SALEM, April 21.—(AP)—State Commander O. E. (Mose) Palmateer yesterday telegraphed U. S. Senator Copeland the protest of the Oregon department of the American Legion against delay of one year in the trial of Harry Bridges, west coast C.I.O. leader, as authorized by Secretary of Labor Perkins.

The American Legion, which has had an active part in obtaining evidence against Bridges as to his alleged membership in the Communist party and illegal presence in this country, has its evidence and witnesses ready for the trial scheduled for next month. AIR BUREAU PLANNING MERGER OF DISTRICTS

WASHINGTON, April 21.—(AP)—Air commerce bureau officials disclosed today they were considering plans for the "regionalization" of their facilities in the far western states.

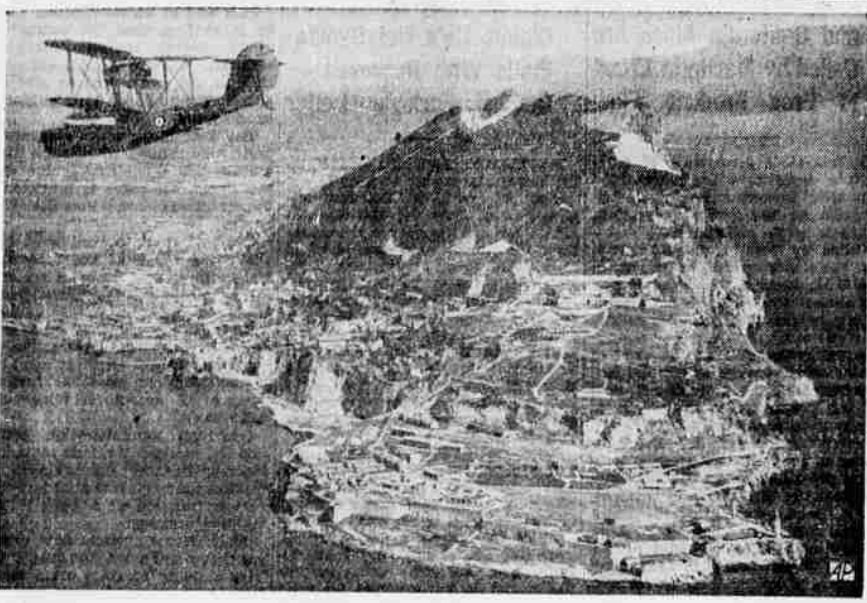

The tentative program, they said, included consolidation of inspection districts which now have headquarters in Oakland and Los Angeles and the airways district, with offices in Salt Lake City.

They were undecided, they said, as to the site of the regional office, but indicated San Francisco and Seattle, and possibly Salt Lake City, were under consideration.

Court Citation—Harvey Westberg, 28, of Seattle was cited by state police yesterday to appear in justice court next Monday at 4 p. m. He was charged with overloading a truck.

A British-Italian pact renewing old friendship will counteract, observers say, the Rome-Berlin axis and relieve England of several Mediterranean worries. In above view the Mediterranean is at the right.
