

CONFLICT IN CHINA BRINGS PROBLEMS FOR MISSIONARIES

Many of 6000 Church Representatives Directly Involved in War Risks and Hardships—Future Dark

By Elmer W. Peterson
SHANGHAI.—(Correspondence of the Associated Press)—To the American missionary movement in China, the greatest organized endeavor of the kind in the world, the Chinese-Japanese war has brought serious problems, both present and future, and an abundance of hard work and danger for individual missionaries.

Many of the 6,000 missionaries have been directly involved in war risks and hardships. Mission property has been bombed and shelled. Mission compounds have been barricaded against fighting just outside their walls. Some missionaries have seen their towns change hands more than once.

Death For Some
A few missionaries have met violent deaths since the war began but nearly all these were due to isolated affairs well behind the battle lines. This is in contrast to the Boxer uprising of 1900, in which more than 200 occidental missionaries and members of their families were slain.

The end of the war is sure to bring new problems, no matter who wins. Victory for the Japanese would see the extensive foreign missionary influence tested against Japanese controls and Japanese plans for spreading their "new culture" in China.

A Chinese victory, experienced observers believe, may see the spread of anti-foreign sentiment as part of a great revival of Chinese national consciousness. Manifestations of this spirit, seeking a China free of foreign interests and falling to distinguish between the foreign missionary and the foreign business man, brought missionary killings in 1927.

Investment Periled
Either way, therefore, the \$43,000,000 investment in China of United States missionary and philanthropic societies, with an expenditure of millions of dollars annually, is sure to be vitally affected by policies of China's post-war masters.

Should the Chinese win, however, the missionary movement can hope for help from Generalissimo Chiang Kai-Shek's support of Christianity and from a widespread appreciation of the manner in which missionaries have coped with the tragic problem of providing food and shelter for millions of the war's destitute.

Medical missionaries have saved thousands of lives and inoculated scores of thousands against infectious diseases. Relief committees have labored at Shanghai, Nanking and other centers of suffering without attention to creed, Catholics and Protestants working side by side for the stricken populace.

In some instances American missionaries, safeguarding mission property and their native followers, have dealt with Chinese regulars, guerrillas and bandits and the Japanese army, in quick succession.

Safe Land Courage
Japanese military leaders have paid tribute to the courage of American missionaries, many of whom have remained at their posts in beleaguered and ultimately captured cities.

American Protestant missionary activity can be said to have begun in China in 1807. In 1937 there were 1,000 missionaries in the country, representing 30 societies. In 1937, there were over 6,000 American workers of 107 societies.

In 1935 total American holdings in China were estimated at \$240,000,000, of which the property of missions and philanthropic organizations came to \$43,000,000.

The first Catholic mission was founded in China at the start of the 14th century. In 1936 the Catholic movement included 16,197 schools, 413 orphanages, 236 hospitals and asylums, in addition to churches.

Protection of missionaries and their safe withdrawal from danger zones has been a major concern of various occidental governments concerned.

Pictures in Pine Knots
ALGOMA (UP)—For the past three years Miss Gertrude Cox has collected pictures formed by knots in pine blocks as a hobby. Among her collection of 35 specimens are to be found a chicken picking its way across a yard, a lamb rearing, an Irishman with a broad smile, an Indian chief marching, and Santa Claus.

Cleveland Industry High
CLEVELAND (UP)—Industries of the Cleveland area, including Cuyahoga and Lorain counties, exceed all those in Mississippi, Arizona, Nevada and New Mexico combined and the workmen employed make up an army three times as great as all the employees in the industries of the four states named, according to a survey.

Sleep Walker Shoots Self
PALO ALTO, Cal. (UP)—Billy Azavedo, 18, high school athlete star, shot himself while asleep. While walking about his room he either fell or bumped into a 22-caliber rifle, the bullet striking him in the stomach. The wound was not serious.

APPLGATE STUDENTS WILL PARTICIPATE IN PROGRAM AT ASHLAND

BIG APPLGATE, May 26.—(Sp.)—Completing their work in the "little red schoolhouse," 16 pupils of the Applegate valley will have the privilege of participation in the eighth grade graduation exercises at Ashland, Friday, May 27.

