F. D. R. LEANS HEAVILY
ON INNER CIRCLE

THIS LED BY SON, JAMES,
HOPKINS AND CORCORAN

WASHINGTON, July 5.—Franklin Delano Roosevelt is not only the grand panjandrum of the new deal, the man who dwarfs all others, he is also the guiding mind, and the hints that he is a mere grinning puppet, managed by clever men behind the scenes, are so much tommyrot. But he has a peculiarity, best described by a former favorite:

"The president is a political genius, but his genius is more emotional than intellectual. He knows instinctively which way to go, but he often needs to be shown how to get there. He forms his ideas in the friction of his own mind against the friction of others. And that is why his close advisers are so important and influential. They generally provide the specific plans to fit the president's broad purposes."

Thus, in a real sense, the White House advisers of the inner circle are as worthy of notice as the president himself. Because most high public officials of the government have limited interests, or poor abilities, or unemphatic minds, the president has chosen private counselors. And being a remarkably able set of men, these private counselors have virtually effected a temporary change in the old governmental pattern.

Since the palace politics of the White House are slightly oriental, it is difficult to make an exact list of the members of the inner circle. But there is no question that the outstanding members, most often with the president, are James Roosevelt, Harry L. Hopkins and Thomas G. Corcoran.

Affable and shrewd, James Roosevelt is his father's private aide and detail man. He differs from the rest in that his allegiance is much more to the person of the president than to the ideas the president symbolizes. WPA Administrator Hopkins, forceful, idealistic, malignantly partisan, is the president's trusted friend and crony. And Corcoran, nervous of temperament, with a brilliant mind and fantastic energy, is particularly useful to the president because he

200 YOUNG TURKEYS DIE IN BROODER FIRE

Two hundred week-old turkeys were burned to death early this morning when fire consumed a brooder house on the Frank Dutton ranch at Sterling.

The blaze was caused by an overheated brooder stove. Mr. Dutton thought Mr. Dutton said he made an inspection at 2 a. m., and everything was all right. Two hours later the brooder house was a mass of flames.

ROSEBURG, Ore., July 5.—(AP)—Arthur John Cole, 70, retired lumberman died yesterday following a sudden attack of a heart ailment. Accompanied by his wife and two daughters he was en route from his home at Seattle to San Francisco to visit friends when he became ill.

Automobile Supplants Firecracker as Cause Of July 4th Slaughter

By The Associated Press

The toll of America's holiday deaths—at least 513 died violently celebrating the 162nd anniversary of independence—showed today that the nation has practically eliminated fireworks fatalities but has failed to quell the menace of the motorcar.

Only three persons were killed by fireworks—all of the "home-made" variety. Motor crashes on packed highways, however, claimed at least 256 lives, half of the entire number.

The rush for beaches and lake and river resorts to escape immoderate heat in some sections of the country resulted in 139 drownings.

Reports from 46 states and the District of Columbia also showed 27 persons were shot to death, 20 committed suicide, 18 were mangled by trains and 50 died in various mishaps such as falls, lightning and home accidents.

The toll of 513 was below that of the Fourth of July week-end in 1937, when 563 were killed, but more than doubled the number for the Memorial day week-end—250.

New York, with 99 deaths, led the states. Pennsylvania was second with 33, Michigan third with 27 and Illinois fourth with 26.

Frank accidents took many lives. One Missouri resident was struck and killed by a truck of ice. A 16-year-old girl in Brooklyn was fatally wounded by a stray bullet as she sat in a window watching a fireworks display in the street below.

A boy was killed and 17 men, women and children were injured when three racing cars plowed into a group of spectators at Ho-Ho-Kus, N. J. A New York boy was electrocuted when he tripped and fell across the third rail of the Long Island railroad's tracks while chasing an American flag drooping to earth from a parachute.

The fireworks victims were killed by their own "inventions." Exploding powder poured into a piece of iron pipe, fatally injured a Marylander in Pennsylvania, one man was killed by a home made cannon and another by a bomb fashioned from an automobile wrist pin.

NEW DEAL SUPPORTER BELIEVES ROOSEVELT WILL NOT RUN AGAIN

WASHINGTON, July 5.—(AP)—Senator Logan (D-Ky.) said today he felt certain that neither President Roosevelt nor Vice-President Garner would seek a third term in their respective offices.

