

FOREST CAMPS READY FOR USE; ROADS CLEARED

Recreation Centers Already Open Proving Popular — Fishing Is Still Poor in Streams, Lakes Good

The following recreational bulletin was issued today by Rogue River national forest headquarters:

"High water continues to cause rather poor fishing conditions in most streams in the forest.

"Squaw lake is too muddy but good results are being secured at Fish lake, fair at Hyatt lake. Many roads are open this week-end for the first time this season.

"Road to Lake o' Woods from Klamath Falls is open and in fair condition; from the Medford side it may be open by Saturday. More definite information will be available by this evening.

"Snow is being plowed from the Diamond Lake highway by the state, and it is expected that it will be open to one-way traffic to the south end of the lake by tonight; chains will be needed.

"Union Greek summer homes are now accessible.

"Squaw Lake road is passable, although the last mile is very rough. The Butte Falls-Fish Lake road is in good condition and the summer homes at Fish lake can now be reached. Lodgepole branch of that road are open as well as about two miles of the Blue Rock road.

"Bait fishing at Copco dam is fair, small catches are being made in the middle fork of Rogue river about four miles east of Prospect. Fair luck is being experienced in Bitterlick and Sugar Pine creeks and in Fourbit and the north fork of Little Butte creek. All Applegate streams are poor.

"Many of the forest camps are now available. McKee Bridge camp continues to be popular and adults as well as children are enjoying the new playground equipment. Other camps open in the Applegate district are Cook and Green, Thompson (to be reached by way of Applegate post-office, because the low water bridge at Carberry creek is still under water) and Beaver.

MAJOR WIELAND EYES NEW POST

Maj. Paul H. Wieland, who has been ordered here from Fort Lewis to serve as district executive officer with the CCC headquarters, visited Medford yesterday and made arrangements for a house. Major and Mrs. Wieland and their two children will arrive here June 16.

Major Wieland was flown to Medford by Maj. Guy H. Gale of the Fort Lewis air corps detachment. They spent several hours in Medford and returned to Fort Lewis last night.

Major Wieland is to replace Maj. Ben Stafford, who has been ordered to the command and general staff school at Fort Leavenworth, Kan. Major Stafford will go on leave June 9 but plans to remain here until July 1 before starting east.

Publisher Worth Million YAKIMA, May 27.—(AP)—Appraisal of the estate of the late Col. W. W. Robertson, publisher, fixed its value at \$1,636,598 in superior court yesterday. The estate included real estate, bonds, cash and stock in the Republic Publishing company.

Auto Racer Hurt PORTLAND, May 27.—(AP) Jack Spalding, midget automobile racer, received internal injuries last night when his car turned over on the speedway at Jantzen Beach park. Hospital attendants reported his condition was not serious.

OVER 400 KILLED IN REBEL RAID ON PORT OF ALICANTE

The civil governor of Alicante estimated today that well over 400 persons were killed by the insurgent aerial bombardment of the eastern seaboard city Wednesday. Many wounded had died since the first estimate of 250 dead.

Japan's remodeled, "quick victory" cabinet moved today to quicken the lagging war against China, a week of suspense in central Europe had frayed Czechoslovakian nerves and Mexican government announced surrender of 1,100 rebels.

Adding to this catalogue of the world's conflicts, Spanish insurgent bombs kept many residents of the French border town, Cervera, huddled in underground refuges until early today.

French border officials believed the air attack was only a "tragic error" and that Port Bou, on the Spanish side of the border was the insurgent objective. Eight planes dropped 15 bombs before retreating from French searchlights and Spanish government anti-aircraft fire—but all bombs landed on French soil and flying glass wounded three persons in Cervera.

Czechoslovakia, half engulfed by big Germany's borders, has been fearful of similar raids through the past week of fluctuating truces.

Actual trussing by German warplanes heightened Czechoslovakia's fears, Czechoslovakia, upon German representation, had taken steps to prevent her own airmen from crossing the border.

The future of Czechoslovakia's German people, demands of their Nazi leaders for autonomy and what would come of Adolf Hitler's declaration he would "protect" them were still unsettled.

Japan's armies had made no important progress for nearly a week. Stubborn Chinese, reforming their lines after the fall of Suchow, delayed the drive westward along the Lung-hai toward Chengchow, where the Japanese hoped to wheel to the south to assault Hankow, provisional Chinese capital.

In Mexico's little civil war, the government reported wiping out a band of 25 rebels which derailed an international train yesterday.

DINNER AND DANCE ON PROGRAM FOR LAUNDRY OWNERS

Featured by three speeches on technical phases of the industry, given in the Hotel Medford basement this afternoon by nationally-known laundry men, the 18th annual convention of the Oregon State Laundry-owners association was in full swing today, with 90 delegates registered so far and probably a dozen more expected before the day is over. A dinner and dance at the Hotel Medford, convention headquarters, this evening at 7 o'clock will bring to an end the first day of the gathering.

