20c hy Fraeger's Rex Cafe Appelle Headquarters

Thursday night are setting well, and the advance sale indicates a large attendance.

Tickets may be procured in advance from any regular or volunteer fireman or by telephoning 849.

Chief Elliott today thanked the Elks for changing their dance from Thursday to Wednesday night to avert a conflict.

Proceeds from the firemen's ball will be used as usual in rebuilding and repainting discarded toys for distribution among under-privileged children at Christmas.

Old toys are now being received at fire headquarters and Chief Elliott asked for a generous donation of discarded playthings.

The firemen's project is supported by Lady Lions who assist in gathering the old toys and in providing as many new ones as possible.

To procure funds for the purchase of new toys the Lady Lions conducted a rummage sale yesterday and today.

The sale has been a complete success and it was expected that all the articles would be sold by mid-afternoon, committee in charge stated.

WIDE SUPPORT SHOWN FOR ZONTA CONCERTS

Zontians met Monday noon at the Hotel Medford for their regular semi-monthly luncheon.

Mrs. Ethelwyn Hoffman's report on the sale of season tickets to the Medford Junior Symphony orchestra

concerts indicated that the entire community is interested in helping further this civic movement.

Formation of a contract bridge club at the Hotel Medford was announced today by John Sosa.

Mr. Sosa has been conducting classes in Ashland the past three months. He teaches the Culbertson system though he knows 18 others.

Wall St. Report

NEW YORK, Nov. 23.—(AP) It was a swing-high, swing-low stock market today with leaders shifting from rallies to declines and back again with bewildering rapidity.

The better action of selected issues was attributed largely to the speculative belief that yesterday's sharp relapse would be "corrected" by at least a temporary comeback.

Business news was still far from bright and little of an especially inspiring nature was forthcoming from Washington, where efforts to push the administration's program through freshened postponement of tax revision this session.

Transfers approximated 1,700,000 shares.

Today's closing prices for 32 selected stocks follow:

Table with 2 columns: Stock Name and Price. Includes Al. Chem. & Dye, Am. Can, Am. & Pgn. Power, etc.

SAN FRANCISCO, Nov. 23.—(AP)—Butter, score, 92-96½; 91-93½.

SACRAMENTO, Calif., Nov. 23.—(AP)—Churning cream butterfat: First grade 41½; second grade 38.

FILIBUSTER ENDED FOR SENATE WORK ON CROP CONTROL

(Continued from Page One.)

ruled the legislation, opposed by southerners, would come up again automatically as soon as the farm bill is out of the way.

Soon as the house met Chairman O'Connor (D. N. Y.) of the rules committee announced his group refused to let the wage-hour measure come out to the floor.

When this became apparent the house democratic leader, Rayburn of Texas, affixed his signature to a petition which would take the bill away from the committee and bring it to a vote.

The action of the house tax subcommittee took place a few hours before the Republican membership of the house planned to meet and consider, among other things, the tax situation.

Due in House Soon Representative Woodruff (R. Mich.) who was asked to preside over the conference, said if the Republicans agreed to repeal of the undistributed profits tax it would meet with his approval "100 percent."

House leaders hoped to get the farm bill into their chamber within a day or two.

The house rivers and harbors committee began hearings today on a regional planning program, another of the president's recommendations.

The proposal would create seven regional authorities to coordinate all proposals for conserving the nation's resources, ranging from stream pollution curbs to construction of flood control dams.

Chairman Mansfield (D. Tex.) of the committee said he would submit to the members suggestions that the authorities be fact-finding agencies only. After conferences with house leaders, he said he believed congress would not grant such broad authority as the Tennessee valley authority now has.
