hooked an eastern brook trout 11 inches long and weighing 13 1/2 pounds. He was using a spinner.

Freddie To Play Only For M-G-M Is Court's Order

LOS ANGELES, Sept. 29.—(P)—Freddie Bartholomew, 13-year-old pawn in a bitter salary fight, was prohibited by a court order today from working for any movie studio except his contractual employer, Metro-Goldwyn-Mayer.

The temporary injunction against the young English star will be effective until trial of M-G-M's suit to make it permanent.

Freddie's aunt, Miss Myllicent Bartholomew, previously sought to void his contract, running until 1941. She said he had offers of \$7,500 a week from rival producers, although M-G-M was paying him only \$1,100.

DEADSHOT DENTIST KILLS BANK BANDIT ATTEMPTING ESCAPE

MIDLAND, Mich., Sept. 29.—(AP)—A dentist shot and killed one of four gunmen attempting to hold up the Chemical State Savings bank, across the street from his office today.

Two other robbers were captured, one wounded in the arm, and a fourth escaped.

Paul D. Bywater, cashier of the bank, was shot in the hip; Clarence M. Macomber, bank president, was wounded in the chest, and a truck driver, passing the institution, was shot and wounded by the robbers who used a submarine gun.

Dr. P. L. Hardy fired from his office window as the quartet of gunmen fled from the bank. The charge struck one of them in the head and killed him.

Two of the robbers leaped into their automobile and fled toward a bridge across the Tittabawassee river, but enroute they struck a parked automobile. Jumping from their wrecked car, they shot the truck driver, Henry Porter, and continued their flight on foot.

Dr. Hardy said he had the gun in his office in readiness for such an emergency. He said several other businessmen in the neighborhood of the bank were also prepared to open fire on bank bandits.

AGE PENSION CHANGE WILL ADD \$11,000 TO COUNTY EXPENSE LIST

Reduction of the old age assistance eligibility age to 65 years, will increase the budget allowance for next year \$11,000, according to preliminary estimates, now in course of preparation.

This will bring the total for old age assistance to \$44,000 for 1934, according to the suggested amount. This year \$33,000 was allotted for the purpose.

The age reduction which will increase the old age applicants, was authorized in a bill passed by the last legislature. It will bring the total number of pension beneficiaries to between 300 and 600 persons, the county court estimates.

Total amount suggested for the relief appropriation for 1934, approximately \$38,000. Chief increase is in old age assistance.

The dependent children fund, formerly mothers' aid, is tentatively listed at about \$6600. Jackson county's share of the state liquor fund, amounting to \$4400, can be used for relief purposes.

MIAMI DRENCHED MIAMI BEACH, Fla., Sept. 29.—(AP)—Streets were flooded and traffic crippled today by squalls and heavy rainstorms, with a downpour of 5.32 inches up to noon. Street car service was disrupted.

TEAMSTERS HALT FRISCO BLOCKADE TO AID FARMERS

Appeal Associated Farmers President Brings Action—No Abandonment of Jurisdictional Contention

SAN FRANCISCO, Sept. 29.—(P)—Greeted by cheering C.I.O. longshoremen and warehousemen, 400 trucks rumbled onto the Embarcadero today to haul from congested docks the cargoes accumulated in a four-week blockade by the A.F.L. Teamsters' union.

The teamsters' executive council canceled the boycott last night, announcing they did so to avert financial distress to farmers.

SAN FRANCISCO, Sept. 29.—(P)—A blockade of San Francisco's waterfront ended today on order of teamsters union officials who had declared it September 1 in an AFL-CIO dispute for control of inland warehousemen.

The executive committee of the San Francisco local, International Teamsters union, announced in a statement last night that the embargo had been ordered lifted and pickets instructed to return to their jobs today out of deference to farmers of the state and to the people of San Francisco.

John P. McLaughlin, San Francisco teamster head, said Walter Garrison, president of the Associated Farmers of California, had appealed to the teamsters to end the boycott which he said threatened ruin to the farmers.

