ROOSEVELT INTERVENTION IN PRIMARIES SOUGHT
LEFT-WINGERS FEEL NEED OF PRESIDENT IN PERSON
LIEUTENANTS NOT ENOUGH TO BEAT STATE MACHINES
IOWA SETBACK MAY SPUR ADMINISTRATION PURGE

WASHINGTON, June 10.—Surprising enough, instead of moderating the White House hunt for Democratic heresy, the setback in the Iowa primary may actually intensify it. The President's general staff is still determined to stamp out the agnostics, manicheans and abjectness of the Democracy. And since the test of a heretic is unbelief in presidential infallibility, the President will be tempted to continue the crusade. The crusade may gain new violence from the interpretation put on the Iowa voting by the group of influential left-wingers who managed the unsuccessful campaign to destroy Senator Guy M. Gillette. As they see it, James Roosevelt's proclamation of friendship for Representative Otha D. Wearin, and the public blessing of Wearin by WPA Administrator Harry L. Hopkins were not enough. Gillette and his supporters were still able to intone psalms of devotion to Roosevelt.

"They pretended to love the boss and tried to beat his man at the same time," is the way the general staff members put it. "They could not do that if the boss spoke his own mind."

Perhaps the general staff members overestimate the pulling power of the President's name. Nevertheless, they now hope to persuade the President to intervene in person in the other primaries where the White House is running a true believer against a heretic. They think that the President's presence that his right hand knoweth not what his left hand doeth is damaging the President's cause. Now it remains to be seen whether the President will agree.

In Kentucky, the President is already expected to speak for Senator Alben W. Barkley. If he adopts the new policy, he will be in battle in Georgia for U. S. District Attorney Lawrence Camp against Senator Walter F. George. He will endorse Representative David Lewis in his Maryland race against Senator Millard F. Tydings. And he will go west and fight for his friends on the great plains. His weapon need not be point-blank commitments. He knows well enough how to give the voters

YOUNG TRUCKMAN RELATES DETAILS IN CASH SNATCH

Tot, Stolen From Crib, Is Found Dead On Arrival at Abductor's Home—Wife, Family Done With Him

MIAMI, Fla., June 10.—(AP)—J. Edgar Hoover announced today that Franklin Pierce McCall had confessed the entire Cash kidnap and that he killed 5-year-old James Batley Cash, Jr.

The director of the federal bureau of investigation said McCall's admission detailed that he stole the boy from his bedroom while he slept, placing a handkerchief over the child's mouth and another over his eyes and took Skeggs to his home, where he found the boy was dead.

McCall had no confederates at any stage of the case, Hoover reported.

Left Body in Thicket
 McCall said he thought at first the boy was still asleep. Hoover declared, but when he found after about 15 minutes he was dead, he took the child in his arms and ran and walked to a spot in the woods near his home with which he was well acquainted from hunting trips.

"There he flung the body into a dense thicket where it was found early yesterday morning.

Having disposed of the body, Hoover continued, McCall returned to his own home to get the first of three ransom notes which he had written in advance.

Then, despite the death of the little victim, he took it to the shack of a negro, John Emanuel. Disguising his voice, McCall tried to persuade the negro to take it to James Batley Cash, Jr. When Emanuel became frightened and fled, McCall placed it under his door.

Family Through
 McCall's father-in-law, Joseph Hilliard, said Mrs. McCall was prostrated and that McCall had acknowledged to her his part in the case yesterday when she and other members of the Hilliard family were questioned at the FBI office and released.

"She never expects to see him again," Hilliard said. "She wishes nothing more to do with him.

"The boy has ruined two families, his and mine, and we want to see justice done."

He added McCall had sent his wife to North Florida just before the kidnaping, and expressed the opinion he was planning it then.

Where Body of Kidnaped Boy Found

A reporter points to the spot near Princeton, Fla., where agents of the federal bureau of investigation found the body of kidnaped James Batley Cash, Jr. S. Hanson money hidden nearby was recovered. Franklin Pierce McCall, 31 (below), has confessed the kidnaping and murder, according to police. (Associated Press Telephotos).

