

MCNARY APPROVES CHAMBER ACTION ON BLISTER RUST

United States Senator Charles L. McNary is in accord with action taken recently by the board of directors of the Jackson County Chamber of Commerce on keeping the forest service intact and on blister rust control, it was shown by telegrams received by the chamber of commerce yesterday in response to letters sent the Oregon congressional delegation.

"I am in accord with your criticism of the reorganization bill and I shall oppose it," Senator McNary wired regarding the board's vote on the forest service. Under the proposed departmental reorganization plan, the forest service would be removed from the department of agriculture and placed under a new department of conservation.

The chamber board voted against any change in the setup of the forest service, maintaining it has a long record of efficient and constructive public service that should be continued.

The chamber board also went on record as favoring appropriations to stamp out blister rust which, the directors were told by experts, threatens to destroy the sugar and white pine of southern Oregon. In his telegram McNary would take the matter up immediately with the forest service and urge a larger appropriation for next year.

Another telegram from the senator showed he had been working on behalf of Medford in its effort to procure a WPA allotment of \$12,000 to complete widening of the main runway of the municipal airport. This matter also had been taken up with him by the chamber of commerce.

FOREST SERVICE PROMOTION TOLD

Promotion of Simeri Jarvi and Paul Brinson in the United States forest service was announced yesterday by Carl L. Janouch, supervisor of the Rogue River national forest.

Mr. Jarvi steps up from district ranger in charge of the Butte Falls district to assistant forester on the supervisor's staff at Medford headquarters in the federal building. Among his other new duties, Mr. Jarvi will be in charge of fire control on the Rogue forest, Mr. Janouch said. He will relieve H. C. Obye, assistant supervisor, of the fire control duty, enabling Mr. Obye to devote all his time to general administrative work, Mr. Janouch explained.

Mr. Brinson is advanced from junior forester to district ranger. He will replace Mr. Jarvi in charge of the Butte Falls district. The shifts will be made Monday or Tuesday.

DEATH COMES TO MRS. MAE RANKIN

Mae Bigelow Rankin died in a local hospital last Wednesday from a stroke of apoplexy after a year's illness. She was in her 65th year.

Mrs. Rankin was the widow of Newton T. Rankin who died on April 14, 1936. The family home was at 246 South Ivy street, Mr. and Mrs. Rankin having come to Medford 14 years ago.

Mrs. Rankin was born in Wisconsin on March 31, 1872. She was a member of Mistletoe camp, Royal Neighbors of America, having transferred to the Medford unit from Sunshine camp in Encampment, Wyo. She is survived by a sister, Mrs. Alice Woodward of Mason City, Iowa and several nieces and nephews.

Funeral services will be held in the Perl chapel at 10:30 Monday evening. The Rev. D. E. Millard will officiate. Interment will take place in Siskiyou Memorial park.

Approve County Building ROSEBURG, Ore., Nov. 27.—(AP)—Taxpayers at a budget meeting approved today segregation of \$10,000 from 1938 funds toward construction of a new county hospital. The building will cost \$30,000.

LADY SURRENDERS WEILDED CLEAVER IN SELF DEFENSE

PORTLAND, Nov. 27.—(P)—Mrs. Maud M. Hughes, sought by police for questioning about an attack upon Frank Ellithorpe, who claimed she hacked him with a meat cleaver Thanksgiving day, surrendered herself voluntarily today.

Detectives Al Eichenberger and Herman Horack said the woman telephoned headquarters and related she had left her Thursday night on a Chicago-bound train only to decide to return to Portland upon reaching La Grande.

Ellithorpe, cut in 14 places about the head, hand and leg, was in a hospital in a critical condition. Doctors gave him an even chance for recovery. He is manager of a dormitory and mess hall at Mason City, Wash. The woman told the detectives she decided to see officers after talking with friends. Nervously, she began to relate her version of the affair, claiming self-defense. Her nose appeared to be bruised.

Ellithorpe, the detectives said, contended Mrs. Hughes, a divorcee whom he had known for some 10 years, struck him from behind after he had turned off gas jets in her kitchen. He claimed she had turned the jets on to show him how she would "end it all" when the time came. Ellithorpe hinted that the cause of her alleged act was her belief that he was going to discontinue their friendship.

The man claimed to the detectives that after knocking him down he saw her take \$200 from his trouser pocket.

Beggars Unite

MEXICO CITY, Nov. 27.—(AP)—The National Syndicate of Beggars, claiming a membership of 1,500,000, applied today to the labor department for registration. Officials of the syndicate gave the headquarters as "the entire republic," and said delegates at present were touring Mexico in an effort to increase the membership. The labor department spokesmen withheld comment.

WARNING ISSUED TO AIR GOSSIPERS

HOLLYWOOD, Nov. 27.—(P)—Darryl F. Zanuck, head of the Film Producers Association, warned today that "swift and stern action" would be taken if "certain Hollywood radio commentators continue their flagrant attacks on motion picture players in the industry."

"We are keeping a sharp vigilance over the remarks of Hollywood air gossipers and will immediately move should they further flaunt the tenets of decency," said Zanuck.

