

Huge Crowd Welcomes Hughes Party on Completion of Globe Circle

A crowd estimated at 25,000 was on hand to watch Howard Hughes, multi-millionaire sportsman, and his four adventurous companions, bring their plane down on Floyd Bennett field, New York, Thursday, to complete an around-the-world flight that set the previous record in half. Above at left is the plane as it rolled to a stop to complete the journey in three days, 19 hours and 17 minutes. Lower left: Mayor Fiorello LaGuardia of New York was one of the first to greet the fliers. The mayor is shown shaking hands with Hughes. At left is Richard Stoddard, radio engineer. Lt. Harry P. McEl. Connor, navigator, is shown over the mayor's shoulder. At right, in picture at upper right, bewhiskered Hughes (center) shown walking away from his plane, at the New York airport, accompanied by Grover Whalen (left), president of the 1939 New York world's fair. 4 'OILS' ARE NEEDED TO KEEP HARMONY IN 3-GENERATION FAMILY

ITHACA, N. Y. (UP)—Keeping harmony in a three-generation family is as complicated as running a three-ring circus, according to the verdict of a conference on family life sponsored by the New York State College of Home Economics.

But, according to Dr. Ethel B. Waring of Cornell, tranquility can be attained, provided four "oils" are applied to keep the individuals cooperating smoothly. The "oils," she said, are "affection, recognition, mastery of some one thing and new experiences."

A popular method of maintaining happiness, according to a number of women attending the conference, was to share household duties. Thus, they said, the tasks of dusting furniture, washing dishes and caring for children gave a mother or mother-in-law the necessary feeling of being wanted.

A family council was a solution for family problems offered by one woman, the mother of four children, who worked outside the home. Her mother and her husband's father lived in the family. She said the whole family took part in these councils and each had his say as to how and when the radio should be used, how the money should be spent, and the way children were to behave.

The old stand-by remedy of going for a walk when things get too ingrained. Death tipped past Hyatt's home during 1934 and so far has kept right on going.

Hyatt explains that "maybe they've switched dates on me. I'll still wait."

Pinon nuts have always been the favorite delicacy of southwestern Indians.

Door Bell Fire Alarm
GLOBE, Ariz.—(UP)—Joseph P. Bamcoe owes his life to a ringing doorbell—and a traveling salesman was not the ringer. A fire short-circuited the current, rang the bell, and damaged his home causing an estimated loss of \$2000.

Sets 50-Year Record
WAKEFIELD, Mass.—(UP)—Miss Mary Ann Kalaber, 70, has retired from teaching school after 50 years service here. Never in her half-century career was she tardy to classes or absent from duty.

Zamboanga "Biggest City"
ZAMBOANGA, P. I.—(UP)—Zamboanga, whose chartered city limits embrace 1050 square miles of land is proud of being the "biggest city in the world." Most of the area is agricultural timber and waste land with little population.

Yard Flagpole Stolen
QUINCY, Mass.—(UP)—Add odd thefts: Mrs. Michael J. Walsh notified local police that a 25-foot flag pole had been stolen from her front yard.

DEATH BARGAIN IS CALLED OFF

BURLINGTON, Mich.—(UP)—Willard Hyatt, 84, bargained with death in good faith, but miscalculated. It started back in 1910 when Hyatt decided that Arlo Mumaw, monument manufacturer at nearby Marshall, should make him a tombstone. Inscription on the stone reads: "Willard Hyatt—1854-1934." Hyatt

was to reach his 80th birthday then and he "knew" the Grim Reaper would call for him. He had reason enough to believe that—his father and mother and his four brothers and seven sisters all died during their 80th year. The monument was erected and
