## ADS WILL REVEAL TAXATION TROUBLE

NEW YORK, April 27. — (AP) — Stockholders of the Texas Corp. today called for a meeting to discuss the company's financial condition. The company has been advertising a campaign "to tell the facts" about business problems in relation to taxation. The motion was made by J. Newcomb Blackman, who described himself as a substantial stockholder. Previously he recommended that the Texas Corp. and other large companies take full page ads in newspapers throughout the country so that "big business can tell its story." He said: "Get the facts home to the public. Don't attack anybody. Just give the facts." He made his remarks after T. Reiber, chairman, had told another stockholder, B. F. Castle, that in 1937, the corporation paid \$104,000,000 in taxes, which he said was twice the total of all salaries paid.

## JOSEPHINE TO DECIDE EXPOSITION QUESTION

GRANTS PASS, April 26. — (AP) — Civic and business leaders today called for a mass meeting next Monday to decide whether Josephine county will participate with other Redwood empire counties in the 1939 San Francisco exposition. The county's share, prorated on assessed valuation, would be \$4874 in addition to regular annual payments. By special permission, Josephine county has been granted the right to exhibit with the eight California counties of the empire in a special building to be constructed.

## K. F. WPA EMPLOYEES FIRED FOR POLITICS

KLAMATH FALLS, April 27. — (AP) — Two WPA workers here are reported to have lost their jobs for allegedly helping to promote the campaign of one of the Oregon gubernatorial candidates. A ruling by E. J. Griffith, state WPA administrator, forbidding project workers from taking an active part in politics was cited to the two men, and they were told that they would be reemployed if they could square their status with Portland headquarters.

## \$5000 REWARD ADDED FOR FROM SLAYERS

BERKELEY, Calif., April 27. — (AP) — R. H. Renne, general manager of the plant division of the Atlas Powder company, said today his firm was offering a \$5000 reward for the person providing information leading to the arrest and conviction of the murderer of Mrs. Hazel Froese and her daughter, Nancy, of Berkeley. Renne said he was sending notice of the reward to Governor James V. Allred of Texas, who already had offered \$1000 in behalf of his state.

## SHANGHAI, April 27. — (AP) — A message received at Jesuit headquarters today said that Father Josephus Sontag, 39-year-old missionary, had been shot and killed by Chinese guerrillas at Senhsien, in Hopeti province, 110 miles south of Peiping.

## POET LESLIE HERE TO COMPILE BOOK ON BIBLE'S TEXTS

Freeman Chase Leslie, poet, and Iri Morse, writer and critic, today announced they are engaged in the composition of a 250-page book of poetry based on Bible texts. Mr. Morse settled here a short time ago with the plan of having a magazine of poetry published in Medford. He was joined recently by Mr. Leslie.

Freeman Chase Leslie.

who came here from Toronto, Canada, to work in collaboration with the critic. Mr. Leslie traveled via New York, Chicago and Los Angeles where, he said, publishers were enthusiastic over the book he plans to write here with Mr. Morse as collaborator. On each spread of the projected book will appear a complete subject. Each poem will be written around one of the popular texts of the Bible, it was explained, the text appearing as a preface to the poem. The poem

will seek to portray the beauty of the text. Around the border of the text, poems will be written. The plan is to have an artist's conception of the theme, done in pen etchings, it was stated, this being an innovation in book-making conceived by Mr. Leslie. "Completions of a book of this sort and nature requires a vast amount of research and the cooperation and co-authorship of a constantly available critic," Mr. Leslie said. "I consider Mr. Morse as able a critic as can be found anywhere in the United States and when I was unable to induce him to come east, I came to Medford. I have arranged with him for regular daily collaboration with me in the work for many months to come. During the summer we shall occupy a most agreeable studio a short distance from Medford. I can truthfully say that I am greatly impressed with this beautiful valley, its hospitable people and its delightful climate." The projected book will be titled "Sunrise of the Soul," Mr. Leslie said.

## Freshmen Sneak Into Classroom From Poison Oak

ALBANY, Ore., April 27. — (AP) — The annual "Freshman Sneak" lost its hilarity at Albany college after a dozen first-year students slipped away from upperclassmen and hid in the brush near Colorado lake. It happened to be one of the worst spots for poison oak in Linn county. Three students were taken to a hospital and several others were unable to attend classes yesterday.

## ADVENTUROUS TRIP TO BE TAKEN BY MOTHER, DAUGHTER

Mrs. Susan D. Nason and her daughter, Miss Margaret Nason, of the Old Stage road will leave here May 17 on an unusual journey that will take them within 400 miles of the north pole. They will experience extremes of climate during their extensive journey, for they will travel to the east by steamer, going through the tropical Panama Canal. On their trip to the frozen north they will be passengers on a trappers' supply ship.

