Sunday Marriage Of Interest Here

A marriage of interest took place at 9 o'clock Sunday morning, June 12, at First Christian church in Medford, when Miss Bernice Werth, daughter of Mr. and Mrs. Louis Werth of Valley View, became the bride of Mr. Milo Kays, son of Mr. M. L. Kays of Vancouver, Wash.

The bride was very attractive in a white suit with white lace blouse and white accessories. She wore a corsage of gardenias. In keeping with tradition "something old and something new" were dainty handkerchiefs, one 75 or more years old, and the other one a Bemberg lace trimmed blue silk.

The "something borrowed and something blue" was her purse, belonging to her sister, Beatrice, and made by Elton Petri, while in Georgia. This gave the one touch of color to her costume.

Mrs. Elmer Kays, matron of honor, wore a light gray suit, with matching accessories. Her corsage was of pink roses.

A wedding luncheon at Valentine's was served the bride party.

The wedding supper at the bride's home was given Monday evening with seasonal flowers used, the bride cutting the wedding cake.

The bride was born and grew up in Ashland, graduating from its schools, taking active part then and since in musical affairs.

The bridegroom is a graduate of the University of Oregon.

Mr. and Mrs. Kays will make their home this summer at the Werth ranch in Valley View. They expect to spend some time in an extended wedding trip in August.

Girls Scouts Enjoy Inspection Tour

Thursday was a very busy day for Girl Scouts, who made an inspection tour of the Post Office and The Mail Tribune, and afterwards enjoyed a picnic supper. The members were particularly interested in the mechanisms of the various printing facilities at the Tribune, and gave screams of delight when they saw news of their favorite movie actors come over the United Press machines. Their greatest ambition was to see an editor wearing a green eye shade and seemed perfectly satisfied when they caught a glimpse of one.

The following girls were accompanied by Mrs. Marjorie Fens, leader, and advisers, Mrs. Michael Schwartz and Miss Jeanette G. Gore:

Beth Reed, Jean Henselman, Nancy Morrow, Virginia Bradford, Jerry Bunch, Beverly Jones, Corrine D'Albini, Natalie Parker, Betty Johnson, Catherine Miller, June Jarnin, Joyce Metzger, Patricia Catey, Regina Parsons, Virginia Lovell, Willis

FIES TAKES OVER WPA HELM HERE

C. D. Fies arrived in Medford this week from Roseburg to take over his duties as resident engineer of this WPA district, which includes Jackson, Josephine and Douglas counties.

Mr. Fies was transferred from Roseburg, where he was project engineer, following the resignation here because of ill health of Resident Engineer Frank Thompson.

Mr. Fies stated today there would be no change in administration of WPA affairs from the district office in city hall, and no change in the personnel.

Because of the fact that his position requires a considerable amount of travel and field work which would take him to Roseburg often, Mr. Fies said his family would remain in Roseburg for the time being.

PARK PERSONNEL AT FIRE SCHOOL

Crater Lake national park fire personnel under Chief Ranger J. Carlisle Crouch were attending a fire control school yesterday afternoon near Port Klamath. They were valorously fighting a dummy fire when a report was received of a real forest blaze nearby.

School was dismissed for the day as the men raced to the real fire. Before the blaze could be controlled, three acres of young pine trees had been burned and a crew of 20 men from the park CCC camp had been called to help in the fight. Several spot fires also occurred. The fire was on the Rogue River national forest.

The fire started in grass near the highway to Crater Lake and spread to the pine. The forest service today blamed a motorist who ignorantly tossed a cigarette from his car into the grass.

PLEASURE CENTERS OF FOREST READY FOR VACATIONISTS

Rogue River national forest headquarters today issued the following recreational bulletin:

"Forest service areas are now ready for holiday visitors.

"All roads in the Applegate district are in excellent condition with the exception of the Ashland loop road which is closed by large snowdrifts at Mt. Ashland and Dutchman's peak. McKee and Beaver Creek forest camps remain quite popular and swimming conditions have been reported as quite fair. The high water in the Applegate is going down but it is still quite cold. A number of good catches have been reported from streams and lakes in the district; from Squaw Lake, Carberry Creek, middle fork and the Big Applegate.

"Campgrounds in the Butte Falls district are all open and ready for use. All of the roads are open and in fair condition. Only fair catches have been reported in the streams and no reports have been received regarding catches in the Blue Canyon lakes.

"Most of the roads are now open in the Union Creek district. Fishing is fair in the Rogue river and its tributaries. The best results are being had with eggs and worms in the early afternoon and with flies in the later afternoon. Limit catches are occasionally reported from Diamond Lake. The Hercherberger road is open to the lookout station. Muir Creek, Hamaker, Union Creek and Foster Creek campgrounds are open and roads are in excellent condition. Several good catches have been reported at Fish Lake but fishing can only be considered fair.

"Very little fishing has been done at Lake O' the Woods during the past week. The road to Fourmile lake is in very poor condition but it is passable. Very poor luck has been experienced by the few people who have visited that lake.

"Extreme care should be taken with fire in the forest during this time of the year. Fireworks are prohibited in the national forest areas and parties should not plan to shoot fireworks in forest camps or summer home districts. Campfire permits will be required on the national forest beginning July 1. The axe, shovel and water bucket regulation also will take effect at that time."

DUDE, CHRISTY GO SHARES INTEREST WITH GALS MELEE

While that five-gal battle royal, first feminine free-for-all ever staged on the Pacific coast, is causing most of the wrestling excitement among fans of the most industry in Medford, considerable interest is brewing in the main event, one-hour scrap between Cowboy Dude Chick, world's junior heavyweight champion, and Terrible Ted Christy, the hated, despicable Californian, who go to the post in the army next Monday night in the windup attraction of what Promoter Mack Lillard believes will prove the most thrill-packed program seen here in months.

Making his first appearance here last Monday for some time, Christy displayed a vicious brutal attack to batter Sockeye Jack McDonald from pillar to post. He gave the rough ex-Seattle logger the most severe going-over he has ever received in Medford, and only because he couldn't let well enough alone did he lose the match. McDonald took the first fall on a foul, when Christy wouldn't break a Boston crab, and ended the match by whamming Terrible Ted across the back with a chair when the latter wouldn't let him return to the ring. If Christy had broken the crab hold clean, and stayed in his corner until McDonald returned to the ring, he would have beaten Sockeye.

All of which wouldn't add up to much except for the fact that Sockeye, three weeks ago, walloped Christy. Now, as Christy should have beaten the guy who did beat Chick, the Christy-Chick battle takes on more than minor elements of drama and importance.

The feminine battle royal is expected to be a humdinger. In addition to Clara Mortenson, woman champion, the ring will be filled with the following: Maria Martinez, Grace Moore, Mae Nichols and Mildred White. After three are eliminated, the remaining pair will return and