Eight Army Air Corps Men Killed in Crash of Bomber

DELAVER, Ill., June 10.—(AP)—Eight army air corps men were killed today in the crash of a huge army bomber on the Youle farm north of here during a brief but violent storm.

Miss Laura Youle said she believed the craft was struck by lightning.

"There was an explosion, debris flew in the air and the ship came down about a half mile from our farmhouse," she said. "It fell on muddy ground. Wings and fuselage were badly torn. At least seven bodies were strewn around, some wearing unopened parachutes, and one was still in the plane."

An army bomber carrying three officers and five enlisted men was missing on a flight from Chanute field, Rantoul, Ill., to Denver, Colo.

Terry Houghton, Delavan undertaker, said all victims were in uniform. The bodies were so badly mangled, he said, that he was unable to determine immediately if there were "eight or nine."

The missing bomber left Rantoul at 9:25 a. m. (central standard time) on what officers said was a "routine flight" to Denver.

Lieut. O. E. Henderson, at Rantoul, said the bomber came here yesterday from Denver, where the officers and crew were stationed, in a Douglas B-18.

Lieutenant Henderson said a detail had been dispatched to Delavan to check the identities of the wrecked ship and its crew.

The victims of the plane crash were believed to be:
 Capt. Richard B. Reeve, 26, Waunakee, Wis.
 First Lieut. Norman H. Ives, 31, Los Angeles.
 Second Lieut. Thomas Langben, 27, Galveston, Tex.
 Staff Sergt. Edward F. Murah, Corp. William H. Housley, Private Philip J. Truitt, Private George L. Huntsman

SEEK BOYCOTT ON PORTLAND HOTELS

PORTLAND, June 10.—(AP)—Striking hotel workers suffered today, bringing the total number of hostilities affected by a walkout to eleven. Hotels added to the list in the unions' dispute for recognition were the Clyde, Commodore and Washington.

PORTLAND, June 10.—(AP)—Striking workers sought today to enforce a labor boycott against eight major hotels while union officials indicated the walkout might spread to others in the city.

The nearly 2,000 hotel workers who walked out Wednesday were supported in their strike today by drivers' unions, affiliated with the A.F.L. Deliveries to hotels were ordered stopped. Building trades workers, engineers, laundry workers and taxicab drivers were ordered to stay away from the picketed buildings.

Hotel service, meantime, returned to near normal conditions, with non-union workers flocking to answer advertisements for help. Gunther Krause, attorney for the hotel association, said more applicants appeared than could be handled.

NEW TOWNSEND PARTY ADVANCING IN OREGON, PENSION LEADER SAYS

Organization of a Townsend political party in Oregon is progressing satisfactorily, Dr. Francis E. Townsend told The Mail Tribune before he departed for Los Angeles this morning by United Mainliner.

The party will not be organized completely enough, however, to have a slate of candidates in the Oregon election this fall, Dr. Townsend said. Until the proposed party has its own nominees, the Townsend organization will endorse old party candidates in sympathy with the Townsend pension plan aims, he asserted.

An attorney is studying Oregon laws to ascertain precisely what must be done to put a new party in the field, the pension plan leader said.

Dr. Townsend related that he was hastening to Los Angeles to attend a convention of Townsend party adherents prior to the primary election, adding that California would have a registered Townsend party.

Dr. Townsend has been touring Oregon, speaking in various cities and aiding in the organization of the party. He spoke in Coquille last night and then proceeded to Roseburg. He was driven from Roseburg to Medford this morning by Gordon Ware, Oregon state manager. A United Mainliner made a special stop here for the pension plan leader, the plane departing for the south at 11:15.

CAVEMEN CAVORT AT ROSE FIESTA

PORTLAND, June 10.—(AP)—Burlly Grants Pass Cavemen refused to accept the inconveniences of the hotel strike last night and established a street camp for several hours before a downtown hostelry.

Shaggy dressed members of the famous order, in Portland, participated in the Rose Festival, cooked a bit of special dinosaur meat—sort of stewed in the blood of a saber toothed tiger, they said—while police looked on indulgently and crowds gaped.

Twenty men and five women marched in the festival's floral parade.

