## Landon Indicts New Dealers in Radio Address

(Continued from Page One.)

Employees Under Thumb Government reorganization, he quickly added, "has for its main purpose the placing of practically every federal employee under the thumb of the president."

"Most of the mistakes he (Roosevelt) has made," Landon said, "have been made because he has been given too much power. What he really needs is less power—a position that will force him to take the advice and counsel of other men of both parties—men whose hearts also are in the right place, but men who have had more experience and who know more about the practical application of government than he does."

The Kansas made these criticisms: Social progress—"I agree with Mr. Roosevelt that progress lags. . . . the real reason why progress has lagged in America during the last four and one-half years is the failure of the president of the United States to follow our constitutional method of government and his failure as an administrator."

Sophomores Draft Laws Legislation in general—drafted by "college sophomores."

Proposed NRA substitutes—"The same mistake over and over again." "An unworkable, muddled-up piece of legislation that will have to be done all over again, but a step in the right direction" requiring "modification so that the justice and equality of all rights, including that of the public, will be recognized."

Labor—dealings "not only unsatisfactory but 'dangerous.' When trouble came Roosevelt 'again' failed to follow the constitution. . . . men were shot and clubbed. And, according to press reports the president shrugged his shoulders. He said it was a local affair. He said, a plague on both their houses; and went on another vacation."

Black Action Rapped The Hugo Black supreme court appointment—tradition holds that "when a man is to be appointed to an important, non-elective office he shall be submitted to the scrutiny and white light of public hearings."

World peace—"The president's impulsive quarter-backing. . . . is far more dangerous than the same tendencies in dealing with domestic matters. . . . how far does he intend to go?" The president's recent international affairs statement mentioning quarantine for aggressors and expressing doubt of peaceful American escape in a world at war "sounds just like what we were told in 1917."

Landon failed to conclude his speech in the 30 minutes allotted radio time and was cut off the air still talking. He apologized to radio technicians for overshooting his time and received their apologies for having to break in. Officials of the National Broadcasting company said he had been warned he must hold to the 30 minute limit because of a following commercial program.

Landon remained in his office an hour after the conclusion of the speech, taking telephone calls and telegrams whose contents and voice left him obviously jubilant.

Wall St. Report  
NEW YORK, Oct. 20.—(AP)—Stocks rushed up fractions to 6 of more points today as fear generated by yesterday morning's collapse receded further into the background.  
The going was not entirely smooth. Steel shares were draggy during early afternoon and this kicked up a flurry of profit selling which cut down gains in some issues. A late rally in steels and motors brought a burst of buying which left the ticker tape behind the market.  
Brokers said today's market was a "natural" rebound from the severe downward thump which hit bottom early Tuesday. Some argued that if the recovery continued much further they would expect the price levels to be tested by selling orders from those seeking quick-turn profits.  
It was said the flood of inquiries received by brokers indicated fresh investment demand attracted by the recent price declines. The steepness of the fall, it was stressed, appeared amply to have discounted even pessimistic estimates on general business.  
Transactions approximated 4,300,000 shares.

MULLINS SPEAKER AT 20-30 DINNER  
James Mullins, former member of the Grants Pass 20-30 club and present principal of Medford junior high school, was the speaker at last night's regular weekly dinner-meeting of the local 20-30 club held in the Hotel Jackson.  
Mullins, who was responsible for the passing of the bicycle ordinance in Grants Pass last year, traced the history of bicycle control from 1897 to the present time, and pointed out to the Medford club many phases of the project which it is sponsoring here.  
Al Bliton of the Oregon state highway commission became a new member last night. Guests were Mullins and Dolph Guyer of Medford.  
President Herb Brown presided at the meeting.
