

12 DEAD BELIEVED STILL IN WRECKED TOURIST SLEEPER

31 Known Dead Counted in Montana Disaster — 65 Injured Mostly Released After Care in Hospital

MILES CITY, Mont., June 21.—(AP)—With 31 already known dead, fatigue-worn searchers worked today to lift up again from the all-cotting bed of Custer creek a tourist sleeper which railroad officials estimated contained 12 more victims of the nation's worst railroad tragedy in a decade.

Twenty-two of the 31 known victims were identified. The bodies of two unidentified women were taken last night from the sleeper which plunged with the Milwaukee railroad's flood-weakened train through a creek. Twelve other bodies were found earlier yesterday and a woman died in a hospital.

Sleeper Slips

The sleeper, submerged nearly 35 hours by the cloudburst "flash flood" that filled Custer creek with a torrent 20 feet deep, was jacked up on blocks after hours of slow toll last night. Suddenly, the heavy steel car slipped loose and sank again into the rocky silt left in the stream's bed when the flood subsided yesterday.

Grimly, the 78 railroad workers and volunteers started without halt through again, working without halt through the night. Meanwhile, railroad and government officials launched an investigation of the wreck.

Instant Death

All save one of the victims' death instantly, officials said. Lucille Stumley, 50, nurse, died last night at Holy Rosary hospital here. One other person, a train porter, was still in a serious condition in the hospital.

Of the 65 injured who were rushed to the 85-bed hospital here, nearly all were released after minor treatment.

The crash, which occurred shortly after midnight, caught most of the ill-fated passengers of the railroad's pride sleeper in sleeper cars.

General Pershing Discovers An "Efficient Staff"

"It is doubtless my military training and experience which makes me feel that one should have an efficient staff to do preliminary work for him. I find this as true in reading and in reaching conclusions in the world of modern thought as I did in commanding an army. Therefore, my bag is never without a copy of The Reader's Digest. It studies for me the different magazines, saves me a great deal of time and brings to my notice many articles that I should otherwise overlook; hence I read the Digest regularly."

Like General Pershing, I heartily recommend The Reader's Digest to all our readers. It's the most concise, thought provoking magazine I have ever read.
