

ROADS IN UPLANDS ARE BEING PLOWED FOR VACATION USE

The following recreational bulletin was issued today by Rogue River national forest headquarters:

"Snow plowing into the higher elevations is being done on three separate roads within the forest. A state highway maintenance crew is plowing the Diamond lake highway. The men have it open for about six miles. Travelers are warned to keep off the highway to prevent interruption of the work.

"The Fish lake road was open last night to Big Elk junction and work on the remaining distance was being carried on today. The road into the summer home area at the dam will not be opened. Klamath county is doing snow plowing on the road to Lake of Woods from the Pelican guard station. It is not definitely known when the road will be open to use.

"Fishing is reported as fair in the Union Creek district, with a number of small catches being made in the Copco dam. Bait fishing in Elk creek is reported fair. Small catches are being made in the middle fork of the Rogue river. The Rogue between Prospect and Trail is only partly clear and poor for fishing. All the forest roads in the Union creek area are closed by snow. Elk creek road is open from the highway to Persist, 15 miles.

"Trail creek road is open to Swingle mill, six miles from highway. Union Creek, Woodruff Meadows, Natural Bridge and Farewell Bend forest camps are open for use. Wild flowers and shrubs are in full bloom all along the highway and in Elk and Trail creek areas. The snow is melting slowly in high spots on account of cold weather. Snow depth on the Rogue River-Dmpqua divide is reported as 17 feet.

"The Lodgepole road, popularly called the Snowdome road, is open about one and one-half miles beyond the Blue Rock road junction. The road from Butte Falls to Prospect, from Prospect to Innaha and from Innaha to Lodgepole is open. The road to Lodgepole is also open. It is now possible to get to south fork of Rogue river and Nicholas creek forest camps. Big Butte creek is still too high for good fishing.

"The north fork of Little Butte creek has yielded good catches. South fork of the Rogue is clear and inviting. Fish lake is still good. Wild flowers around Butte Falls and on the Butte Falls-Prospect road are abundant.

"Fishing will be poor in the streams in the Applegate this week-end on account of high water due to the melting snow. Several fair catches have been made lately in Squaw lake by using eggs and worms. The road to Squaw lake is open within 1 1/2 miles of the lake. The roads in the lower elevations are in fair condition. Beaver Creek road is open for a distance of 13 miles and Ashland peak road is open approximately nine miles. Deep snow drifts block further clearance of these roads. Many wild flowers and shrubs are now in bloom in the higher elevations.

"Road to Hyatt lake is open and in fair condition with the exception of several bad places. Chains are not needed."

BLIND BOGEY ON WEEK-END AGENDA

A blind bogey tournament will be held Saturday and Sunday at the Rogue Valley Golf club, it was announced today by Manager George Robertson, with ball prizes to be awarded winners. It was decided to hold the tourney instead of sending a team to Eureka, Cal., Sunday for an inter-city match. The team will travel to Eureka later in the summer.

Bob Hammond came within one stroke of equaling the course record of 64, set by the late H. Chandler Egan, when he put scores of 31 and 34 together yesterday afternoon for a brilliant 65, five under par. Hammond and Leland Clarke, Jr., plan to enter the Northwest Amateur tournament in Portland this summer.

SAVAGE RAPIDS BEST SALMON FISHING SPOT GRANTS PASS, May 20.—(Sp)—Fishermen still were sitting on the river bank, on bridges, wharfs, and in boats Thursday waiting for the second run of salmon to start.

Despite lack of luck in the lower stretches of the Rogue, fairly good results were received by anglers at Savage Rapids Wednesday, with 12 fish reported taken.

FAVOR WASHINGTON IN NORTHERN MEET

SEATTLE, May 20.—(AP)—With Washington a slight favorite, the six colleges and universities of the northern division, Pacific Coast conference, open their two-day track and field championship this afternoon.

Besides the fight for individual and team titles of the northern division, the meet will give southern schools a glimpse of what they will face in the Pacific coast championships at Berkeley, Cal., May 28.

Washington State college, which has won the meet the last five years, is defending champion, but its defeat by the Huskies last week gave the latter an edge today.

"NO MAN CAN MAKE A GOOD COAT WITH BAD CLOTH"

—AN OLD PROVERB

When Hills Bros. began business in 1878, they decided to use only the best grades of coffee in their blend. This early decision has become a tradition. And it will always be lived up to, because Hills Bros. have learned through sixty years of experience that no roasting method—no grinding or packing process—can ever make fine coffee out of poor grades of coffee.
