LONG DELAY SEEN IN MARITIME REPORT ACTION
CIO REPORTED SEEKING TIME TO ORGANIZE
RESENTMENT AMONG TARS MAY SPEED MATTERS
PROTEST MADE AGAINST LANDLUBBER ORGANIZATIONS

WASHINGTON, Nov. 5.—As the capital waits breathlessly for the publication of Chairman Kennedy's report on the state of the nation's merchant marine, if any, the pessimists predict that the wait for action on it will be a lot longer than between breaths.

Some of the men who are interested in regulating the conduct of the men who go down to the sea in ships predict that there won't be any regulating until John Lewis says the word. Some supporters of the CIO bill, creating a mediation board for ships, comparable to that governing the railway labor relations, share this belief.

However, the maritime experts say there are two ways of looking at that, and one of them, so far, has been disregarded. While it is insisted that the maritime union will fight any kind of law that will stop strikes and efforts to organize until CIO gets the upper hand, there are two developments which might change the picture.

First, the fact that Mr. Curran, general organizer for the union, was ordered to pull in his horns after he attacked Mr. Kennedy recently, and second, a number of the men on the government lines themselves are complaining about some of the organizers' methods.

It hasn't come to the front yet, but a seemingly innocuous resolution was passed by the crew of the liner Manhattan which is to come before the union as a whole. Its sense is to bar from office in the union or from the function of "delegate" any man who has not served three years at sea.

What this means is that those some seamen call "newcomers" and some call "agitators" are to be kept off the ships and out of union leadership.

ACTION OF DUKE DUE TO ATTACKS FROM LABORITES

Statement Issued From Ex-King's Hotel in Paris Says Postponement Made With Great Reluctance

PARIS, Nov. 5.—(AP)—The Duke of Windsor announced tonight he had decided to postpone his visit to the United States. He said he announced the postponement "with great reluctance."

A statement issued on the Duke's behalf from his hotel said the trip was deferred because of "grave misconceptions which have arisen and misstatements which have appeared regarding the motives and purpose of the industrial tour."

The duke's announcement in Paris followed by only a few hours a cable to him from his friend, Charles Bedaux, in New York.

Bedaux blamed "mistaken attacks" by American labor organizations for opposition to the proposed tour of the United States, during which the duke was to visit many American industrial plants.

NEW YORK, Nov. 5.—(AP)—Charles E. Bedaux, friend of the Duke and Duchess of Windsor, today "implored" and "begged" the former British monarch to relieve him from duties as guide in connection with the "Windsors' tour" of the United States.

Bedaux, attacked by American labor organizations, sent the following cable to the duke:

"I am compelled in honesty and friendship to advise you that because of mistaken attacks upon me here, I am convinced that your proposed study will be made difficult under my guidance.

CARTER, NEILSON AND CODDING SUED BY EARL H. FEHL

George R. Carter, Jackson county clerk, George W. Neilson, deputy clerk, and George A. Coddling, former district attorney, are named defendants in a suit for \$200,000 filed in circuit court late yesterday by Earl H. Fehl, former county judge.

The complaint alleges that the three defendants, all officials of Jackson county at the time of the November, 1932 election ballot thefts, "conspired to personally and politically wreck plaintiff by his removal from the office of county judge."

The plot came to full fruition by the theft of November, 1932, election ballots on the night of February 20, 1933," the Fehl complaint alleges.

The complaint further alleges that on the morning after, County Clerk Carter "publicly accused" Fehl by asking him at an official meeting: "What did you steal the ballots for?"

Assistant Attorney General Ralph Moody, who prosecuted the ballot theft cases that resulted in four convictions and seven confessions by participants, is named as an alleged agent of the alleged "conspirators."

Fehl, indicted for ballot-theft, was convicted by a Klamath county jury on a charge of venue.

Warning Is Seen By Roosevelt In Stock Mart Peril

He said there were two ways of looking at that—the more dangerous it is, the less people ought to indulge in speculation.

Berlin Report Says Germany Intended Steal March On Brussels Conference—No Mediation Say Japanese

BRUSSELS, Nov. 5.—(AP)—The Chinese delegation stated today there was "not a single trace of truth in the report" that Chancellor Adolf Hitler of Germany was assuming a role of mediator in the Chinese-Japanese conflict.

A source close to the chancellery in Berlin had intimated preliminary steps had been taken which would result in Hitler acting as a mediator.

The Chinese statement, issued after the arrival in Brussels of Cheng Tien-Fong, Chinese ambassador from Berlin, is quoted:
