Several Groups Have Meetings Early in Week

Club and church organizations are active the fore part of the week but few meetings are scheduled the latter part due to the Thanksgiving holiday. Several groups have postponed their regular sessions, while others have cancelled them. The larger meeting of the Medford Music club at Baldwin Piano Shoppe, Mrs. Lolla Young is chairman for the program and the subject is "Japanese and Chinese Music." Business and Professional Women's club will meet for their annual initiation banquet Tuesday evening at Valentine's cafe. Twenty-five new members will be initiated and Mrs. H. M. Weishaar is in charge. The women's auxiliary of St. Mark's Episcopal church is meeting Tuesday afternoon at the home of Mrs. Lella Paxson and the Baptist ladies' auxiliary is also meeting the same afternoon with Mrs. W. A. Dawes the hostess. The General Aid of the Methodist church will meet in the church parlors.

Kindergarten Will Give Demonstration

Pupils of Miss Ruth Luy's kindergarten will give a demonstration for parents and friends Tuesday morning at 10:30 o'clock at the studio. The children will show the progress they have made the past month and will sing Thanksgiving songs and give tap dances. The new term for the kindergartners will start the Monday following Thanksgiving. Miss Rose Gore assists Miss Luy in the kindergarten.

M. E. Ladies Aid Plans Homecoming

Homecoming of the General Ladies' Aid of the First Methodist Episcopal church will be held Tuesday afternoon at 2 o'clock in the church parlors. Important business will be considered and Christmas plans will be made. The Queen Esther circle is host group and will be in charge of entertainment and refreshments. Members and friends are asked to attend.

Electa Circle to Meet Friday

Electa circle will meet for a 1:30 o'clock dessert luncheon Friday afternoon at the Girls' Community clubhouse. Mrs. Carolyn Horn is chairman for the luncheon.

What the Girl Scouts Are Doing

Mrs. Raymond Driver, nature counselor, conducted a round table discussion on "Nature Projects the Girl Scout Way" for the Grants Pass council Friday. Miss Helen Bullis, community service chairman, has arranged projects for each of the troops for the local hospitals. Tuesday from 7 to 7:30 will be the final meeting of the second general course. Leaders are having a potluck supper and cooking twist-ers. Leaders who missed the nature meeting of the first course are urged to attend. Wednesday from 1:30 to 3:30 the troops progress course will be completed in the study of the first class and proficiency badge requirements.

STEPS ARE TAKEN TO CONTROL RAIN FLOOD CONDITIONS

City Clears Stewart Avenue Drain, Owners Plan Cellar Looms; Damage by Wind

City Clears Stewart Avenue Drain, Owners Plan Cellar Looms; Damage by Wind

When more rain predicted for tonight and tomorrow, preparations were made here today to avert a recurrence of Saturday's flood conditions. A check was being made of possible damage by wind during the night. California Oregon Power company reported that a distribution feeder line on Genesee street was snapped, interrupting service for a short time in an East side section. The break occurred after midnight, however, and so households suffered negligible inconvenience if any, the company said.

SITDOWNERS HEED MARTIN'S APPEAL FOR EVACUATION

Each leader is requested to bring her Girl Scout handbook and troop record book and a list of the instructors or examiners as needed now, according to the interests of the individual Girl Scouts in each troop. If he should appear, Martin and his secretary, Miss Vivian Fox, went directly to the plant in a taxicab from the board meeting. Leonard Netzorg, Detroit U.A.W.A. attorney who accompanied them into the plant, said he understood the strikers had invited Martin to appear before them. Danger to Union Seen The international president was reported to have told the men their strike "jeopardized the very life" of the union. Netzorg said the men gave Martin a respectful audience, but asked numerous questions when he completed his speech. When he emerged, Martin said "the men are ready to go back to work at any time; it is up to the corporation when they want to start operations." He declined to say whether he had promised the strikers that the union would fight for the retention of their jobs and for the reinstatement of four men whose suspension the company demanded for alleged leadership in a previous unauthorized strike. He said all members of the Pontiac local would attend a mass meeting late today.