F. R. PLANS ONE TALK ON CALIFORNIA TRIP

WASHINGTON, June 10.—(AP)—President Roosevelt said today the only formal speech he expects to make on his cross country trip next month would be at Marietta, Ohio.

He indicated, however, he probably would make a number of informal talks.

The trip, which will give Mr. Roosevelt numerous opportunities to express either directly, or indirectly, his favor for Democratic primary senatorial candidates, will be through several states between the national capital and California.

At San Francisco the president will embark for a voyage back to the east coast.

LABOR HEARING HERE SATURDAY

Interested parties were reminded today of the state bureau of labor and welfare commission hearing to be held at 9:30 tomorrow morning in the Jackson county circuit courtroom.

The meeting was called to consider a recommendation of the Fruit Growers League, Inc., for the segregation of the fresh fruit and canning industries. The hearing will also consider, as a related subject, the re-establishment of the minimum hourly rate for women workers engaged in the fresh fruit industry.

Committees have been appointed to represent the public, the workers and the employers. Porter J. Neff, Medford attorney, was named conference chairman.

LINDBERGH'S SETTLE ON ISOLATED ILLIC

TREGUIER, France, June 10.—(AP)—The isolation of tiny Illiec Island, the new home of the Lindberghs, just off the Brittany coast of France, is regarded by local authorities as sufficient for their protection.

Colonel and Mrs. Charles A. Lindbergh and their two sons were established there today.

Treguier police spoke of the island's high, rocky cliffs and said no other protection was "provided or requested."

The police seemed offended that the question of the Lindberghs' safety was raised.

"In the first place," he said, "there are no gangsters in Brittany; in the second place, if there were they would be in jail."

PERMIT FORD APPEAL

COVINGTON, Ky., June 10.—(AP)—The U. S. circuit court of appeals permitted the Ford Motor Co. today an appeal to the supreme court a national labor relations board order of Dec. 22 requiring compliance with the Wagner labor act. The court refused the board permission to withdraw records in the case until the appeal is disposed of.

BABY FALLS FROM WINDOW

PORTLAND, Ore., June 10.—(AP)—Richard Hardin, 17 months old, fell from the second story window of his home yesterday and suffered a possible skull fracture and internal injuries.

BONNEVILLE RATE SCHEDULES GIVEN COMMISSION OKEH

Administrator's Plan Seen Likely to Amortize Project's Cost Over Reasonable Period of Years

PORTLAND, June 10.—(AP)—Asserting that the federal power commission's revision of Bonneville dam schedules offered no "appreciable change" from the original, W. D. B. Dodson, manager of the Portland chamber of commerce, promised today a fight "to the end of time" for reductions.

The chamber executive, speaking for interests opposed to the schedules compiled by J. D. Ross, Bonneville dam administrator, criticized the commission for not permitting adequate time to consider the figures and not calling more elaborate hearings.

WASHINGTON, June 10.—(AP)—The federal power commission announced today approval of revised rate schedules for Bonneville dam power submitted by Administrator J. D. Ross and said they could "reasonably be expected" to amortize the project cost "over a reasonable period of years."

Rates per kilowatt year as approved were the same as proposed by Ross for prime and secondary power.

At site rates confirmed by the commission for prime power was \$14.50 per kilowatt year; for secondary power, \$9.50 per kilowatt year.

Transmission system rates, to be uniform over the entire transmission system, and to be available to public bodies, cooperatives and privately-owned electric utilities for resale only, were fixed as follows: For prime power, \$17.50 per kilowatt year; for secondary power, \$11.50 per kilowatt year.

The commission reduced from nine to four the number of rate schedules originally submitted by Ross and made certain other changes in the schedules.

Proposed schedules for sale of surplus power were eliminated and will be submitted again, the commission said, when a need for such schedules arises or when such power becomes available.

BANQUET, DANCE TO MARK OPENING 20-30 CONCLAVE

200 Visitors From 12 Oregon Cities Due Saturday—Business Session Sunday Will End Meeting

With a gala and exclusive Russian style banquet and dance at the Chateau featuring the first day's program, the annual northwest district state convention of 20-30 clubs will convene in Medford tomorrow. About 200 visitors from 12 Oregon cities, including one delegate from each club, are expected to participate in the convention. Registration will begin at the Hotel Jackson, convention headquarters, at noon tomorrow.

