

McDonald, Chick Rematch Expected to Crowd Armory Tonight

ALL-STAR CARD WILL ENTERTAIN ON LADIES NIGHT

Britt And Lyons Dated For Meanie Match In Second Place—Bobby Chick And Secret In Opening Go.

With a capacity crowd of 1000 assured, considerably more than half of which will consist of members of the fair sex, Sockeye Jack McDonald and Bobby Chick stage their second rock 'em and sock 'em mat brawl in the Medford armory tonight, meeting in the main event of an all-star "ladies night" program that figures to set a new high in spectacular and dramatic grapple entertainment.

"Advance ticket sales are even better than last week," Promoter Mack Lillard said today with a large smile. "and it would be wise for fans to obtain their tickets as early as possible. It will undoubtedly be standing room only and it is possible that many won't be able to gain admittance."

Plan Fills House
Every male or female purchaser of either a reserved or gallery seat will be given a free ticket to admit one lady. This will be the second "ladies night" ever held here; last week's attracting about 1000 feminine fans, old and new, who turned the armory into a roaring mad-house.

McDonald, the unsharable, brutal ex-lodger from Seattle and Chick, world's junior heavyweight title-holder, will be clashing for the first time since their history-making fight last January. That match, considered by local observers as one of the most vicious ever seen here, ended in a draw after neither was able to gain a tumble in 60 minutes of half-rallying action. It was the second time in three years the champion had been held even by a Medford opponent.

Although Sockeye, who has been touring the southwest for the past several months, mainly on the right and left hand jobs with belted flats and other villainous maneuvers, he is also a master of the Boston crab, one of the game's most effective holds. That he will pit against the sensational airplane spin of Champion Chick, which almost never fails to bring him victory. Consensus of local experts is that if Chick decides to slug it out with McDonald, formerly a prize fighter, he stands a good chance of losing, but that if the champion waits for the breaks and sets up Sockeye for the spin, he should wind up with the winner's loot.

Card Well Balanced
Floyd Britt and Red Lyons, Joplin Ghost, clash in the six-round center bout in what has all the earmarks of developing into a stupendous display of brawn and manhood. Neither is exceptionally clean and scientific grapplers, although Lyons can slip on a highly effective leg-strap at times.

Bobby Chick, Dude's older brother and a better-than-fair exponent of the latest spin himself, goes to the post against the hooded Black Secret in the six-round opener. The Secret was defeated and unmasked by Dude Chick last Monday, but has again donned his head-covering. So far, nobody has been able to learn his name. There will be another unmasking tonight if Bobby is successful in pinning the bad-man's shoulders to the mat for victory.

WATER BUCKET VISIT RALLIES BOY WONDER IN HURLING 'CLUTCH'

In the nightcap the Seattle team blanked the Beavers 7 to 0, to push them into a tie with San Diego for fourth place.

To the amusement of everyone, including 6,000 fans, Cy Slapnicka, general manager of the Cleveland Indians and both teams, Freddie called for time out. He casually walked off the mound and took a drink of water.

Going back to the hillcock he retired the side to assure himself of his ninth Pacific coast league victory this season, his first in professional baseball. In the seven inning nightcap Seattle made four of its seven runs in the fourth inning off pitcher Ad Liska.

CRATERS DEFEAT GLENDALE 9 TO 1 TO HOLD LEAD TIE

Brown Allows Only Six Hits—Grants Pass Trims Ashland 12 To 7—Locals Pull Double Killings.

Medford's crashing Craters kept pace with Grants Pass for the Southern Oregon league's top spot by defeating the Glendale Loggers at Glendale yesterday 9 to 1, behind the brilliant hurling of Southpaw Lowell Brown, who allowed only six scattered hits and fanned eight. With Grants Pass beating Ashland at Ashland, 12 to 7, the pennant race remained deadlocked, with the Craters and Merchants each having four wins and one loss.

In winning his second circuit victory, Medford's big left-hander almost completely throttled the dangerous Loggers, holding them scoreless until the ninth inning when singles by Avery, Willis and Rhodes produced their lone tally. In all other heats, Brown bewildered the enemy with his blazing curve and terrific fast ball.

Brown Gets Support
While Brown was hurling his usual masterful game, the Craters gave him plenty of lusty batting support. They scored once in the fourth, had a big five-run fifth inning, picked up another in the seventh and wound up with a pair more in the eighth. At the same time, Medford's fine infield came up with their twelfth and thirteenth double play of the season—ninth in league action—to halt what might have been a couple of serious Logger rallies.

In the big fifth inning, the Craters' droop Miller, Glendale's starting hurler, to the showers and Merle Johnson finished the game. Brown walked to start H. Sakrada and Rickert singled, and after a walk to Hoffard and fielders choices by Calvert and McLean, Tommy White rapped a single. Singles by Hoffard and Ager accounted for the Craters' first tally in the fourth.

