

CHIEF OF G-MEN DIRECTS SEARCH IN CASH KIDNAP

Boats And Divers Augment Huge Poss Combing Area For Trace Of Little Victim—Several Grilled.

PRINCETON, Fla., June 2.—(AP)—J. Edgar Hoover, chief of the federal bureau of investigation, took charge of the James Bailey Cash, Jr. kidnaping case today while small boats and divers augmented a huge posse combing this area in the rain for a trace of the 5-year-old victim.

Arriving at Miami from Washington, Hoover hastened immediately to the FBI office in a downtown skyscraper where agents have been questioning several suspects for 24 hours. He refused, like his subordinates, to discuss the case and indicated he expected to be here several days.

Hundreds of men in khaki veterans' uniforms and hunting togs, many with pistols at their belts, assembled at dawn and were taken out in farm trucks to the sectors assigned for the second day of the search.

The hunt was extended northward through palmetto thickets, weeds and flat truck farm land.

The senior Cash and his wife remained secluded in their frame apartment building, although the father came to the door to receive three telegrams.

It was learned that the anguished mother, who had been prostrate with grief, finally was sleeping.

WING ANNOUNCES SALE REAL ESTATE AGENCY INTEREST TO GOLDY

Charles A. Wing today announced sale of his half interest in the Charles A. Wing Agency, Inc. to Mark Goldy who becomes president and principal stockholder.

Mr. Wing said he was retiring from active participation in the real estate and insurance business to devote all of his time to his ranch interests. He grows, packs and ships pears and apples and operates one of the largest registered Guernsey dairy farms south of Portland.

Mr. Wing formed the 1923 Estate and Insurance Agency in 1923 with Mr. Wing as president. After occupying two other premises the agency was established five years ago at its present location, 109 East Main street.

During his association with the agency Mr. Wing has been active in real estate circles. He served for two years as a director of the Pacific Northwest Real Estate association, promoted sub-divisions and home-building here and sold more than 700 valley properties.

Under the ownership of Mr. Goldy the business of the Wing agency will be continued in the present location specializing in general real estate business, property management and insurance. Within the near future the name of the firm will be changed to Mark A. Goldy, Inc. It was announced.

Coming to this city four years ago from Salt Lake City, Goldy purchased one-half interest in the Wing agency and became actively associated in the management and operation of that concern. During this period of time he has been identified with many civic and fraternal activities, is a director of the Jackson County Chamber of Commerce and the Medford Rotary club. Mr. Goldy is chairman of the Medford Traffic Safety Council.

DODSON CHALLENGES STATEMENT BY ROSS

PORTLAND, Ore., June 2.—(AP)—D. B. Dodson, chamber of commerce official, challenged a statement attributed to J. D. Ross, Bonneville dam administrator, at Washington that power from the dam had been oversubscribed.

In a telegram to the federal power commission, Dodson declared that "it appears to us that no bona fide application could be made for power until rates and conditions for purchases are known. We have no evidence here of any bona fide application and would appreciate such information."
