The Future Craftsmen Club is composed of those students who choose the Trades Apprentice Course. The boys usually work on the job afternoons and Saturdays, carry regular school subjects in the morning and an Industrial Relations Class daily. They have regular meetings and activities arrange for three annual events of importance, the State Convention, the Apprentice-Employer Banquet and The Trades Fair.

Mr. L. A. Mentzer, coordinator and advisor for the Craftsman reports that there are twenty-four graduates of this department who are either on their original jobs or are working at the trade they were trained for.