The Kentucky senator, an administration supporter, commented on published reports that Garner had told senate intimates he would not seek a third term as vice president.

Logan made it plain that he had not personally discussed third terms with either Mr. Roosevelt or Garner, but added:

"I have not the slightest doubt in my mind that they will not seek third terms."

"If Mr. Garner should be a presidential candidate in 1940 he would have much support for the nomination."

"He would be mighty hard to beat."

Senator Burke (D-Neb.) said he thought the vice-president would be in a "receptive mood" if he were offered the Democratic presidential nomination in 1940.

VAN NUYS ASSURED OF DEMO RENOMINATION

INDIANAPOLIS, July 5.—(AP)—U. S. Senator Fredrick Van Nuy (D-Ind.) appeared virtually assured today of renomination at the Democratic state convention here July 12 as the result of a telegram from Governor M. Clifford Townsend inviting him to "become a candidate" to succeed himself in a post he has held since 1932.

Denying he was "dictator of Hoosier Democratic politics" or had attempted to read Senator Van Nuy out of the party, the governor said the convention would be "wide open."

Three Killed in Gun Fights With Deranged Taxi Driver

PRINCE RUPERT, B. C., July 5.—(Canadian Press)—Sergeant Robert Gibson of the British Columbia police died early today in a hospital, raising to three the death toll of gun play here yesterday between a madman and taxi driver and police.

Gibson was shot in the back of the head while trying to disarm a man who had already pumped two bullets through the head and neck of his superior, Acting Inspector W. J. Service. Service died almost immediately.

ROOSEVELT SAYS MAJORITY FAVOR REORGANIZATION

Many Who Opposed Last
Measure Only Opposed to
10 Per Cent of Provisions
Claims Chief Executive

WASHINGTON, July 5.—(AP)—President Roosevelt said today that the country undoubtedly wants a government reorganization bill enacted.

The chief executive told his press conference that many persons who voted in the house to pigeonhole the administration reorganization measure were in favor of 90 per cent of its provisions, but objected to ten per cent.

The president's statement was made at a press conference after he had conferred earlier in the day with members of the committee which drafted the reorganization bill.

Administration leaders in congress previously had served notice that a new effort would be made to enact a reorganization law, the president said today to get one involved merely a question of getting together conflicting opinions on details.

The hearing was adjourned until July 12. Today's testimony was on the "counters" charges that her husband had placed her in fear of her life or bodily harm.

He was released again on bail of 2,000 pounds (\$10,000), as in the case of his first hearing last Friday immediately after returning from France to face his wife's charges.

The skillful Sir Patrick Hastings, noted king's counselor, and Solicitor William M. Mitchell, attorneys for the countess, related a long series of threats she said the distraught count had made in Paris.

They said he talked of a "duel," called his wife obscene names, threatened to seize his son and "give Barbara three years of hell and headlines."

He hinted, too, of suicide, they said, and declared people would blame his wife for driving him to it.

On cross-examination Mitchell testified that the count was "seriously disturbed" because of "another gentleman" and wanted to know if the countess would marry him if she got a divorce.

It was Mitchell also who disclosed that the countess first thought of a settlement of 350,000 pounds (\$1,750,000) on her estranged husband but decided to offer the smaller sum, \$250,000 as "a gift."

BOATMAN ELUDES RIO GRANDE DEATH

CERRO, N. M., July 5.—(AP)—While he sought his wife to inform her of his safety, A. S. Hunt described today how he groped through a pitch-dark wilderness crawling with rattlesnakes after he and a boating companion were dumped into the roaring Rio Grande river.

Hunt said he would join today in the search for the body of E. R. Wakefield whom he saw swept down the cascading stream when their craft upset Sunday in the Black canyon near here.

When ditchriders reported seeing Hunt wander off from the opposite side of the river after the crash, Mrs. Hunt came here from Denver and engaged guides to aid in the search.

Hunt turned up in a northern New Mexico sleep-camp yesterday, but his wife's whereabouts were unknown. He was taken to Antonio, Colo.