The convention will close Saturday night, with the annual banquet and installation of officers in the Hotel Medford at 7 o'clock. Election of officers and selection of the 1939 convention city will take place during the business session tomorrow afternoon, starting at 3 o'clock in the hotel basement. Secretary, treasurer and committee reports will also be made at the business session.

At the opening convention session this morning, called to order by Glen Fabrick of Medford, president of the association, committees were appointed as follows: Registration and credentials: Duane Lawrence, Portland, Al Osmund, Portland and Jean Selby, Medford; resolutions: Ivan Thatchers, Bend and Rudy Windshar, McMinnville; auditing: Carl Field, Eugene, Charles Westaway, Portland and Fred Farris, Klamath Falls; entertainment: Mrs. Glen Fabrick, Sr., Medford and Al Loflin, Seattle; golf: Henry Feldman, Portland, Dick Knoffel, Oregon City and C. G. Gregory, Portland. City Attorney Frank P. Farrell gave the address of welcome to the delegates from all parts of the state, and the response was made by Ivan Thatcher of Bend. The Rev. E. S. Bartlam of Medford gave the invocation and conducted memorial services. Mr. Fabrick gave the president's report, and Mrs. Glen L. Fabrick, Sr., gave the report of the ladies' entertainment committee.

At noon, a luncheon for the men was held at Valentine's cafe, conducted by Bob Wright of Medford, and the women gathered in the Hotel Medford for luncheon. This afternoon, while the ladies were enjoying drives around the valley or attending theatres, the men were listening to highly interesting speeches in the hotel basement.

Fred S. Wilson of San Jose, Cal., addressed the delegates on "How the Institute can Help Solve the Problems of 1938." Joseph Swartz of Syracuse, N. Y., spoke on "Merchandising Laundry Services," and "Labor Relations and Proper Legislation," was the subject of an address by Daniel Hay, secretary Associated Employers of Oregon, Salem.

For the ladies, tomorrow's program will be featured by the musical and card party at the home of Mrs. Fabrick, Sr., at 106 Crater Lake avenue, at 12:30 p. m.

Two more technical speeches will be given tomorrow morning, luncheon for the men will be at noon, another speech is scheduled for 1:30 p. m., and the business meeting will then be called.

Jack Weiss of The Dalles won the medal handicap tournament at the Rogue Valley Golf course yesterday for delegates, shooting the 18-hole course in 68, net. By his victory, Weiss won the Henry Feldman trophy awarded each year. Runner-up was Gus Feldman, with a net 70. He was awarded the President's cup. Twenty-eight delegates entered the tourney, and all were high in their praise of the beautiful Rogue Valley course.

LAKE O' WOODS UNDER PHELANS MANAGEMENT DURING COMING SEASON

Capt. H. P. Phelan, who commanded Camp Oak Knoll in the Medford CCC district for nearly five years, has taken over the management of the Lake o' the Woods resort and will open the resort in a few weeks.

Captain Phelan left the CCC service two months ago and has been mapping an ambitious program for the Lake o' the Woods resort this summer. With Mrs. Phelan, who will assist him in directing the various resort activities this summer, he has already started the work of reconditioning the various buildings and departments and there is a crew of five men employed there this week. The road into the lake was opened recently from the Klamath Falls side, although the road from the Medford side is not yet open. Captain Phelan has announced plans for an on-board motorboat regatta July 3 and 4, with a huge cup as

PURSE STEALER MAY BE GRANTED PAROLE

Walter Speck, 19, entered a plea of guilty in circuit court yesterday to jurely and the sheriff recommended that he be given a parole to permit him to leave the state and proceed to San Francisco, where he has a job. Speck, who has six aliases, admits taking a purse containing \$4 from a counter in the A. W. Walker retail office. The purse belonged to Mrs. Walker.

The court indicated it would follow the suggestion of the sheriff. Speck has a long record of petty offenses, none serious, according to the district attorney's office, ranging from vagrancy to taking a car. He claims to be a sailor.

FOUR TEST HOLES DUG ON PROPOSED DAMSITE

The reclamation service crew, drilling at the Lake Creek-Little Butte

Creek proposed irrigation site, has drilled four test holes to a depth of 75 feet, according to Clinton Smith, county watermaster. Tests so far show solid rock formations, impervious to water on the Little Butte side. Test holes will also be dug on the Lake Creek side.

A reclamation surveying crew is also at work drawing topographical maps and making preliminary surveys and measurements, which will be embodied in the reclamation bureau recommendations. The drilling and surveying will not be completed for another month or six weeks, it is expected.

The Kohinor diamond has been part of the British crown jewels since it was presented to Queen Victoria in 1849.