PREDICT RISE IN PRICE OF SPUDS

WASHINGTON, Nov. 27.—(AP)—Agriculture department economists said today the indicated production of large potatoes dropped nearly 7,000,000 bushels in October as the result of unfavorable growing conditions.

The total American crop was estimated at 392,000,000 bushels compared with 380,000,000 last year and 372,000,000 for the 1928-32 five-year average. The late crop was estimated at 317,000,000 bushels.

The bureau reported a slight advance in prices of all varieties except russet Burbanks.

It also stated fall and winter cut crop prices may be slightly higher than last winter because of reductions in planting and market supplies.

CAPTURED TRAIN BANDITS SUFFER

LAS CRUCES, N. M., Nov. 27.—(P)—The beating administered by passengers to two young "dude" train robbers, who tried to rob a Southern Pacific passenger train west of El Paso Thursday, may cost one of them the loss of an eye and the other a serious arm injury.

Dr. C. A. Miller, county physician, said today that Harry Dwyer, 22, may lose the sight of his left eye, and it might be necessary to remove it.

Henry Lorenz, 27, suffered from an apparently semi-paralyzed right arm. Dr. Miller said the nerves had been injured, possibly because Lorenz was trussed too tightly by trainmen and passengers.

PROWLERS ENTER GASOLINE OFFICE

Robbers were busy again sometime Friday night or early Saturday morning by breaking into the office of the General Petroleum Corp. plant at 936 South Central avenue and stealing \$10 in cash, city police reported yesterday.

The money was in the petty cash drawer which was pried open with a screwdriver, city police were told. Nothing else was missing, although several drawers in a desk had been ransacked.

Entrance to the yard was effected through an unlocked back gate facing the Southern Pacific railroad tracks, city police said. The burglars then broke a window on the north side of the building and opened it from the inside, police stated.

The robbery was discovered by Douglas Kapsa, oil truck driver, when he reported for work yesterday morning.

LOAN ASSOCIATION BUSINESS SHOWS GAIN IN OREGON

WASHINGTON, D. C., Nov. 27.—(Sp.) Assets, home mortgage loans and savings of the 23 federal savings and loan associations in Oregon increased sharply during the past ten months. It was reported today by the Federal Home Loan bank board.

Between January 1 and November 1, assets rose from \$7,493,828 to \$10,771,098, an increase of \$3,277,270.

During the same period, direct reduction home mortgage loans for construction, purchase, reconduition and refinancing of Oregon homes increased from \$6,126,425 to \$9,019,021, or \$2,892,596. Such loans provide for the monthly reduction in principal and interest like rent.

Savings invested in these institutions aggregated \$4,240,300 as of November 1. Such savings are protected up to \$5,000 on each account by the Federal Savings and Loan Insurance corporation.

There are two federal associations in Medford, the First Federal Savings and Loan association and the Jackson County Federal Savings and Loan association.

The Jackson County Federal Savings and Loan association was formed recently through the merger of the Medford Federal Savings and Loan association and the Jackson County Building and Loan association. The merger has now been consummated and the association is functioning under its new title and organizational set-up, it was announced yesterday.

Total assets of the Jackson County

Federal Savings and Loan association were listed at \$843,154.28 on October 30. Loans outstanding totaled \$561,051.57 and sales contracts \$179,850.00. Total shares outstanding aggregated \$645,445.75.

TURKEY GROWERS TAKE NO ACTION

No action was taken at meeting yesterday of Jackson county turkey growers, called to discuss the threat of California labor unions, not to handle turkeys shipped from this section, unless they bore a union label. Seventy-five growers attended.

A committee was named, to report at a meeting called for next Tuesday.

Any one of these four advanced features would make the Fairbanks-Morse today's biggest plus-value radio. Hear it before you decide. Compare its performance. Why get less for your money?

Thrill to tone so lifelike that it seems to carry you to the place where the music is being played—where events are taking place. And yet... it costs no more. A very small down payment brings it to your home.

FAIRBANKS-MORSE

TURRET SHIELDED RADIO

- Turret Shielding** gives amazingly quiet reception on distant stations. This exclusive, advanced feature is one reason why there is so much less of that popping and crackling noise that mars foreign reception. The Turret Shield stops static noise-making currents before they reach the sensitive circuit of the receiver.
- This big Tone Projector** gives this receiver an extraordinary richness of tone. It preserves bass notes and brilliant highs and makes audible the overtones ordinarily lost in radio reception. It is an exclusive development of Fairbanks-Morse acoustic engineers. Look behind the cabinet and see it. Listen. What's the difference?
- Automatic Tuning** at its best, with 100 Automatic Frequency Controls. One flip of your finger tunes in your favorite station—perfectly. An ingenious electrical circuit makes this receiver automatically adjust itself to the signal of the station you want to hear. Built with watchlike precision according to Fairbanks-Morse traditions, remains for more than a century.
- Wide Arc Tone Diffuser**—scientifically designed system of acoustic reflectors that spreads sounds of all pitches to all parts of the room. You do not have to be seated directly in front of the speaker of this radio to hear the program at its best. You are all of the time so matter where you sit.