L. A. BANS RELIEF TO POOR VISITORS

LOS ANGELES, July 5.—(AP)—County Counsel John H. O'Connor ruled today that "any person who has a relative and a home in another state is not an indigent and is not entitled to county aid."

His ruling was given to Rex Thompson, superintendent of charities, in the case of Mrs. Anna Beard, who testified she had a brother and a home in an unnamed Oregon city. Mrs. Beard, with the support of a group identified with the Workers' Alliance, had refused to return.

The decision was praised by Supervisor Leland Ford, who declared that some 1600 persons in similar situations on the relief rolls cost Los Angeles county \$1,000,000 annually.

SEVENTEEN INJURED IN FIREWORKS BLAST

CHICAGO, July 5.—(AP)—Seventeen persons, including six children, were injured and a crowd of more than 35,000 was thrown into panic last night when a mass of fireworks in Postage park exploded prematurely.

HEIRESS RELATES DEATH THREATS IN DIVORCE HEARING

Sensational Testimony
Marks London Court Ap-
pearance Barbara Hutton
and Estranged Husband

LONDON, July 5.—(AP)—Countess Barbara Hutton Haugwitz-Reventlow's battery of noted legal talent today accused her titled, Danish husband of demanding \$500,000 and their two-year-old son Lance in return for a divorce in a tense hearing in Bow street court.

In the course of two and a half hours of sensational testimony to support charges against the handsome Countess, she also was accused of threatening to shoot an unnamed Mayfair society man "like a dog."

The golden-haired, black-clad Woolworth heiress kept her sad, childlike eyes on the back of her husband's head as her attorneys declared he had threatened to "put her on the spot" and had laughed at a proffered gift of \$250,000 as "an insult."

Hearing Adjourned
The hearing was adjourned until July 12. Today's testimony was on the "counters" charges that her husband had placed her in fear of her life or bodily harm.

He was released again on bail of 2,000 pounds (\$10,000), as in the case of his first hearing last Friday immediately after returning from France to face his wife's charges.

HUGHES WILL DECIDE FLIGHT AROUND GLOBE ON EUROPEAN ARRIVAL

NEW YORK, July 5.—(AP)—Howard Hughes, the lanky millionaire from California, is in town wearing a brown felt hat which has seen better days, and presently he is going to fly to Paris just for the experience of flying to Paris.

Whether he will go on around the world, he says, depends on how things look when he gets to Europe.

The only man who ever has flown to Paris from New York is Charles A. Lindbergh. Of the many who have circled the world by air, including those in the Graf Zeppelin in 1929, the late Wiley Post made the best elapsed time—7 days, 15 hours.

For two years Hughes, who is known as the only independent movie producer from the "outstate" who ever got out of Hollywood with his shirt, has had stores of gasoline buried at strategic points on the globe for just such a flight.

Hughes drifted on to Floyd Bennett airport in his two-motored transport slip last night after a leisurely, one-stop hop across the continent from Burbank, Cal.

Who was going to be captain of the ship on the flight to Paris?

"There won't be any chief," Hughes said. "Every man has his own job, and each one of us is as good as the other. The automatic pilot will really do most of the flying."

VETS HOSPITALIZED ON DEPARTURE EVE

GETTYSBURG, Pa., July 5.—(AP)—On the eve of their departure from the last reunion of the Blue and the Gray, eight veterans and two attendants were taken to hospitals today with injuries and ailments described as "not serious."

Thirty-eight other veterans who were confined at hospitals, checked out yesterday with "sick leave" permission to depart early.

The temporary army base hospital now has 17 Union and 17 Confederate veterans, three women attendants and two national guardsmen. Four veterans are in the Gettysburg hospital.

Jacksonville Man Suicides With Revolver in Woodshed

Samuel J. Evans, 77, shot and killed himself in a woodshed behind his home in Jacksonville Sunday morning. It was officially reported today by Coroner Frank Peril. Incurable illness was given as the reason for the suicide.

Mr. Evans lived with his wife and daughter, Miss Ella Evans. He shot himself some time between 9:30 and 11:30 a. m. when they were at church. Coroner Peril said. The shot was not heard because children of the neighborhood were shooting firecrackers at the time, the coroner explained.

Mr. Evans had nailed a .38 calibre revolver to a crossbar in the woodshed, stood in front of it and pulled the trigger, the bullet piercing the center of his forehead, the coroner stated.