Before starting their northward jaunt, the Medford travelers will tarry in the east so that Miss Nason may attend her class reunion at Wellesley college, Wellesley, Mass. The reunion over, they will continue to Montreal, Canada, and there board the freighter Nascope for the trip toward the north pole. They will be the only passengers, the only women on board. Their journey will be recorded on motion picture film. The Nascope makes a northward journey once a year, carrying a year's supply to Eskimos and other trappers of the Hudson's Bay company. It returns with the pelts gathered during the past year. The sturdy ship pushes its way to within 400 miles of the north pole. The supplies are taken on at Churchill, last point reached by railroad.

On the return trip Mrs. Nason and her daughter are scheduled to reach Halifax September 26. On the cross-country trip home they plan to stop at Chicago for a visit. From Chicago they will return to Medford by motorcar. They expect to be gone in all about seven months. Mrs. Nason read of the Nascope's yearly voyage in a New York newspaper a year ago. Enthralled by the prospects of such an adventurous trip, she made arrangements for passage this year. It took a considerable amount of correspondence and persuasion for ordinarily the Nascope does not carry passengers. And women passengers! The captain did not like the idea but finally he consented. And now all hands are anticipating a happy and thrilling adventure.

Card of Thanks. We wish to express our heartfelt thanks to our many friends for their sympathy, kind deeds and beautiful floral tributes in our sad bereavement in the loss of our beloved husband and father—Mrs. Mark Putnam. Mr. and Mrs. Glenn Putnam, Mr. and Mrs. Seth Putnam.

## OREGON TO SPEND ENTIRE FAIR FUND ON S. F. EXPOSITION

Commission Votes Formal Withdrawal From New York Project — Eastern Managers Cold, Charge

SALEM, April 27. — (AP) — The Oregon world's fair commission voted formally today to withdraw from the New York world's fair and to spend all its available funds for an exhibit at the San Francisco world's fair. Both exhibitions will be held next year.

The commission, charging the New York world's fair corporation with having a "cold and indifferent attitude" toward Oregon's exhibit, explained it withdrew because the corporation gave the Oregon site to France and then offered Oregon an inferior site. Would Transfer Fund. The commission will ask the attorney-general for an opinion on whether the unexpended funds for the New York fair can be transferred to the state's exhibit at the San Francisco fair.

The transfer of the Oregon site to France indicates that the New York fair officials "have developed a more or less foreign complex, as we understand it is their policy to give free covered space to foreign participants as compared to a very high cost to the states," the commission said in a prepared statement at a hearing here today.

It said the site which was offered Oregon in place of the old site would cost more to maintain, the commission advising states against accepting the new site.

Grover Whalen, fair manager, said that five other states in a similar position to that of Oregon agreed to the change, the commission commenting that "Mr. Whalen, whether deliberately or through an oversight, failed to mention that a majority of the states have not signed up for space in the New York fair."

Oregon Will Gain. The commission said Oregon would gain by concentrating its exhibit on the San Francisco fair, asserting many people will go there to see the west's national parks, government projects and scenic and recreational activities.

"We believe that this fair on the Pacific coast will go a long way toward cementing the spirit of friendliness and cooperation among the states. We solicit the aid, cooperation and suggestions of all state departments, county and city officials, civic bodies and citizens of Oregon. Oregon will have an exhibit at the world fair of the Pacific that is truly representative of our great state."

## 2-YEAR TERM FOR ROSEBURG RAPER

ROSEBURG, Ore., April 27. — (AP) — A two-year penitentiary sentence was imposed in circuit court today

upon Jim Kikendall, convicted at the last regular court term of the crime of rape. Because Kikendall has been in the county jail for two months as a result of an appeal for a new trial, Judge Carl Wimberly stated the time would be credited against the penitentiary term. Kikendall was accused of an offense against a minor girl hitch hiker from Forest Grove. Laurence Grant Jensen, arrested last November on a charge of bad checks, and who was given a stay of execution from a sentence of one year in the penitentiary, was paroled today and was released from the county jail. In justice court a preliminary hearing was given John Standliffe, 36, of Roseburg, arrested yesterday charged with rape upon a 18-year-old girl. He was ordered held for the grand jury, with bail fixed at \$2500.

THIS BIG BEAUTIFUL **Chrysler Royal!**

**"20 Miles Per Gallon"**  
"On trips, I get about 20 miles per gallon with my Chrysler Royal Coupe and average 18 around town. The engine is smooth and powerful. So are the safe hydraulic brakes. The car rides beautifully. The extra roominess permits three people to ride comfortably on the big, wide seat. It's a lovely car to drive... so easy to steer and to park and so restful on long drives."

**"Ideal for Salesmen"**  
"Any salesman driving 18,000 to 20,000 miles a year, as I do, will find the Chrysler Royal ideal. Child's play to park. No effort to steer. Very quiet and comfortable. Big storage space. Power to spare."

**"Rides Like a Rocking Chair"**  
"I sit in my Royal as in a big rocking chair. It's smart... looks like a lot more car for a little extra cost. Easy to drive and park and the hydraulic brakes are quiet and sure."
