

SCHOLARSHIPS AID MAJORITY OF 4-H IN SUMMER CLASS

Of the more than 1600 Oregon boys and girls expected to attend the 24th annual 4-H club summer school at Oregon State college June 6 to 17, approximately 70 per cent will hold scholarships awarded them by various business and community organizations, firms, individuals and others in recognition of excellent work done, according to H. C. Seymour, state club leader.

"The increasing number of scholarships awarded each year is due to the fact that those who offer them see the inspiration and enthusiasm as well as new information and other benefits brought back by those who attend the club summer school, and plan to make it possible for more boys and girls to attend the following year," Mr. Seymour says.

Three dormitories and 20 or more fraternities and sororities will be used this year to house the club boys and girls, with the younger members living in the dormitories. Attendance is limited to club members of 12 and under 21 years of age whose 4-H projects are in good standing.

The program this year will follow the usual plan of class work in the mornings, assembly and recreation in the afternoons, and parties, movies and other entertainment in the evenings. From 70 to 100 classes will be running each morning during the two weeks' session, with some 75 or more Oregon State college faculty members as instructors. Many new courses are being offered this year.

The club members at summer school have a self-government plan, by which groups of older boys and girls are chosen as officers and executive committee members to see that all goes well in the O. S. C. 4-H community. Each county delegation has its own chaplain or advisor. Older boys and girls who were former 4-H club members, are in charge of the various houses and halls.

Some of the early clipper ships averaged 15 miles an hour for the entire voyage.

HOSPITAL THEFT ADMITTED BY BOY

Jesse Carl Corden, 19, a CCC enrollee of Camp Tule, Cal., entered a plea of guilty in justice of the peace court this morning to a charge of petty larceny. Justice of the Peace William R. Coleman continued passing of sentence for 10 days so that he could talk with Capt. C. L. Pierce regarding the youth. Captain Pierce is Medford district inspector.

Corden was specifically charged with stealing a fountain pen, address book, stamps and miscellaneous articles belonging to Miss Jean Steel of Medford, a patient in a local hospital, while he, himself, was undergoing medical treatment in the hospital, where he had been confined for six weeks.

Corden was arrested yesterday after investigation by Captain Pierce and state police.

TREASURY DEFICIT NEAR PREDICTION

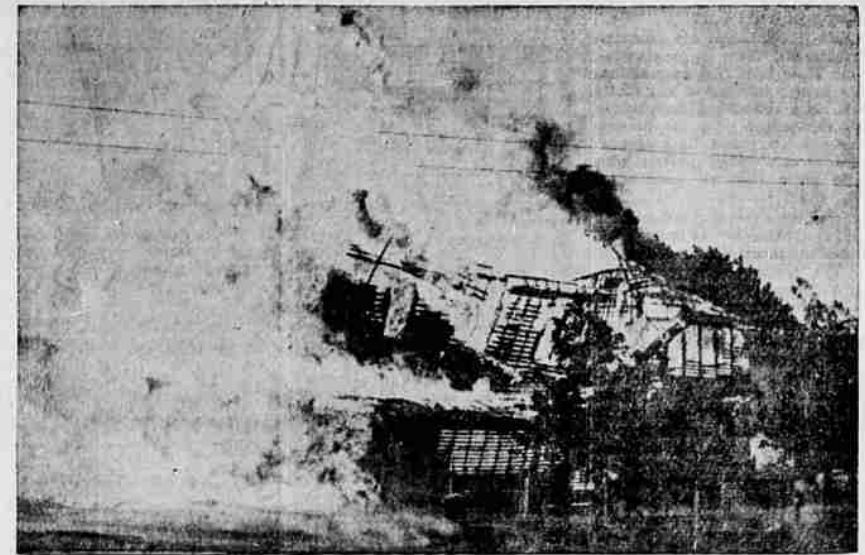

WASHINGTON, June 3.—(AP)—The treasury entered the last month of the fiscal year with a deficit of \$1,470,573,054, a treasury statement showed today. The fiscal year ends June 30.

The eleven months excess of expenditures over receipts was close to the \$1,544,000,000 deficit predicted for the year in President Roosevelt's January budget message and his subsequent request for an additional \$250,000,000 of relief funds. In the first eleven months of the preceding fiscal year the deficit was \$2,877,264,019.

From July 1, 1937, to May 1, 1938, the treasury had an income of \$5,467,713,250 and expenditures of \$6,938,288,305. In the corresponding period of the previous year, receipts amounted to \$4,426,140,342 and expenditures \$6,803,404,361.

The public debt on May 31 was \$37,422,327,043, or \$997,713,310 higher than it was a year ago.

