

SAWMILL WORKERS TO GET BENEFITS

PORTLAND, Ore., May 12.—(AP)—Sawmill workers in six Portland plants won their fight for state unemployment benefits yesterday when the commission approved payment of more than \$250,000 to 2,000 workers. The benefits were allowed, T. Morris Dunne, chairman of the commission, said, after employers and workers stipulated that no labor disputes existed in the mills after dates ranging from February 2 to April 15. Employees of some of the mills were idle for six months or more during an AFL-CIO jurisdictional dispute. Dunne said maximum benefit

STATE WILL REDUCE ACCIDENT INSURANCE

SALEM, May 12.—(AP)—The state industrial accident commission announced today that insurance rates would be reduced July 1 for 54 classes of industry, saving employers \$106,213 a year. The commission's fund totals more than \$7,000,000, and between 35,000 and 42,000 claims are filed each year. Industries affected by the reduced rates include mining, cement manufacturing, box and furniture manufacturing, leather products, laund-

dries, butter and cheese manufacturing, garages, telephone and telegraph construction, meat markets, county peace officers, janitors, firemen and dock warehouses.

Gladiolus Show Tentatively Set

GRANTS PASS, May 12.—(AP)—The third annual Grants Pass gladiolus show dates have been tentatively set for August 12 and 13. They will be definitely decided after the Washington state exhibit is scheduled. A committee rejected offers to underwrite the show if it would be moved to a neighboring city. Following success of the first show, last year's exhibits drew national buyers to view hybrids created by leaders of the \$250,000 Rogue river valley bulb and corn industry.

party worker always does the best job for the government."

Political clearance—the endorsement of the Guffey machine—was not demanded of actual relief clients seeking Pennsylvania WPA employment. But every one of all the thousands of foremen, supervisors, time-checkers and the like were required to be faithful Guffey workers.

The method of hiring these well-paid WPA officials was simple indeed. When the segregation Mr. Jones required men, he notified the state committee in Harrisburg. The committee checked over its lists of deserving Democrats, supplied "clearance papers" to the best vote deliverers, and sent them along to Mr. Jones. After that, a life of federal bounty was their fortunate lot.

Just as the foremen and supervisors in the steel plants used to tell the workmen to vote for Senator Penrose's Republicans, these WPA foremen and supervisors told the relief workers to vote for the Guffey candidates. In spite of the pious protestations of Washington WPA officials, all this is universally admitted by the franker Guffey henchmen. As Mr. Bailey, the senator's secretary, once said: "Those foremen are non-designated jobs. If good Democrats can have them, hell's bells, why shouldn't they?"

The Guffey political juggernaut in Pennsylvania is now split asunder, however, and the split has even affected the Guffey progress administration. Since clearance for all the WPA foremen and the like went through the state committee, most of these servants of the people owe their allegiance to State Chairman Lawrence and his friends, Messrs. Kelly and McCloskey. In certain poor wards in Philadelphia, an actual majority of the Kelly-McCloskey committeemen hold WPA jobs.

erritors and similar officials. Not long ago, one Schuler, who ran the WPA in big Luzerne county, was removed from his post. There have been other signs that the Lawrence-Kellyites in the WPA would be frightened into line for Guffey. Thus the recent letter of protest to WPA Administrator Harry L. Hopkins, from Philadelphia's Boss Kelly. Mr.

Kelly was not really deprecating politics in the WPA. He was merely fearful that Guffey politics would be instituted for Lawrence-Kelly-McCloskey politics. And the chances are that they will be. In the next few days, more shifts of important officials are said to be scheduled. More top men will have their heads cut off. And, above all,

thousands of new foremen, supervisors, time-checkers and so on are being added to WPA's Pennsylvania rolls under the program of relief expansion. Before the primary on May 17, the political army on the WPA roll will probably have been increased from an original 8,000 to 11,000 or even 12,000. The new men will be all hand-picked Guffeyites, and un-

less the senator is a great deal less smart than he seems, the WPA vote will be a Guffey vote. If this is the sort of thing that can be done when the White House is not especially interested, one wonders what will happen in Kentucky, for example, where the defeat of Senator Alben Barkley would be a body blow to the new deal.
