

KLAMATH COUNCIL IN HOT WATER ON PARK SELECTION

Irate P.-T. A. Delegation Storms Meeting—Agent for Owners One of Three On Council in Favor

KLAMATH FALLS, June 30.—(AP)—The Klamath Falls city council, brusquely slapped on the wrist by public opinion when it rushed into a parking meter purchase contract two months ago, was apparently in hot water again today.

At its regular meeting Monday night the council voted, 3-2, to buy a big lot on the edge of the industrial addition for development as a recreational center. Reported purchase price was \$10,000.

P. T. A. Fires Questions

At an adjourned session yesterday the council was stormed by a big delegation of irate Parent-Teacher representatives. The P.-T. A. members demanded to know why the aldermen had not awaited the report of their citizens' recreational research committee before acting, how the council expected to obtain \$10,000 to buy a lot when the special recreational levy provides only \$3500 a year, and why expenditure should be concentrated in one spot instead of distributed for recreational development throughout the city.

Backing up the women of the P.-T. A. was a letter from the chamber of commerce board of directors protesting purchase of the industrial district tract until a long range development program can be worked out.

Agent On Council.

The situation was further complicated by the facts that the two councilmen who voted against the purchase seemed as bitterly opposed to the council's action as any of the citizens and that one of the three city fathers who voted favorably on the issue is the agent for the owners of the proposed recreation property.

Defending their action, councilmen said they believed immediate purchase was necessary to benefit by possible federal spend-lead funds.

The whole matter was to be brought up again this afternoon when C. C. Hockley, regional PWA director, was to be here to discuss local federal aid projects.

JUDGE PONDER'S CLAIM FOR CARPENTER'S PAY ON EAGLE POINT JOB

Following a day of hearing testimony and arguments in the civil suit of M. N. Evans against W. B. Zimmerman, both of the Eagle Point district, for labor services, Justice of the Peace W. R. Coleman took the case under advisement. It is an involved action.

Evans seeks pay for 35 days' labor at the rate of \$7 per day as a carpenter, while engaged in building a house for Zimmerman. Evans also claimed he had worked 95 days but reduced the time, employed to 35 days so the suit would come under the jurisdiction of the justice court and he would avoid the expense and delay of filing the action in the higher court.

The defense contended that Evans' testimony was unconvincing, that his steadily mounting votes, Ray board during the slack season, and moved to the Zimmerman place during the construction work. There was testimony to show Evans had been employed as a carpenter at 50 cents per hour.

A number of witnesses and spectators from the Eagle Point district were in attendance at the trial.

GYPSY SMITH, AGED 78, TO MARRY YOUNG GIRL

LOS ANGELES, June 30.—(AP)—White-haired Gypsy Smith, 78, evangelist of the old-time religion on five continents, disclosed today he will marry a pretty Los Angeles musician, 26-year-old Mary Alice Shaw.

The full-blooded Roman gypsy, who claims to have preached to more persons than any other minister in the world, will wed Miss Shaw on Saturday in a garden ceremony performed by his son, the Rev. Albany Rodney Smith, 50, of Mystic, Conn.

Miss Shaw said: "He had been my hero since I was a child. . . I look up to him as I would a god."

Heavy Salmon Haul.

ASTORIA June 30.—(AP)—Heavy catches of blueback salmon along the Columbia river from Skamokawa to St. Helens were reported by gillnet fishermen yesterday. Seine fishermen said they were taking bluebacks on the sands of the lower river.