Flames Wipe Out Coburg Buildings

A \$35,000 fire originating from an undetermined cause on the second floor of a general store at Coburg, village seven miles north of Eugene, Ore., destroyed four business buildings and the Odd Fellows hall on Tuesday. The hall is shown, partly destroyed, and another building about ready to collapse.

BENEFIT PAY CHECKS GO FOR NECESSITIES, ANALYSIS DISCLOSES

SALEM (UP)—A survey by the state unemployment compensation commission reveals that less than four percent of the benefit checks have been spent for other than necessities.

Gross sectional analysis of endorsed benefit checks reveals that expenditures by covered workers have been almost totally for the necessities of life. The first 54 checks examined in a batch of 200 in the Portland area were cashed by one of the city's large department stores.

Since inception of the program, \$3,000,000 has been distributed among unemployed workmen. Accurate figures are not available but surveys supplemented by studies prepared by various federal agencies indicate that approximately \$1,000,000 went for food, \$460,000 for shelter and \$460,000 for household operations including light, gas fuel, laundry and other incidentals.

Clothing bills approximated \$300,000, according to commission estimates; transportation items, \$252,000; medical care, \$253,000; personal care, \$60,000; education, \$15,000; gifts to churches and philanthropic institutions, \$50,000, and amusements, \$150,000.

In addition to providing revenue for every type of business, the unemployment compensation weekly pay roll is making possible for hundreds of persons to keep off the direct relief rolls, thereby effecting additional savings to taxpayers, officials pointed out.

DISTILLERS CATCH UP WITH LIQUOR DEMAND

LOUISVILLE, Ky., June 3.—(UP)—The flow of legal liquor had narrowed down to a mere trickle in Kentucky today with all but six of the state's 67 distillers temporarily shut down. The Taylor and Williams Distill-

eries, Inc., was the 57th plant here to close since January 1 and the Shenley Products company announced closing of its Stag distillery at Frankfort today.

Large scale production for aging purposes shortly after repeal of prohibition and a falling off in demand were cited as reasons for the shut-downs, but prior to prohibition many distilleries regularly ceased operations during the summer.

GOLD PRODUCTION CONTINUES RISE

NEW YORK, June 3.—(AP)—Gold production in the United States and its territories totaled 1,400,000 fine ounces for the first four months of

this year, an increase of 105,000 fine ounces over the total for the corresponding period of 1937, the American Bureau of Metal Statistics announced today.

Production for April was 352,000 ounces compared with 367,000 in March and 218,000 in April, 1937.

The steady increase in aggregate gold output, which has about doubled since 1929, was shown also in world production figures, excluding Russia, which totaled 9,900,000 ounces for the first four months.

DELEGATES NAMED FOR HEALTH MEET

Ten delegates from Jackson county will attend the annual conference of the western branch of the American Public Health association in Portland Monday to Wednesday, inclusive. They will leave here for Portland by motor car Sunday.

Delegates for the Jackson County Public Health association were announced today by Miss Helen Carlton, association president. They are: Mrs. J. C. S. Wells, Mrs. P. Corning Kenly, Mrs. R. E. Green, Miss Helen Bullis, Mrs. Howard Hill and Mrs. Moore Hamilton.

The Jackson county health department will be represented by Dr. C. I. Drummond, Mrs. Blanche Runels Fisher, supervisor of public health nurses, and Miss Helen Parish and Miss Florence Weisser, county nurses.

LIBERAL REPUBLICANS FOR HIM, CLAIMS HESS

PORTLAND, June 3.—(UP)—Henry L. Hess, Democratic gubernatorial nominee, told the Willamette Democratic society yesterday that liberal Republicans would support him in November because, he declared, Republican party control remained in the hands of the "old guard."

"I hold no animosity for any Democrat who supported Governor Charles H. Martin against me in the primary election," Hess said, in prefacing Democrats would support him rather than Charles A. Sprague, Republican nominee.

DALLES CHERRY CROP SEEN NEAR RECORD

THE DALLES, June 3.—(UP)—Wilbur Stadelman, fruit company official, predicted a cherry crop today rivaling the record production of two years ago.

The harvest for barreling purposes will start next week. Pickers will begin on the canning cherries about the middle of June.

U. S. STEEL DEBENTURES BRING QUICK PREMIUM

NEW YORK, June 3.—(UP)—The new issue of \$100,000,000 3 1/2 percent debentures of United States Steel corporation, offered at par, quickly commanded a premium today and its reception was hailed encouragingly by members of the banking syndicate, headed by Morgan Stanley & company, which underwrote it.

It was the largest industrial flotation since the 1929-32 period. Quotations on the issue ranged around 102 1/4 bid, 102 3/4 asked.
