REAMES TO HEAD LOCAL DELEGATION AT FARLEY FETE

With dual events scheduled for Portland over the week-end, Jackson county Democrats today turned their eyes northward. In Portland Friday and Saturday for the reception to Postmaster General James A. Farley and the annual meeting of the state Democratic committee will be United States Senator A. Evan Reames, state committeeman from Jackson county, according to a telegram received from him today by Ward Spatz, county chairman. Mr. and Mrs. Reames are now in Tacoma, Wash., visiting relatives of Mrs. Reames. Frank DeSouza and J. R. Marshall, party leaders here plan to leave for Portland Thursday night to take part in the reception for Mr. Farley Friday. Mr. Spatz might go also, he indicated. On Saturday the state committee, one from each county, will convene to elect state officers. Mr. Spatz has been prominently mentioned for the state chairmanship, having received offers of support from various parts of the state. Mr. Spatz, however, has declined to be a candidate. It was the general belief among informed Democrats here that Frank Tierney of Portland was in the forefront for the state chairmanship. Tom Delsell, former Medford resident, has been a strong contender, but it is understood that he feels his present position would not allow him sufficient time to devote to the state chairmanship in an important general election year. He is now affiliated with the state public utility commission in Salem. Mr. Tierney was formerly executive secretary of the state committee. It seems to be a foregone conclusion that Nadie Strayer of Baker will be elected vice-chairman, the position she held before she was elevated to the acting chairmanship through the resignation of Claude McCulloch of Klamath Falls when he became a federal judge. Senator Reames will be the dominant figure at the state meeting and he will be permitted to use his own judgment without even a hint from the Jackson county central committee, Mr. Spatz said. "He has received no instruction from the central committee; we trust his judgment explicitly," Mr. Spatz commented. "Because of his dominant position, he, in the final analysis, will probably be the one to name the state chairman."

Wall St. Report

NEW YORK, July 12.—(P)—The stock market cast off its hesitancy of the past several days today with an abrupt upswing, accompanied by brisk advances in grains and several other speculative commodities. Active buying swept through the market during the afternoon, boosting many leading shares \$1 to more than \$4 a share, as trading again reached a pace that delayed the quotation ticker. Steels, motors and miscellaneous industrials were in demand. Wall street gossip was again active over the steel wage situation, but reliable sources said that while U. S. Steel had informally discussed the matter with labor leaders, no formal move looking toward a cut had been taken. Strength of commodity markets, together with the quick pickup in steel production after the Independence Day week shutdowns, and reports of a sharp reduction in auto-
