Mr. Gustin quoted a Spanish statesman as having said that the only way to bring peace to the world would be for Great Britain and the United States to combine efforts and dedicate armaments to peace. Then only, could smaller nations, who live in fear that they may be consumed, go ahead and develop for the best interest of their citizens, safe in the knowledge that they need not build great army, navy and air forces in order to survive. An interesting discussion of the subject followed Mr. Gustin's talk.

GONZAGA, GAELS PLAY STANDOFF

SAN FRANCISCO, Oct. 4.—(AP)—Gonzaga's football team was enroute home to Spokane, Wash., today after playing a scoreless tie with St. Mary's Galloping Gaels in Kezar stadium here yesterday.

The Galloping Gaels failed to gallop because they were too busy trying to keep a Gonzaga fullback named George "Automat" Karamatic from doing just that.

A crowd of 20,000 football fans witnessed the game which was marked by hard tackling. In the first play in which St. Mary's carried the ball Joe Hurley, left end, received a broken leg.

Numerous times out were called by both teams as players were laid low by hard tackles or blocks.

EXPENSE MAY BAR FORGER'S RETURN

Chances that Leo Max Schroeder, Jackson county jail escape, under a three-year prison sentence for obtaining money under false pretenses, may be extradited from Asbury Park, N. J., "are pretty slim," Sheriff Syd I. Brown said today.

"The last word I heard from Salem indicated the governor feels the expense of bringing Schroeder back here is too much, and not justified," the sheriff said.

Schroeder passed spurious checks in this section amounting to \$180 and it would cost approximately \$400 to extradite him, Sheriff Brown figures. Jackson county's application for the return of the fugitive was filed a month ago.

Advice received by District Attorney Frank J. Newman state Schroeder is now serving a six months' sentence at Asbury Park, for stealing a rain coat.

Schroeder, with Leo Hicks, under a two and one-half year sentence in

A QUESTION PEOPLE OFTEN ASK:

Is Camel justified in Spending Extra Millions for Costlier Tobaccos?

THE ANSWER IS THIS

CAMELS ARE THE LARGEST-SELLING CIGARETTE IN AMERICA

WHY THE NEW National Open Golf Champion, Ralph Guldahl (right), prefers Camel. In his own words: "Camels are different from other cigarettes. You see, playing against an all-star field, my nerves run the gauntlet. Camels don't jangle my nerves."

GIRL RODEO CHAMPION, Rose Davis (left) says: "Camels always appeal to me, but I think that the Camels at mealtimes are the most enjoyable of all. They help keep my digestion working smoothly in spite of the jolting I take from bucking broncos."

SPEAKING OF DIGESTION and smoking, Dorothy Malone, food editor (right), says: "Many comments from my women readers show that they find smoking Camels a pleasant way to encourage good digestion. I myself smoke Camels."

"I'VE BEEN A FIRE FIGHTER for 11 years," says Frank Gilliar (left). "Smoke? You bet I do. And I'm particular about my brand. It's Camels. There's the cigarette, if you want mildness! They're the last word in flavor."

"FIND THE RIGHT CIGARETTE and stick to it, is my motto," says "Duke" Krantz, veteran airplane pilot (right). "I was thoroughly sold on Camels right from the first pack I smoked 15 years ago."

It is homespun fact that nothing man does to tobacco can take the place of what Nature does. Camels are made of finer tobaccos into which Nature put extra goodness.

THERE'S only one way to get the best tobaccos. That's to pay more for them. It has been a well-known fact for years that Camel pays millions more, year in and year out, for finer tobaccos. It's the natural way to put more enjoyment into smoking.

People have confidence in the mildness and goodness of the finer tobaccos in Camels. More and more smokers turn to Camels. They find that Camels are naturally milder and that the full, natural flavor of the costlier tobaccos is brought to perfection in the Camel blend. If you are not smoking Camels, try them now. And see if you, too, don't find that Camels mean unflinching pleasure!

"CAMELS go on my shopping list regularly," says Mrs. Richard Hemingway, New York matron. "I never want to be without Camels. When I feel tired, I smoke a Camel and get the grandest 'lift.'"

"I'VE GOT TO have a cigarette that's mild," says Uva Kimmy, girl parachute jumper. "So I'm a Camel smoker. I find Camels so mild I can smoke as much as I wish without jangled nerves."
