

SCALDED BRIDE ALSO BEATEN IS DOCTOR'S WORD

Guests at Hotel Testify to Hearing Woman Defy Alleged White Slaver — Portions of Head Bruised

PORTLAND, Nov. 10.—(AP)—Mason Dillard, assistant United States attorney, filed a charge of transporting Mrs. Patricia Richardson, 23, from Los Angeles to Portland for immoral purposes against Dell Richardson, her husband, who has been held in jail in Seattle since she was fatally scalded in a tub of water there.

SEATTLE, Nov. 10.—(AP)—Dr. Philip H. Nerodick, assistant county autopsy surgeon, testified at an inquest today into the "scalding death" of Mrs. Clara Compton Richardson, formerly of San Francisco, that a post mortem examination indicated she had been beaten with a blunt instrument.

Two other witnesses, Miss Shirley E. Ludington and Miss Ina Chambers, who were living in the hotel in which Mrs. Richardson received her fatal injuries and burns, 10 days ago, testified they heard a woman in her suite cry:

"I've never done such a thing in all my life, and you can't make me."

Both women, testifying separately, told of hearing the statements. They also said that after an interval they heard the same woman shout:

"Go ahead and throw me out the window—I don't care."

The two said they had retired for the night when they heard the commotion in the rooms occupied by Mrs. Richardson, her husband and his sister, Miss Claire Richardson. Richardson and his sister have been held during an investigation of the death. He said she plunged into a tub of scalding water.

Dr. Nerodick testified an examination of the body showed Mrs. Richardson had severe burns, bruises on the top and back part of her head, a blackened eye and bruises on her face.

AMES APPOINTED BY ROSICRUCIANS

Rosicrucians of this community will be represented in extension activities by L. J. Ames, of 10 Quince street. A certificate of appointment as commissioner was received by Mr. Ames from headquarters of the Rosicrucian order (Amore) in San Jose, Cal., today.

EDUCATION WEEK IS GOOD TIME FOR VISITING SCHOOLS

November 7-14 has been designated as National Education week, and parents are being urged to visit their schools and observe the progress of their children.

"Understanding, frankness and sympathy between parents and teachers are essential in studying common problems of home and school and in arriving at solutions which take into consideration both parents and teachers." is a message to the 25,000 parent-teacher members in Oregon by their president, Mrs. Clarence W. Walls.

"Working alone, neither parents nor teachers are able to develop conditions in home, school and community which make for satisfactory education."

"Parents have a twofold responsibility in education. They are responsible for guiding and directing the activities of children in the home. They must also keep in close touch with the school so that they may

support educational enterprises which vitally affect children.

"The management and administration of schools is the responsibility of elected school officials. Any interference in the professional administration should be avoided by parent-teacher individuals or groups.

Parents represent only one-half of the great bridge between home and school; our main job as parents is to conduct our homes.

"Parent-Teacher associations should create an attitude in the community which will make it possible for the board of education to secure the support needed to place the schools on a satisfactory basis. They should likewise bring before the parents im-

portant problems in education. Through such activities it will be possible for educational authorities to learn of the desires and needs of the community with reference to education and for parents to understand the viewpoint of school officials."

16 OREGON COUNTIES ADOPT POTATO PLAN

CORVALLIS, Nov. 10.—(AP)—Sixteen Oregon counties, designated as

commercial potato areas will take part in the potato program under the 1938 agricultural conservation plan, announced N. O. Donaldson, executive secretary of the state committee.

Counties which voted to participate were Baker, Clackamas, Columbia, Crook, Deschutes, Hood River, Klamath, Lane, Linn, Malheur, Marion, Multnomah, Umatilla, Union, Washington and Yamhill.

No Oregon goal has been set. The national goal will be between 3,100,000 and 3,300,000 acres.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning!

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. You are sick and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. Same name. Stubbornly refuse anything else. Same name.