AKRON, O., Nov. 22.—(AP)—Workers went back to their jobs at the Goodyear Tire & Rubber Co. today following settlement of a three-day strike which halted operations and made 12,000 employees idle. Members of the United Rubber Workers of America voted at a Sunday mass meeting to accept the company's proposals. Union counsel prepared to file charges of intimidation against Gov. Martin L. Davey in a complaint to the national labor relations board. Stanley Denlinger, general counsel, announced that Goodyear local No. 2 voted unanimously to take action against Gov. Davey for alleged intimidation "in furtherance of his own selfish personal political ambitions." Gov. Davey ordered 2,000 national guard troops to the plant last Friday after the strike started with a sit-down Thursday night. Union leaders soon led the sit-down strikers out of the big rubber plants but Gov. Davey kept the troops on notice continuing today.

The ditch drain along Stewart avenue was being cleared of tules, berry bushes and other obstructions. The clearing had been completed from the Pacific highway to Oakdale avenue this noon and was to be extended to Orchard Home drive. Thus cleared, the drain ditch will be able to take care of an ordinary rain, though flood conditions would recur in event of an exceptionally heavy downpour, Mr. Scheffel stated. Other damage caused by the heavy rains was reported today. On Spring street a telephone cable was put out of commission, though repairs were made quickly and service was resumed in less than half an hour. Carberry road was blocked when earth around the Baker Flat bridge was washed out, Rogue river national forest headquarters stated. The Big Applegate flooded the road at Preston and the Preston bridge near the mouth of the Little Applegate was washed out. The forest service reported the Big Applegate at its highest level since February 19, 1927, although it was several feet under the mark set at that time. Station Isolated The bridge across the Sturgis fork of Carberry creek was washed out, leaving the Sturgis guard station isolated for a time. Two forest-farm telephone poles were washed away by the swollen Big Applegate near Copper. Applegate CCC men were making forest road and bridge repairs today, headquarters announced. Preparations were also made today to avert the flooding of home, store and building cellars should another heavy downpour occur. Rainfall for November this morning totaled 5.51 inches, an excess of 4 inches above normal, the weather bureau stated. Rainfall since September 1 totaled 8.92 inches, an excess of 5.55.

REPORT OF ALIENISTS ON FEHL'S MENTALITY IN WEEK OR TEN DAYS

Dr. D. C. Burkes, Dr. H. O. Sturdevant and Dr. H. H. Dixon, Portland alienists, completed an examination Saturday of Earl H. Fehl, held in the county jail here on an insanity complaint filed by Fred C. Kelly, of Medford. The alienists were appointed by the circuit court judge to make the examination. Their report is expected within a week or ten days. In a filed report adverse to Fehl is cited, Circuit Judge H. D. Norton said he would set a date for a hearing, and would impanel a jury to hear the proceedings. A report favorable to Fehl would result in his liberation. The three Portland alienists arrived and departed by plane. It is reported two other alienists, one for the defendant, and one for the complainant, will also make observations and be called as witnesses, if circumstances justify. The complaint signed by Kelly, alleged Fehl is "an insane person and dangerous to be at large."

MRS. GRAVATTE, 80 TO FINAL REWARD

Mrs. Elizabeth Gravatte, 80, passed away peacefully at a local hospital Sunday afternoon, Nov. 21. Elizabeth Katherine Jacoby was born Sept. 9, 1857 at Springfield, Illinois. Her girlhood was spent in Burlington, Ia., and later in Council Bluffs. In 1880 she was united in marriage to E. W. Jackson and to this union two children were born, a son who died in infancy and a daughter, Mrs. Winfield H. Bailey who resides in Medford. Mr. Jackson passed away in 1896 in Iowa. Returning to her girlhood home at Burlington, she was married in 1900 to John J. Gravatte who passed away three years later. She then moved to Waterloo, Ia., and there became a charter member of Westminster Presbyterian church and an active worker in the W.C.T.U. In 1910 Mrs. G. Gravatte moved with her daughter and son-in-law to Medford where she has since resided in her own home at 120 South Oakdale. Besides her daughter, she leaves one grandson, Ralph Jackson Bailey of Portland. A resident of Medford for 27 years, she was beloved by her many friends and neighbors who will greatly mourn her passing. Private services will be conducted by Rev. Sherman L. Divine Tuesday afternoon and the remains will be entombed by Conger Funeral Parlors in the Medford memorial Mausoleum.

The weather bureau checked the blueprint figures, however, and found them to be for Jacksonville where a cooperative weather station was established in 1884. Rainfall in Jacksonville always substantially exceeds that of Medford, the weather bureau stated. In 1928 when Medford measured 6.66 inches of rain, Jacksonville had 8.86, the records show.

