Elks Hear Talk on Safe Driving by Lodge Leader

Harry B. Ruth of Eugene, district deputy grand exalted ruler, addressed members of the Medford Elks lodge at regular session last night on the "Safe Driving" campaign being inaugurated by Elks clubs throughout the nation and which will be started immediately by the local lodge.

Ruth stated that the most important part of the program was the education of lodge members of courtesy on the highway. He drew a comparison between motorists and pedestrians, explaining that the latter, after unintentionally bumping into another pedestrian, usually apologized graciously. However, he pointed out, a motorist following an accident was almost certain to become angry and pugnacious, placing all the blame on the other fellow.

Ruth explained the cause as being the fact that automobile drivers controlled the power of 500 men, causing a psychological effect leading to the attitude.

Hugh Rosson of Salem, state traffic director, also addressed the lodge meeting, quoting facts and figures regarding the terrific yearly death and injury toll from auto accidents.

The definite campaign to be carried out by the local lodge will be announced soon, it was stated. J. F. Figel is chairman of the campaign committee, which also includes Carl Y. Tengwald, Floyd Hart and O. O. Alenderfer.

A class of candidates was initiated last night, following which a banquet dinner was served by Elk Chief Lloyd Northland. New members of the lodge are Otto Deter, J. S. Reed, Raymond C. Lapp, Dr. C. L. Drummond and LeRoy V. Williams.

It was announced there would be no meetings on November 11 and November 25, Armistice and Thanksgiving. On November 18, there will be a crab feed, followed by the annual "Turkey Trot" and "Days of '49" celebration. All money raised will be used to finance the yearly Christmas baskets given to the needy of Medford.

Doctor is Witness in Damage Hearing

Dr. G. W. Bishop, joint defendant with the Community hospital in the \$35,000 suit of Frank Jones of Grants Pass, was called to the stand by the defense on the second day of the trial before a circuit court jury today.

Jones alleges negligence in care accorded him while he was a Community hospital patient suffering from back injuries sustained in an auto accident on the Jacksonville-Ruch highway two years ago.

A considerable portion of yesterday's proceedings was devoted to arguments over technical questions to be asked witnesses.

SHELL

STOP AND GO IS HARD ON YOUR ENGINE UNLESS YOUR OIL IS ESPECIALLY MADE FOR IT!

STARTING CAN CAUSE 3/4 OF ALL ENGINE WEAR SAY AUTO ENGINEERS

ONLY ONE START CAN CAUSE AS MUCH WEAR AS 50 MILES OF STEADY RUNNING

OVER 100 PARTS GRIND TOGETHER "DRY" OF LUBRICATION EVERY TIME YOU START

UNLESS YOUR OIL IS FAST-FLOWING—AND STARTS WITH YOUR STARTER

350° ENGINE HEAT BUT IT MUST ALSO BE TOUGH-BODIED TO WITHSTAND THE HIGH HEAT OF STEADY DRIVING

Shell Research Produces New-type Motor Oil for Stop-and-Go Driving

A REVOLUTIONARY FINDING! "Reduce starting wear," said auto engineers, "and you'll reduce the source of up to 75% of today's engine wear." And so, after long, costly research, Shell engineers produced this new-type motor oil.

FAST-FLOWING—Golden Shell puts a wear-reducing oil film between each part in your engine the instant you start.

TOUGH-BODIED—Golden Shell withstands the high temperatures of steady running—does not break down into sludge and carbon.

You can't buy safer lubrication! Don't delay! Protect your engine with the oil made especially for stop-and-go driving. There's a Shell dealer near you.

Golden Shell MOTOR OIL

NOT 35¢ - NOT 30¢ - BUT 25¢ A QUART • THERE'S NO SAFER LUBRICATION
