Inspired by another one of South-paw Lowell Brown's grand pitching performances, the Medford Craters exploded a savage 18-hit barrage against four Yreka hurlers yesterday at the high school park to slaughter the Californians in the Southern Oregon league's opening second-half battle. The score was 18 to 1, with 11 of those tallies coming in a huge seventh inning.

Brown, in hanging up his fourth victory of the season, allowed the heavy-hitting Yrekans only six scattered safeties, and fanned seven. He missed a shutout when Colt and Bennett rapped successive doubles in the fourth frame. At all other times the big portlander was master of the situation. Cliff McLean, Crater catcher, took the mound in the ninth inning and retired the Yrekans on four pitched balls. Lewis, Rickert and Smith turning in a double killing to help out.

Brown never looked better than he did yesterday. Yreka batters who weren't struck out were hitting through the infield and getting thrown out. 15 of them being retired that way. Only two putouts were registered in the Medford outfield, and the entire club played nearly perfect ball. Greenman, third baseman, committed the lone Crater error. In addition to hurling great baseball, Brown helped his own cause by rapping three sharp singles in five trips to the plate.

Paul Goode, a slender lefthander with a swell "suthin'" ball, started on the Yreka rubber and lasted until one man was out in the seventh, giving up 13 hits and 10 runs during his servitude. Grove, a righthander with an even better "suthin'" delivery, followed Goode, and after walking a couple and allowing one hit he was jerked and Pete Foster managed to get the side retired with 11 runs across. Bennett, another righthander, worked the last inning and held the Craters runless.

10 Errors
Although Yreka hurlers were made miserable by the run-crazy Craters, their teammates didn't give them much help. The Californians committed 10 errors, all in the clutch, and it was just a big headache in general for the visitors.

Medford scored its first run in the first inning when Sakraida singled infield, went to second on Rickert's sacrifice and scored when Shelton, Yreka second baseman, booted Hoffard's grounder. They got four more in the second on singles by Lewis, Smith, Brown, a walk to Rickert, two passed balls, a wild pitch and a couple of errors. Calvert's single in the fourth drove Rickert over the plate for another tally and one-base blows by Smith, Brown and Sakraida in the sixth accounted for another run.

In the big seventh inning, 14 Crater batters went to the plate and every man on the team scored at least once, with Hoffard and Lewis denting the plate twice each. Here is how it went: Hoffard singled to left, McLean fled out, Lewis walked, Greenman singled to right, Smith singled to right, Brown singled to left and exit Pitcher Goode, with 3 runs in. With Grove hurling, Sakraida walked, Rickert singled to right and Calvert walked to load the bases. Exit Grove and enter Foster. Hoffard drew a base on balls, forcing in a run, and onestep Cooney kicked McLean's grounder, one more scoring. With the bases still loaded, Lewis rifled a single to right, and when the ball got through Dunn, the Medford shortstop made the complete circuit behind three other runners. Foster then fanned Greenman and Smith to end the inning.

Crater firstbaseman, collected three hits, while Lewis, Rickert and Sakraida got two apiece. Every Medford player hit safely at least once, with the exception of McLean. Smith came up with a great catch on a foul fly in front of the grandstand and Cooney, Yreka shortstop, made several nice fielding plays.

JOE BERRY HURLS NO-HIT GAME FOR SERAPHS' BENEFIT

SAN FRANCISCO, July 11.—(AP)—Pacific Coast league baseball fans felt their money's worth yesterday with a no-hit, no-run game, three shutouts and three overtime tilts.

The Los Angeles Angels thrashed the Oakland A's twice to gain a game on the leading Sacramento Solons who divided a pair with the erratic San Francisco Seals.

In the first game it took the Angels 10 innings to beat the Oaks, 5 to 4. In the second game "Jittery" Joe Berry came within two walks of pitching a perfect game as he hurled back the Oaks 4 to 0. The Oaks failed to get a single hit. Hugh Luby and Dwight Van Fleet, drew the only walks, but they never got beyond the initial base.

Old Pard Ballou pitched two-thirds of an inning when he relieved Sad Sam Gibson in the first game between San Francisco and Sacramento, but that was enough to give him credit for the win. The Seals won 11 to 5. In the second game three runs to tie up the game. Otto Nitcholas replaced him.

Hollywood won two overtime games from the slinking Portland Beavers, 5 to 4 and 1 to 0. In the opener the teams battled through 16 scintling innings, Ken Douglas went the distance for Portland, but Wayne Osborne was relieved in the eighth for a pinch hitter when the Stars scored three runs to tie up the game. Otto Nitcholas replaced him.

Seattle and San Diego were still tied for the fourth spot in the league standings after sharing a pair, Seattle winning 5 to 4 in the first game, and San Diego 5 to 0 in the second.

Pig Scores Highest Mark In Barnyard Intelligence

APPLETON, Wis. (UP)—Achilles, the pig who had a nervous breakdown when scientists in an eastern university tried to teach him to eat an apple in a box by electric shock signals, wasn't a typical pig, experimenters believe.

Figs. J. K. Aylward and Harold Sheridan of Fond du Lac, Wis., have found, respond to the shock of an electrically charged fence "in a flash."

In fact, Aylward and Sheridan found, the pig is about the smartest animal on the farm when it comes to electric fences.

The "porker" who pokes his snout against one of the charged wires while grubbing his daily meal does so just once. After that he remembers that it's hot.

The cow, on the other hand, is one of the least apt four-legged pupils. She needs four or five good jolts to learn her lesson, investigators discovered.

The horse soon finds that rubbing noses with the old gray mare in the next pasture isn't safe anymore, but the sheep can do just about as they please. Their wool coats provide the insulation they need to ward off the current. A nip on the tip of their ears, though, makes them wary of the wires, but, according to Aylward and Sheridan.