WINNING BABIES IN SHANGLE CONTEST NAMED BY JUDGES

Shangle's annual baby salon, came to an end late Saturday night in the Hotel Medford with three judges, after viewing the photographs of over 110 babies entered from all southern Oregon and northern California, naming 15 winners and 16 for honorable mention. Judges were Marion Ady and Lucille Burtis, art teachers at Southern Oregon Normal school and A. Morris Elliott of Medford. In class 1, which included babies from three months to one year old, Marcia Young was judged winner of first prize. NATIONAL GRANGE NAMES 12 PLANKS IN NEW PLATFORM

(Continued from Page One.)

The platform: 1. The American farmer is entitled to equality of opportunity and to a fair share of the national income. 2. There must be no legislation enacted which would result in either immediate or eventual regimentation of the American farmer. 3. The American market should be restored to the American farmer to the limit of his ability to produce efficiently; there should be no curtailment of crop production that would place him at a disadvantage, and imports should be limited to those things which he cannot supply; agriculture should be given equal protection with labor and industry under the tariff and those reciprocal trade treaties which are harmful to the farmer should be repealed. 4. The soil conservation service should be continued to help the farmer improve his land and diversify his crops, but it must not be used as a means to production control. 5. For those crops of which there are exportable surpluses, and for which marketing agreements are undertaken, the program should be adopted only after a vote of farmers affected and complete control should remain in their hands. Reasonable commodity loans, based on warehouse receipts, should be made available to assist orderly marketing. 6. The family-sized farm should be protected, in soil conservation benefits and taxation, on the same principle that provides basis exemptions for small incomes and bases taxation upon ability to pay. 7. Cooperation should be fostered among farmers and farm organizations as a means of solving their problems; co-operation to be successful should be based on sound business principles, one-member-one-vote, control by farmers themselves, and efficient management. 8. Make the extension service more helpful to agriculture by: (a) Separating this tax-supported service and participation in its benefits from any farm organization. (b) Relieving county agricultural agents of administrative burdens so they may devote all their time to the purpose for which the service was established. (c) Provide ample funds for agricultural extension, education and research. 9. Make the farm credit administration of continuing benefit to farmers by: (a) Creation of a bi-partisan board, with terms of members staggered, to administer farm credit. (b) Revise interest rates where farm loan bonds have been refunded at lower rates. (c) Provide farm credit at lowest rates consistent with sound business principles. 10. Balance the budget; insist upon economy and efficiency in local, state and federal government; eliminate and avoid duplication of public services; protect the taxpayer, and keep in mind that for everything asked of government the taxpayer must pay the bill. 11. Foster cooperation and good-will between government, labor, industry and agriculture; create confi-

TO MAKE CAMP PLANS AT TOMORROW'S MEET OF RESERVE OFFICERS

Final meeting of the Rogue Valley chapter of the Reserve Officers' association before the big contact camp here December 11 and 12 will be held tomorrow evening at the armory. Lieut. Philo D. Smith will serve as instructor on "Mobilization." He will outline the problems which will be taken up at the contact camp. All reserve officers were urged to attend in order that they may be given assignments for the camp problem. The local chapter will be host to officers from all over southern Oregon from Corvallis and Eugene south at the two-day conference next month. Since many of the reserve officers on CCC duty in the Medford district are planning to attend, as well as reserve officers on an inactive status, a large number is expected for the camp. The first day will be given over to a mobilization problem and the second day to motor transportation inspection and field ranges, using the facilities of the CCC district for the demonstration. Capt. William C. Ryan, senior instructor for the local group; Capt. Glenn J. Key, chairman of the contact camp committee; Lieutenant Smith and others are working on final arrangements. The Gypsies are coming to town.

Relieve the misery with the treatment that has been doubly proved for you. VapoRub has been proved by everyday use in more homes than any other medication of its kind—further proved by the largest clinical tests ever made on colds. Full details in every VapoRub package. Only Vicks give you proof like this. VapoRub is direct external treatment. No "drugs"—no stomach upsets. Just massage it on throat, chest, and back. Then—to make its long-continued double action last even longer—spread a thick layer on the chest and cover with a warm cloth. No Long Waiting for Relief to Begin... Almost before you finish rubbing, you begin to feel warm and comfortable as VapoRub goes to work directly through the skin like a poultice. At the same time its medicated vapors, released by the warmth of the body, are carried direct to the irritated air-passages with every breath. This double action loosens phlegm—doubles irritation and coughing—helps break local congestion. And long after sleep comes VapoRub keeps working. VICKS VAPORUB