The executive committee stressed in its statement, however, that the decision did not mean abandonment of the union's claim to jurisdiction over warehousemen granted by the AFL. The warehousemen were organized by the longshoremen, now affiliated with the C.I.O.

Henry Schmidt, president of the local longshoremen, said the end of the blockade was "welcome news." Expressing hope such a boycott would not be repeated, Schmidt declared in a statement, "It is indeed ridiculous for union leaders to order picketing to prevent other union men who have contracts from working."

Farmers Happy Garrison, who had told the teamsters that continued sleep of the port would bring ruin to "countless thousands of farmers," stated, upon learning the embargo had been ordered ended that "farmers of California will be extremely happy."

"I believe this is the first time in the history of industrial relations in California," Garrison observed, "that farmers have moved into a metropolitan area and asked consideration from a great labor union."

"I am happy to say that this great labor union has granted our request."

ABBAY'S BROTHER IN SERIOUS CRASH

KLAMATH FALLS, Sept. 29.—(AP) Howard Abbey, Klamath Falls car dealer, miraculously escaped death last night when his car plunged over a precipice on The Dalles-California highway near Algoma 240 feet to a point beside the Southern Pacific railroad tracks below.

A southbound train sighted the wreck shortly after the accident but failed to see Abbey, who apparently wandered off in a dazed condition. Two hours later sheriff's officers and state police found the injured man on his back in the rear seat of his car. The machine was demolished.

Abbey suffered a punctured lung, but his physician said he would probably recover unless complications develop. Abbey said he was attempting to avoid a falling rock at the time of the accident.

Walter Abbey, Medford automobile dealer, brother of the injured man, left for Klamath Falls last night on receiving word of the mishap.

SIDE GLANCES by TRIBUNE REPORTERS

Councilman Larry Schade and City Supe Fred Scheffel seriously concentrating on big business over their morning coffee.

Doc C. E. Kuns striking pneumonia to watch the h. football team practice yesterday.

