Katherine Stewart Reviews Colonial Capital for D.A.R.

Crater Lake Chapter, Daughters of the American Revolution, held a very enjoyable meeting Saturday afternoon at the home of Mrs. H. E. McElhose on Minnesota avenue.

A special feature of the afternoon program was the girls' trip from the Senior High school which is composed of Josephine Bullis, Mary Louise McKhose, and Corinne Harwood, accompanied by Dorothy Jane Hester. This musical group have become favorites throughout the city for their splendid presentations.

Miss Katherine Stewart, who spent part of her vacation recently in the east, gave a most interesting account of the restoration of Williamsburg, the seat of the old Colonial Capital. The funds for this vast enterprise are supplied by John D. Rockefeller, Jr. and when completed the city hall will be a mecca to all who are interested in early American history. The Capital building itself is rebuilt on the original foundations, as are many of the other public edifices. Furnishings throughout all the restored buildings are either authentic originals of Colonial days or copies made from data and specifications found in London where the buildings and their furnishings were designed. Guides and officials of the restored area are dressed in Colonial costumes and so accurate have been the details of the restoration that the British flag float from the Capitol building. Old prisons were also visited and described by Miss Stewart and the contrast between present treatment of prisoners and that accorded them in these early days was made.

Rawley Tavern, William and Mary College and the beautiful old governor's palace were also described by Miss Stewart, whose keen observations and descriptions of this historic place provided a most interesting and instructive afternoon.

At the close of the program refreshments were served by Mrs. C. A. Meeker, Mrs. J. H. Cochran and Miss Sara Van Meter.

Western Auto Will Launch Automotive Supply Sale Here

April showers are said to be blessings in disguise, bringing flowers in May, but there is no disguise about the advantages of the Western Auto Supply company's April shower of values which offers many immediate savings on touring needs, according to Charles Pritchett, local manager of the firm's accessory store at 101 South Riverside avenue.

This April shower of values is an opportunity for thousands of motorists to equip their cars for more care-free enjoyment of summer outings than their budget would otherwise have permitted.

More than a mere sprinkle, this event is almost a torrent, for it contains especially reduced prices on tires, batteries, motor oils and seat covers—every one of which is important to the comfort, economy and safety of your spring and summer automobile outing, Pritchett declares.

"During this April shower of values, double trade-in allowances afford savings that are greater than usual on tires and batteries," the Western Auto man points out. Worn, unsafe and unreliable equipment is now worth twice the usual allowance on the purchase of new Western Giant tires or Western Auto batteries to replace the article traded in.

"The genuine riding comfort and upholstery protection that seat covers add to year-round touring may be purchased for the limited duration of the event at greater savings than the company's usual low prices permit; while the protection to your engine of high quality motor oils is also offered at money saving prices."

Mr. Pritchett adds that in addition to the many accessories included in the event, house radios are also being featured at special reductions in price. Anticipating a large response from thrifty car owners, Pritchett has made special preparations to accommodate his customers' demands.

SHRINERS DANCE TO AID HOSPITALS FOR CRIPPLED CHILDREN

Tonight, at the Oriental Gardens, Shriners and the general public will enjoy a dancing party for the benefit of the Shriners' Hospitals for Crippled Children. The Medford dance, one of a series of nationwide benefit parties, is being sponsored by Hullah Temple and entire proceeds will go to the hospital fund. Dancing will begin at 9 p. m. and the party will continue until 1 a. m. with music supplied by Steve Whipple and his swing music makers.

The Shriners' Hospitals for Crippled Children, throughout the United States, Canada and the Hawaiian Islands, offer free hospitalization for kiddies who are crippled and who will respond to corrective treatment. Thousands of unfortunate children of all races, color and creeds have been returned to lives of social usefulness through this humanitarian work of the Shrine. Officials of Hullah Temple report that approximately 20 Jackson county children have been treated in the Portland unit during past years.

The general committee for the benefit dance is headed by Roy Elliott.