The tragedy was discovered by Mrs. Evans upon her return from church. Mr. Evans had been discharged from a hospital only a week before. He was suffering from asthma and a heart ailment, Coroner Peril said.

5 HURT IN CRASH ON LAKE HIGHWAY DURING HOLIDAY

Mr. and Mrs. Dean Terrill
and Children Suffer In-
juries; Most Holiday Traf-
fic Mixups Not Serious

Five persons were hurt in an accident involving three cars on Crater Lake highway, five miles out of Medford late yesterday afternoon. It was the only serious accident reported in this locality over the Fourth of July holidays.

The injured were Mr. and Mrs. Dean Terrill and their two young children, Frances and Raymond, of 907 South Central avenue, and Mrs. J. R. Bond of route 2, Mrs. Sacred Heart hospital this afternoon. X-rays were to be made to ascertain whether any bones were fractured. Known injuries were various lacerations and bruises. Mr. Terrill was treated at the hospital for a lacerated lip and dislocated Mrs. Bond, state police report, was taken to a hospital for treatment, but no Medford hospital had a record of her entry. She was said to have sustained lacerations.

Third Car Ditched
According to a state police report the accident occurred when J. Ronald Bond of Route 2, driving south, attempted to pass a car going north in the same direction. His car crashed into a machine going north and driven by Dean Terrill, the report stated.

To avoid collision, Orville A. Moore of Seio, who was following the Terrill car, ran into a ditch and his automobile overturned.

Mr. Terrill was accompanied by his wife and two children. With Mrs. Bond were Mrs. J. R. Bond, Robert McAtee and Robert May. Mr. Moore was accompanied by a cousin, Emory D. Moore of Trall.

State police were investigating the accident further today. No arrests had been made.

An old Lincoln automobile owned by Bert Phillips of 300 South Riverside avenue was practically ruined late yesterday afternoon. His car caught fire on the top of Rocky Arm mountain. The blaze was attributed either a back fire or a battery short circuit.

Soon Quenched
The fire was reported by telephone by Frank Corleis, caretaker at the Prescott CCC camp, to Fred W. Schaffel, city superintendent, who in turn notified Fire Chief Roy Elliott.

Accompanied by Hi Martin, volunteer fireman, Chief Elliott, armed with fire extinguishers, drove to the scene in his own car. The smoldering fire was put out quickly, but the damage had already been done. Assisted by Robert Kent, Camp Prescott project superintendent, the firemen moved the car from the roadway.

Cars operated by H. R. Littrell of 1205 East Main street and W. R. Nyswander of 30 North Orange street were involved in a minor accident on the Pacific highway south of Medford Sunday afternoon, according to a city police report.

Mrs. A. V. Hardy of 506 Haven street and Mrs. G. W. McKee of 807 North Peach street were drivers of cars involved in a minor collision at 4th and Ivy streets Sunday morning, a report at city police station showed.

GERMAN EXPERTS DESERT KAI-SHEK

HANKOW, July 5.—(AP)—The German General Baron Alexander von Falkenhayn and 38 of his assistants left Hankow for home today, ending a nine-year period of German military association with Generalissimo Chiang Kai-shek's army.

Prior to the Chinese-Japanese war, successive German military experts helped General Chiang standardize equipment, promoted military training and acted as general advisors in building a modern fighting force.

Despite the link between Berlin and Tokyo in a pact against communism, the German advisors remained with Chiang through the first year of the conflict with Japan.

Only Berlin's reported urgent recall instructions were said to have led von Falkenhayn to ask for release from his contract.

BUCKAROO IS GORED BY STEER AT RODEO

ST. PAUL, Ore., July 5.—(AP)—A wild steer gored and critically injured Russell Tostadat, buckaroo, at a rodeo here yesterday. Two other men were less seriously hurt riding bucking horses.

Tim De Pew won the bucking horse competition and Buck Smith took the bulldozing event.

ROUTINE BUSINESS ON CITY COUNCIL'S SLATE

Only routine business is scheduled to come before the city council at its regular semi-monthly meeting tonight. The session will be held as usual at 7:30 in council chambers on the top floor of city hall.