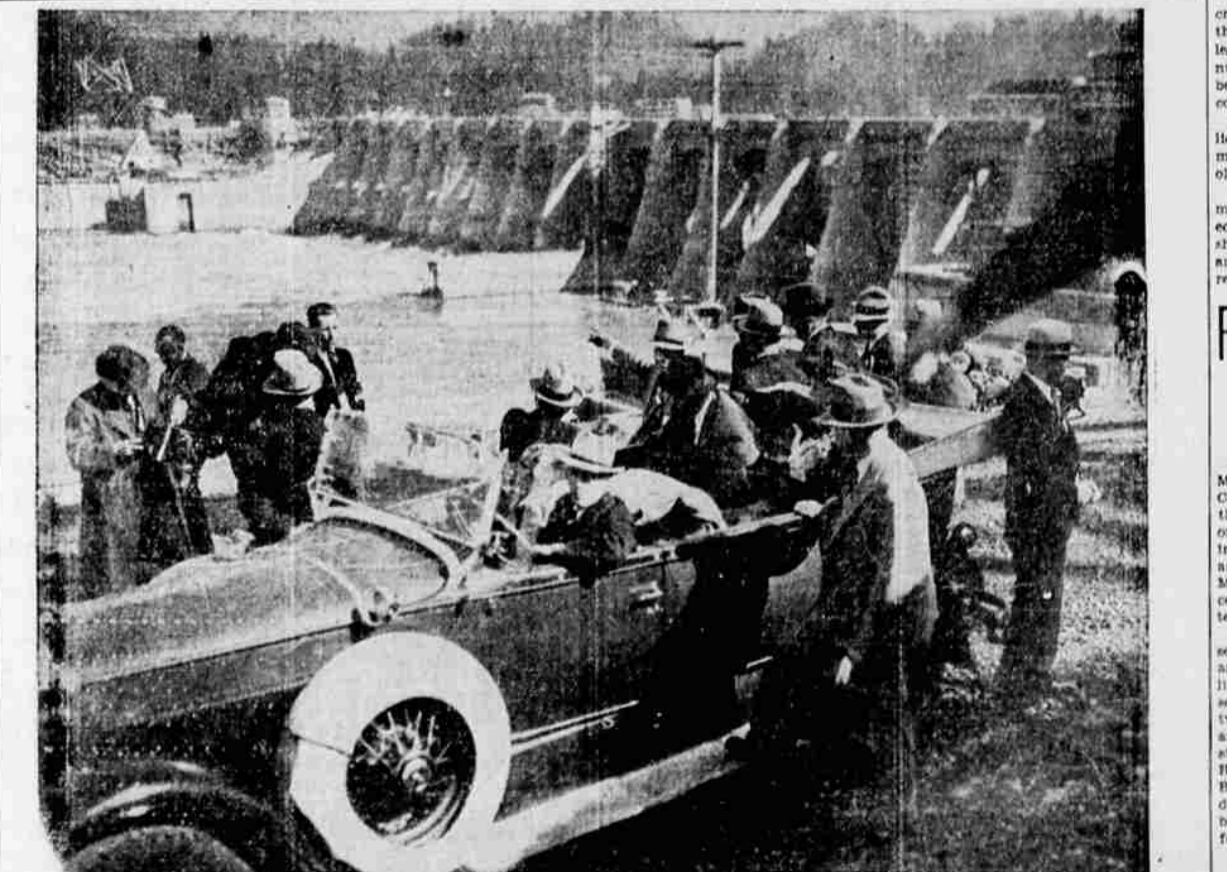

Bill O'Brien taking time off from his bank duties long enough to signal a greeting to a friend.

INDIANAPOLIS, Sept. 29.—(AP)—The general grand chapter, Order of Eastern Star, elected Mrs. Anna Smalley of Roundup, Mont., as most worthy grand matron at the final session of its convention here today.

Frank W. Lynn of Dallas, Texas, was elected most worthy grand patron.

The chapter accepted the invitation of Mrs. Rita Mae Cooper of Sacramento, Calif., to hold its next convention in San Francisco. The convention is to be in 1940.

The President Sees \$51,000,000 Bonneville Dam

With Col. Thomas Robins, district U. S. Army engineer (pointing), as a guide, President Roosevelt toured Bonneville dam, 60 miles east of Portland, yesterday. Here the president, hot on and leaning forward from the rear seat of the automobile, follows the country's arm, looks at the gigantic piers of the \$51,000,000 dam. The view is from the island, which divides the Columbia river at the dam site. In the background is the Washington weathered. The colored is a distance in the long concrete area that extends downstream at the far side of the dam. It is a highway up which salmon, seeking spawning grounds in the upper river, are expected to swim past the dam site. (A. P. Photo.)

FORMER RESIDENT KILLED IN CHINA

Word was received recently from Mr. and Mrs. V. Johnson of Toronto, Canada that Richard G. Crossen, 30, their nephew and a former resident of Jackson county, had been injured in an air raid near Nanking, China, and had died about 10 days later.

Mrs. Anderson of Gold Hill received a telegram from Mr. Johnson telling of the tragedy.

Mr. and Mrs. Johnson, with Crossen, formerly lived between Gold Hill and Central Point. While he was living with his aunt and uncle, Crossen attended Stanford university for two years. In 1934, he went to China and had been employed by a British steamship company since that time.

Pear Markets

NEW YORK, Sept. 29.—(AP-USA)—Pear auction: Nineteen cars arrived: 12 California, 6 Oregon unloaded, 28 on track.

Oregon Barlett's, 445 boxes, extra fancy, \$1.85@2.20, average \$2.15; 220 boxes fancy, \$1.77@2.10, average \$2.06; 745 boxes No. 1, \$2.05@2.10, average \$2.09.

CHICAGO, Sept. 29.—(AP-USA)—Pear auction: Three cars California, 2 Colorado, 4 Oregon, 1 Washington arrived; 18 on track; four sold.