Allan Hawkins, Ruth-Sterling graduate, received the highest score in the county in the Stanford achievement tests. Other graduates include: Wesley Davis, Lyle Rose, Barbara Mee, Betty Gleason, Barbara Bentley of Applegate; Merion LeRoy, Bob Hyde, Delbert Bristow, Ruth-Sterling; Norman and Wayne Mead and Annabelle Hoxworth, Forest Creek; Mary Hansen, Uniontown; Virginia Medley, Little Applegate; Rosella Offenhacher, Beaver Creek; Dale Montgomery, Watkins.

Mrs. Kathryn Denzer, teach at Applegate, expected to entertain her eighth grade class with a swimming party at Helman's in Ashland, Thursday, which would be followed with refreshments served at her home in Medford.

Local pupils who have just received final certificates in the Riles system of business penmanship include Russell Mee, Eddie Hall, Ellen Wall, Dorothy Bristow, Luella Taylor and Bob Hyde of Ruth-Sterling; and Barbara Mee, Barbara Bentley, Betty Gleason and Beulah Balderstone of Applegate; Archie Kitchin, fifth grade, and Bill Hyde, seventh grade at Ruth-Sterling, received certificates in their respective grades.

TWO CCC CAMPS UNDER NEW FLAG

WASHINGTON, May 26.—(AP)—The interior department announced today it would take over two civilian conservation corps camps on the re-vested grant lands of the old Oregon and California railroad in western Oregon, on June 1.

The camps, located at McKinley and Sitkum, have been under the jurisdiction of the department of agriculture.

Land commissioner Fred W. Johnson said the interior department planned to establish a third camp on the 2,500,000 acres of former railroad lands. Pending its construction in the vicinity of Elkton, temporary quarters will be set up at Gunther.

The interior department acting under a recent act of congress, is preparing a program of timber conservation for the grant lands.

FAMILY OF DOLORES EATS UP HER INCOME IS REPLY TO FATHER

MINNEAPOLIS, May 26.—(AP)—William Brown, 43, president of powerful General Drivers Union 544, was shot to death last night, and police said today they had a confession from a man who had quarreled with him over union funds.

It was the second labor slaying here in six months. Echoes of the unsolved Patrick J. Corcoran killing November 17 still were reverberating as Brown's body was found slumped in the front seat of his car near union headquarters. A coroner's jury reported two days ago Corcoran, an officer of the driver's union, was killed by "a person or persons unknown."

Police Chief Frank Forestal said Arnold Johnson, 33, an organizer for local 544, an AFL affiliate, confessed he had shot Brown twice, and then walked into a nearby tavern and reported the killing to Miles Dunne, a trustee of the union.

She says she now is supporting herself, her two children—offspring of her marriage to John Barrymore—Helene and her father solely on the income from investments.

When Helene became ill last November, Dolores asked her father to move to a less expensive apartment and cut his living expenses, she declared. But, she says, he refused to do so.

EX-UNION ORGANIZER HELD IN BREAKING OF 500 STORE WINDOWS

KANSAS CITY, May 26.—(AP)—A former organizer for the Retail Clerks' International Protective association was under arrest today and another recent organizer was sought as police pushed an inquiry into the breaking of more than 500 windows and setting off of 11 bombs here since January 1.

Meantime federal officers entered the case on the basis of letters seized in a raid on the offices of W. H. (Wally) Mahan, the man sought. The federal bureau of investigation and postal inspectors said they desired to ascertain if threats had been sent through the mails.

Mahan, ousted yesterday as organizer, is sought on charges of malicious destruction of property. The man arrested today, in St. Louis, was identified as C. W. Duncan, Mahan's predecessor as organizer for the clerks.

Police Director Otto P. Higgins said he had signed statements accusing Duncan and Mahan of responsibility for breaking windows of stores which refused to sign labor contracts.

