ARE YOU ONLY A THREE-QUARTER WIFE?
THERE are certain things a woman has to put up with and a good 4-er.

Men, because they are men, can never understand a three-quarter wife—a wife who is all love and kindness three weeks in a month and a hell cat the rest of the time.

No matter how jolly your nerves scream—don't take it out on your husband.

For three generations one woman has told another how to "Smiling Through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three weeks of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife. Ask LYDIA E. PINKHAM'S VEGETABLE COMPOUND and "Smiling Through."

PARENT TEACHERS START CAMPAIGN TO ENROLL 3000

Today marks the beginning of the Parent-Teacher membership week throughout the state and it is the ambition of the organization to reach a 30,000 membership this year, which means they must obtain about 3000 new members. The fathers and mothers, teachers and friends of all the children in Jackson county are sincerely urged to get behind the P.-T. A. and give it the support it so justly deserves.

A certificate of merit will be awarded to each association having a membership equal to 75 per cent or more of their school enrollment. This certificate is the same as the one awarded last year, and to those receiving certification last year and who again have the necessary percentage of enrollment the Oak Tree emblem will be given.

A parent-teacher pin will be given to the local membership chairman having made the greatest per cent of gain from March 31, 1937, to March 1, 1938.

A silver cup will be awarded to the county council on the following 200 point plan: 50 points for the greatest percentage of associations having made a gain in membership; 25 points for the greatest percentage of gain as a whole; 25 points for the greatest number of new associations organized between March 31, 1937, and March 31, 1938; 5 points will be deducted for each association not paying dues.

A silver cup will be given the association having made the greatest per cent of gain from March, 1937, to October 30, 1937. A silver cup will also be awarded to the city council having the largest membership according to school enrollment from the same dates.

An award of a parent-teacher pin, or a book from the congress library not to exceed \$2, will be awarded the county organizer or council president bringing in the greatest number of new associations from March 31, 1937, to March 31, 1938.

MOTIONS TO TEST ELIGIBILITY DENIED IN BRIEF MOTION

radio before he finally took his seat. To the charge Black said in a brief motion to test the eligibility of the 3rd division of the A.E.F. in action before Chateau Thierry—is now safely in the keeping of the war department, after a mysterious disappearance 16 years ago.

Sergeant W. A. Shoemaker, secretary of the Society of the 3rd Marine division, who recently turned the films over to the government, cannot tell the whole story of the mystery.

"All I know," he said, "is that a fellow who attended our last convention, held here in July, watched the showing of some war pictures, and said, quite innocently, 'I know where there's the complete record of the 3rd Division—in films.'"

"Where?" Shoemaker asked. "In a safe in New York..."

From that scrap of conversation came negotiations and then a fire-proof box containing the six films arrived in Washington.

Immediately the old films were treated to preserve them for posterity. Then they were run off in the projection room at the War College, for the benefit of the general staff and all officers interested in studying American fighting men in action.

Gen. James B. Allison, retiring Staff Surgeon, advised Patrick Henry Kelly termed the court's action in his case "an evasion of the issue."

"I wish to answer the chief justice's decision that the petitions could not be maintained because neither Mr. Levitt nor myself had any interest beyond that of any other citizens by saying that that decision was an evasion of the issue brought to the attention of the court."

"If a private citizen should inform the court that any lawyer of the court has been guilty of misconduct the court is bound to investigate the charge. If it does not do so it is a violation of its oath to keep the court pure."

Solicitor General Stanley Reed said he would not comment on the court's action "for a million dollars."

In other actions today the court announced whether it would review 300 cases appealed from lower courts.

Black, the court said, "took no part in the consideration or decision of the cases in which decisions, or orders, are this day announced."

It agreed to review two controversial involving to some extent Roosevelt administration laws.

It consented to pass on the question of whether the national labor relations board can legally conduct a hearing to determine whether the Bethlehem Shipbuilding Corporation, Ltd., and the Newport News Shipbuilding and Dry Dock company had engaged in unfair labor practices under the Wagner Labor relations Act.

The other controversy the tribunal consented to review was a government appeal from a lower court decision that it must pay interest on Liberty bonds called for redemption in advance of the maturity date.

Chateau Thierry Films Found After 16 Years
