Quality Controlled Meats

LOW IN PRICE YET BETTER THAN COSTLIER CUTS

This is a chuck roast of quality controlled steer beef. Low in price yet better in every way than the more costly cuts of ordinary beef.

Try a chuck roast tomorrow and follow Swift and Co's. recipe for roasting—Salt and place on the rack in an uncovered roaster. Allow about 25 or 30 minutes to the pound in a 325-degree oven.

Whether for guests or the family meal you don't have to spend a lot to be sure of good beef... if it has been given quality control. There is sensible economy in quality controlled Steer Beef because the cheaper cuts are better than costlier cuts of ordinary beef.
