Dr. Divine Enjoys Visit With Hoover on Journey

Dr. Sherman L. Divine, pastor of the First Presbyterian church, returned last night from a three weeks vacation trip which took him back to Holly, Mich., as the centennial preacher of his home town's three day celebration, July 2, 3 and 4. He returned by way of Seattle for a visit with his two sons and their families and stopped en route at Eugene for a day at the Oregon synod meeting.

A pleasing highlight of Dr. Divine's trip was the discovery of ex-President Herbert Hoover aboard the bus leaving Eugene. The Medford pastor was conservation director for the food administration in Washington during the World war and became acquainted with Mr. Hoover in the course of that service.

During their visit en route south, the former president told Dr. Divine of his fondness for the Rogue River valley, explaining that he had made a fishing trip to this section at the age of 12, with an uncle.

Dr. Divine remarked to Mr. Hoover that the United States was probably the only country in the world where a former president, or ruler, could ride in a public bus without guard or fear. To this, the local man quoted Mr. Hoover as replying, "Yes, and we are working to keep that status in America."

In 1881 he was united in marriage to Martha E. Reed and in 1884 they moved to Oregon. He was for many years a resident of the Applegate, having had a farm on the river.

He is survived by four sons and one daughter, John Dunnington of Klamath Falls; Thomas and Clifford of Jacksonville, and Clint of West Fir, Ore.; also Gertrude Dunnington of Jacksonville.

The body is at the Conger funeral parlors from where funeral services will be announced in Friday's paper.

There's a Good Reason You're Constipated!

When there's something wrong with you, the first rule is: get at the cause. If you are constipated, don't fiddle around with makeshift remedies. Find out what's giving you the trouble!

Chances are it's simple if you eat only what most people do: meat, bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves soft "bulky" mass in the intestines and helps a bowel movement.

If that fits you, your ticket is a crisp crunchy breakfast cereal—Kellogg's All-Bran. It contains the great intestinal tonic, vitamin B₁. Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in Battle Creek.