McLean scored a run for Medford in the seventh when he doubled and came home on a pair of errors. In the eighth, Acheson got hit by a pitched ball, scored on Manager Wally Rickert's triple and Calvert then singled scoring Rickert.

Rickert, Calvert and White all collected two hits for the Craters, while Avery was the lone Glendale player to reach Brown for a pair of safeties. Billy Calvert gave Medford players, himself included, a chance to cheer when he came out of an extended batting slump to rap two clean singles.

JUNIOR CRATERS TRIM TALENT 4-3 IN HURLING DUEL

Base-hits by Manager George Harrington and Ray Erickson, and First Baseman Robbins' error in the last half of the ninth inning, ended a tight pitchers' battle and gave Medford's Junior Crater a 4 to 3 victory over Talent yesterday afternoon at the high school park.

With the score deadlocked at 3-all, Manager Harrington led off with a single to right, Erickson, who had hurled brilliant baseball all afternoon, followed with an infield bouncer down the third base line, beating Hungate's throw to Robbins. When Harrington rounded second, and set sail for third, Robbins tired one 10 feet over the third sacker's head and the Medford skipper romped on home with the winning tally.

Home runs by Billy Piche and Hale Greenman gave the Junior Craters their three other runs. Piche blasted one of Pitcher Harold McAbee's side-winders into centerfield in the second with the bases empty, and Greenman poled one to the rightfield fence in the third behind a single by Harlan Erickson, big righthander working his first game for the Junior Craters, struck out 13 Talent batters and did a great job of scattering nine bingles. Manager Charlie Skeeters' club got to Erickson for tallies in only one inning, the third, when singles by Skeeters, Hungate and Leasing and McAbee's triple to left accounted for three runs. In all other heats Erickson was complete master of the situation.

While Medford's chucker was highly effective, Harold McAbee and Dick Skeeters weren't doing so bad for Talent. McAbee, the Phoenix high schooler, worked six frames on the mound and fanned 11 and gave up the twirling duties in the seventh and whiffed 3 while allowing three safeties. It was off Skeeters that Medford scored its winning run in the ninth.

Greenman, with a homer and a single, led the Junior Craters at the plate, while McAbee scored a triple and single and Skeeters hit two singles for Talent. Eddie Jones, Talent shortstop, came up with a great running catch of Curry's liner to left in the third inning.

The win was Medford's second in the Jackson county league, and Talent's second defeat.

Short score. R. H. E. Medford 4 7 4 Talent 3 9 5 Erickson and Harrington; McAbee, Skeeters and Skeeters, Childers.

Baseball schools such as this are springing up all over the country sponsored by newspapers, associations, professional ball clubs and other organizations. This is the third year and Medford can be proud of the fact that it was one of the first cities in the nation to realize the importance of such a honor. And then go ahead and start one.

In an editorial, the St. Louis Sporting News makes the following interesting comment on the popularity of these schools and of their undoubted importance and value to baseball and the youths, themselves: "The New York Daily Mirror, with the aid of Harry (Moore) McCormick, former Giant star, has been doing a good job with baseball schools that might well be emulated by many other public-spirited newspapers and organizations. The youths parks and playgrounds of the nation's metropolises are being utilized and that the idea was one that only needed introduction to become popular was evidenced by the fact that 600 turned out for the first session. The boys have been learning something about the game that will help them in their future recreational activities and their energies are turned to profitable and beautiful play, instead of channels that are not as desirable."

McCormick, who lectures and then gives demonstrations to illustrate his points, has a knack with youngsters and he knows his baseball. These are two requirements that must be possessed by anyone who attempts to conduct such classes, but there are many other men like the Moore who could be used for this type of work.

Every city and hamlet, to a greater or less extent, could have a similar program. Clubs in organized ball might well co-operate in such movements, or even initiate them. It is still true that the kids of today are the fans and players of tomorrow, but some associated with the game seem to forget the fact that it should not be necessary for newspapers and other organizations to conceive these plans—those connect-

Baseball School Gets Needed Aid For Fine Program

Let's fire a 21-gun salute to the Medford Athletic association, E. H. Hedrick, city school superintendent, Instructor George Harrington and the city council, which voted some extremely welcome money to be used for the annual summer baseball school now in full swing at the high school park every morning from 9 to 12.

All have cooperated in what we believe is one of the finest programs ever attempted in Medford for the benefit of youngsters, and of baseball. Kids from all parts of the county have been turning out about 50 strong the past week, ranging in age from four to 18. While the number is far from disappointing, Harrington would like to see it doubled, and urges boys between those ages to take advantage of the free school if they desire to play baseball. And, what kid doesn't?

Each morning the instructor divides his youthful charges into complete teams and stages regular games, three of them going at once. George realizes that keeping boys of those ages keenly interested is vitally important, and naturally there is nothing like a good old ball game to do it. Hence, there is mighty little time taken for batting and fielding drills that might become slightly boring to the kids, rarrrr to go.
