

NEW BUILDINGS TO BE ERECTED AT SOUTH FORK

Pre-Fabricated Structures Will Replace Old Worn-out Logging Firm Cabins at Forest Camp for CCC

Modernization of the South Fork CCC camp is to start next week with the erection of pre-fabricated buildings to replace the old log cabins procured from the Owen-Oregon Lumber company in 1933.

The pre-fabricated structures, manufactured by American Builders in Seattle, under contract, began arriving yesterday. Two carloads arrived here and were shuttled to the camp site over the Medford Corporation railway. Unloading was underway today. Three more carloads are on the way and two additional are yet to be shipped, making a total of seven carloads in all.

Most Standard. The pre-fabricated buildings meet the standards set by the army quartermaster-general's office in Washington, D. C. CCC headquarters here said. The new buildings are portable.

The portable buildings to be erected include four barracks, officers' quarters, forestry or technical staff quarters and infirmary.

Forestry Camp. The South Fork camp is situated out of Butte Falls on what was once known as camp 2 of the old Owen-Oregon Lumber company, predecessor to the Medford Corporation. The old logging cabins were bought from the company when the camp was established in 1933. The cabins have now deteriorated to the point where replacements are necessary. CCC headquarters explained.

In 1934 new buildings were added to the camp, including a mess hall and recreational building, and these will be retained as an integral part of the improved camp. The camp is part of the Rogue River national forest set-up.

O. Henry, best known for his stories of New York, was born in North Carolina, and spent his early life in the south and southwest.

PRINTERS PICNIC SET FOR SUNDAY

Arrangements were completed today for the annual get-together picnic to be held Sunday at the Umpqua national forest campground at Diamond Lake by the typographical unions of Medford and Klamath Falls. The unions of these two cities will be hosts to the union at Bend. Employees of other departments of the newspapers and job plants of the three cities have been invited to attend as guests of the unions and a large attendance is anticipated. Each family is to provide its own basket lunch but the host unions will furnish coffee, sugar, cream, soft drinks, beer and ice cream.

A program of games and contests will be held for children, with prizes for the winners. The union members will confine their athletic endeavors to a soft-ball game.

COLLEGE IS GOAL OF MOTHER AT 53

ANNA, Ill. (UP)—Mrs. Mable Keith Leaser, 53, a widow and the mother of three sons, who was graduated from the Anna high school in May, will be a freshman this September at the University of Illinois.

Just 32 years ago, Mrs. Leaser planned to graduate from high school in Anna, which is in Union county. Illness and hardships prevented. Now, after a struggle lasting three decades, during which she lost her husband in the 1918 influenza epidemic and found herself with three sons, a heavily mortgaged home and no means of support, she has realized her girlhood ambition.

Mrs. Leaser's three sons all have completed high school. Two of them are graduates of the University of Illinois and the third is a student there. One of the graduates is an assistant professor at the University of Kansas.

One Fatality. SALEM, July 8.—(AP)—There was only one fatality in Oregon due to industrial accidents during the week ending July 7, the state industrial accident commission reported today. The victim was Andrew Cornelius, Gaston.
