Junior Division of Music Club To Present Playlet for Public

Wednesday night at 8 p. m. at the Baldwin Piano Shoppe, the Medford Music club will present to the public their final program of the club year at which time the Junior division sponsored by the club will present "National Notes," a playlet representing 11 nations.

This group has been under the leadership this year of Mrs. Effie Kurta, district vice-counselor, and have given several interesting programs for their mothers and friends. They will be assisted by the Junior club of Ashland, which is under the direction of Mrs. Frieda Ernestine Hartley. This program is the same to be presented by the combined groups in Portland next month for the western conference of the National Federation of Music clubs.

The 14th will be junior day and Mrs. J. W. Hazen, junior chairman, reports a registration of 247 children from 53 clubs, these groups making up the entire program of the day followed by a concert by the Portland Junior Symphony orchestra, under the direction of Jacques Gerschwoltz.

HANKOW, CANTON HEAVILY BOMBED BY JAP AIRMEN

Hongkong dispatches said the Japanese air forces spread their attacks over a wide area around Canton, raiding many towns in central and northern Kwangtung province. Refugees, including some American and other foreign women and children, poured into British Hongkong for safety. Hongkong officials estimated the colony had received 24,000 refugees since Saturday.

Meanwhile, the Chinese said that large numbers of Japanese were trapped in a 21-mile square segment of the 250-mile central China front, from which the Japanese hope at a strategic moment to attempt a general offensive on Hankow, China's provisional capital.

Vital Centers in Chinese Defense See Thrilling Battles Between Invading Airships and Chinese Force

SHANGHAI, May 31. — (AP) — Japan's air forces today struck heavily at two centers vital to Chinese resistance. Hankow, provisional capital, and Canton, southern metropolis and gateway for war supplies from abroad. Thirty planes attacked Hankow, and Japanese accounts said they shot down 18 Chinese planes in dog-fights over and near the city. The Hankow air field was heavily bombed. Japanese admitted one of their own planes was missing.

It was the first big raid on Hankow since that of Emperor Hirohito's birthday, April 29, in which over 50 Chinese and Japanese planes fought a half-hour's indecisive battle. (Each side declared the other lost heavily in the April 29 fight.)

Canton, through which most of China's munitions from abroad pass, was raided for the fourth successive day, but Chinese said that four of 22 attacking planes were shot down.

JARMIN'S CLOSED! WATCH TOMORROWS PAPER FOR SENSATIONAL ANNOUNCEMENT. by insurance. When you reach retirement under the Reynolds plan, the company sends you a check each month for the rest of your life. It's certainly great to be a Camel worker! COSTLIER TOBACCO? Has Camel got costlier tobacco? Listen—I'm looking at it, folks, in the picture above. And there's a hundred million dollars' worth of it right here at Winston-Salem. That tobacco looks so g-o-o-d, smells so g-o-o-d. If you're smoking a Camel, you're smoking some of those finer, costlier tobaccos just now. How do they keep this tobacco 'just right,' the way you like it? They make the workroom 'weather' themselves with a wonderful air-conditioning plant. And, besides, they actually walk the air every few minutes. Do the Camel folks like to work in that place! In the last picture, I'm watching those costlier Camel tobaccos going into finished cigarettes—millions and billions of them. There's a lot of pleasure coming out of those machines. I said to my guide, 'IN FACT, YOU CAMEL PEOPLE AND I ARE REALLY IN THE SAME BUSINESS—MAKING MORE PLEASURE FOR MORE PEOPLE!'

"YOU SHOULD SEE WHAT I SAW WHERE CAMELS ARE MADE" BY Eddie Cantor. AMERICA'S LAUGH KING, Eddie Cantor, has his serious moments too. His uproarious "Cantor's Camel Caravan" broadcasts (every Monday night—Columbia Network) command respect because of his sincerity in his work. And Eddie's truly sincere in his self-termed job of "Camel Radio Salesman." Says salesman Cantor, "Everything isn't too much to know about a cigarette like Camel." Eddie took a trip to Winston-Salem, home of Camel cigarettes. Here is what he saw— "HELLO EVERYBODY! Here I am in Camel town. Am I impressed! Everybody looks so happy—so enthusiastic! You'd think each one of the 18,000 Reynolds workers owned the plant. And say, thousands of them are owners—they've got Camel stock! And they really get fun out of making Camels. Maybe that's a reason people get so much fun out of smoking Camels. Wouldn't you like to work here? Nobody's been laid off by Camels in 12 years. When that old whistle blows, all the officials in this place are right on the job too. And they have only one job—making Camels so good that more people smoke them than any other cigarette. Yes—that's everybody's job at Camels. Imagine a place like this Camel plant. They had social security here years ago. When you're sick, you get a nice healthy check each week. If you die, your family is protected. Have a Camel! See for yourself why there's more real pleasure—more out-and-out enjoyment—in Camel's matchless blend of finer, more expensive tobaccos—Turkish and Domestic. See why tobacco planters, men who grow and know tobacco, make Camel their cigarette. You'll say, as millions of smokers do, "Camels agree with me." Camel is America's largest-selling cigarette! Don't miss Cantor's Camel Caravan Monday nights! See radio listing in your local paper for time.