SEMINOLES WILLING ADOPT WHITE WAYS EXCEPT FOR PANTS

BRIGHTON, Va., May 26.—(AP)—The Cow Creek Seminoles decided today to adopt the white man's civilization in part but made sure they would be allowed to keep on living in their palm-thatched huts and wearing their striped skirts.

They expressed their desire before H. A. Zimmerman of Washington, assistant commissioner of Indian affairs, in a "talk" deep in the Everglades last night, the first conference they have held with United States officials since the Seminole Indian war in 1837.

Richard Osceola, spokesman for 80 tribesmen, told Zimmerman his people want a school, a small hospital and a community building. They also wanted cattle and horses to ride herd with.

But Osceola asked Zimmerman: "Is it true that the government will wear us to live in houses like white men and wear clothes like white men if we accept these things from us?"

"It is not true," the official replied. "Heap good," said Osceola. "Indians must live in air and sunshine. Must dress as fathers dressed."

ROGUE RIVER

ROGUE RIVER, May 26.—(Sp.)—Commencement program of Rogue River high school was held in the auditorium Thursday night, May 19.

A class of thirteen received their diplomas and are as follows: Evelyn Jones, Mary Olson, Lucille Magerle, Nora Hollister, Joe Jones, Harry S. Norburg, Raymond F. Cunningham, Keith Palmerston, Howard Snow, George P. Martin, Lawrence Van Hoy, John Jacobs, and Roy Plank.

The following program was given: Processional, Minnie Guy; invocation, C. L. Roberts; song, "The Snow," girls chorus; salutation, Keith Palmerston; presentation of awards, W. V. Dennis; valedictory, Evelyn Jones; song, "Sea Gypsy," boys chorus; Address, Sherman L. Divine; piano solo, Orva Jean Blackburn; awarding of diplomas, C. H. La Crosse; song, "Swing Low," mixed chorus; benediction, C. L. Roberts; recessional, Minnie Guy. A large attendance of friends and relatives were present to enjoy the program and to congratulate these young folks on their success in school.

Mrs. Floyd Dick left Monday night for Pendleton, Ore., to attend a convention of the Federated Clubs of Oregon. Mrs. Dick is president of the Federated Clubs of this district. Miss Alice McLaren is staying with Eileen and Donald Dick while Mrs. Dick is away.

Mr. and Mrs. John Sheley who have resided in Rogue River the past three years, moved to near Medford Monday. While here they made a host of friends who regret to see them leave. Mrs. Sheley has taught in the primary grade the three years and will be greatly missed in the school where she has given the best of service. The best wishes of this community go with them to their new home.

Mr. and Mrs. Alfred Henning and small son of Oakland, Calif., and Mrs. Gus Hedberg of Ashland were dinner guests Thursday evening at the Wiley-Carter ranch home.

Mrs. Elizabeth Fowler left Monday morning for a trip to Scotland. She will stop and visit at various places

JEWISH REFUGEES GAIN FRENCH LINE

MEZ, France, May 26.—(AP)—Forty Jewish refugees from Germany and Austria were admitted provisionally into France today. Eight hundred others were reported waiting across the border.

The forty admitted were described by French officials as having money—the prime requisite for entrance into France—and twelve were said to possess tickets for New York.

Conditions in refugee camps inside Germany were described by the emigrés as a "sorrowful spectacle." The arrivals here said some refugees still in Germany had tried to drown themselves and others had attempted suicide by slashing their wrists.

They declared neither Luxembourg nor Belgium would admit Jews and that their only hope of leaving Germany now was through France.

Bone Fracture Week
EANTE, Cal. (UP)—Three members of one family living in three different cities all suffered broken bones in a space of one week. Mrs. W. J. Davis, 76, living here, started the series by breaking her arm. Then her daughter, Mrs. Stella Hankel, of El Centro, Cal., broke an ankle after which Mrs. Davis' son, J. C. Davis, of Los Angeles, fell over a ladder and broke a leg.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers relieve nagging backaches quickly, only they discover that the real cause of the trouble may be waste out of the blood. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent urinate passages with stinging and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backaches, rheumatism, leg pains, loss of sleep and energy, getting up at night, swelling, puffiness under the eyes.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They are happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