Official business session of the delegates will be held Sunday morning at 9:30 at Valentine's cafe, with District Governor Harry Pinneo of Medford presiding. With this session the two-day convention will come to an official end, but many of the visitors are expected to remain in the city Sunday afternoon for sight-seeing trips.

National Head Coming
 In Medford for the convention will be Ralph Layton of Fullerton, Cal., national president of the 20-30 association, and Martin Andrus of Portland, trustee of the national association. Both will give talks at the banquet and business session.

Election of the 1939 district governor will be held and six-month reports from each delegate will be heard at the business session. Immediately preceding the regular business session, a meeting will be held to elect sub-district governors. During the session, entertainment, yes to be arranged, will be furnished for women visitors.

Delegates and visitors will start arriving in Medford tomorrow from Grants Pass, Roseburg, Marshfield, Bendon, Salem, Portland, Toledo, Lincoln Beaches, Lakeview, Bend, and Klamath Falls. Most of them are expected to stay at the Hotel Jackson Chateau Reserved.

The entire Chateau, popular dining and dancing resort on the Pacific highway south of Medford, has been reserved by the Medford 20-30 club, convention host, for the banquet Saturday night. The affair will be exclusive for 20-30 club members and their invited guests.

Members of the local 20-30 club handling arrangements are Andy Anderson, chairman of the general convention committee; Harold Wall, publicity, and Fred Schmidt and Gene Monaco, "date" committee.

SOUTHERN SOLONS SEE WAGE VICTORY

WASHINGTON, June 10.—(AP)—Southern senators claimed victory today in their year-long battle to give Dixie lower minimum wages than the industrial north.

They expressed certainty a senate-house committee would approve broad exemptions from a 40-cent-an-hour wage scale which the pending legislation would establish after seven years.

The committee had voted earlier this week to exempt only industries in which such a minimum would result in unemployment.

The southerners, after threatening a senate filibuster, forced the committee yesterday to reopen the question. They want living costs, prevailing wages and comparative freight rates added to the causes for exemptions.

SPENCER HOME IS VISITED BY THIEF

City police today are searching for a man who last night ransacked the home of Mr. and Mrs. Ralph Spencer at 419 South Newdown street, occupying with an Elgin, yellow gold wrist-watch before being frightened from the house by Mrs. Spencer.

Mr. Spencer told city police that his wife came home to find the man rummaging through dresser drawers, and that when she asked him what he was doing he ran out the back door and escaped.

A neighbor, who saw the man at Newdown and 13th street immediately after he ran from the house, described him as being about 25 years old, tall, slim, dark complexioned and wearing a tan shirt and dark trousers.

PLANE CRASH SURVIVOR RELATES PILOT'S DEATH

MARCH FIELD, Calif., June 10.—(AP)—From the flaming crash of an army attack plane one man survived today to tell March field investigators how his pilot met death on a training flight last night.

Private William White escaped by a parachute jump when the plane, flying low under fog in San Geronimo pass, plummeted into a hill midway between Banning and Beaumont and killed Second Lieutenant Joseph C.

COMMITTEE APPROVES RADIO INVESTIGATION

WASHINGTON, June 10.—(AP)—The house rules committee approved today plans for an investigation of the radio industry and the federal communications commission.

Chairman O'Connor (D., N.Y.) declined to disclose the committee's favorable vote on the resolution providing the inquiry.

The committee action came shortly after four of the seven members of the communications commission appeared to discuss charges that they had been susceptible to lobbying by communications companies and had favored the major radio broadcasting companies and their affiliated stations.

Portland Hotel Strike Inconveniences Throng Present for Rose Festival

Portland, filled with crowds for the annual Rose Festival, suffered a strike in its major hotels this week. Left: Pickets take up their pacing after negotiations with employers fail. Center: Harry Heathman, son of the founder of the Heathman hotels, becomes a bell hop and totes the baggage of guests. Right: Waitresses leaving a hotel for a "vacation" after their union had called them out.—(Associated Press Photos.)
