FISHERMEN FIND BODY OF YOUTH IN ROGUE RIVER

Funeral services for Marcell Stedman Greer, 19, who lost his life in Rogue river Saturday afternoon, will be held at the graveside of Rock Point cemetery near Gold Hill, Wednesday at 10 a. m. The Rev. W. I. Palmer of Grants Pass will officiate. Conger funeral [illegible] Medford is in charge of a[illegible].

Young Greer's body was discovered last night at 7:30 by two Rogue river fishermen—Hector E. Ramadell and V. E. Stanley—200 yards below the point where he drowned Saturday after eating a heavy meal. The two men, angling at the first riffle below the spot where Greer drowned, told state police and Deputy Coroner Herb Brown that they saw his body bumping along on the bottom of the river, which is shallow at the riffle. They telephoned the deputy coroner and the body was brought to shore.

Discovery of the body ended a search that had lasted all day Sunday and Monday. Deputy sheriffs, state police, the deputy coroner and townspeople of Gold Hill had used grappling equipment in the river to no avail, although it was believed possible that the searchers had dislodged the body from the bottom of the river, allowing it to be carried to the riffle.

Greer drowned at a point one-quarter mile south of the Rock Point bridge, and about four miles downstream from Gold Hill, according to his companion, Milton Borden.

Marcell Stedman Greer was born at Atchinson, Kan., March 3, 1919, and was a resident of Gold Hill for the past three months. With his mother, he went to Gold Hill, where they were to have made their home with his brother, Ellsworth Greer. Besides his brother, he is survived by his mother, Jeanette Greer, and one half-brother, Francis Tygart of Gold Hill. His father, two sisters and three brothers reside in Missouri.

DEATH COMES TO NOTED EVANGELIST

LOS ANGELES, July 19. — (AP) — Dr. Paul Rader, 58, internationally-known evangelist, died at Hollywood hospital today after a long illness.

Dr. Rader's evangelistic work had taken him twice around the world. He had been preaching in Africa and England early this year when illness compelled him to return home. At death he was head of the Wide World Gospel Couriers, which he founded in 1922.

In his college days he was a boxer and football star at the University of Denver, and founded Beta Kappa, a national fraternity. He wrote a number of gospel hymns and was author of two books, "Round the Round World," dealing with his evangelistic tours, and "Big Bug," a religious novel.

He was born in Denver, August 24, 1879, a son of Rev. Daniel L. Rader.

DEATH FLAG IS FLOWN IN TRAFFIC CAMPAIGN

DENVER.—(AP)—A flag of death is being fitted for Denver's police building flag pole.

Black with a white cross in the center, it will fly on days when one or more persons are killed in traffic accidents.

On days when no deaths occur in the city, as the result of car accidents, a white flag will be flown.

It is Judge Philip Gilliams' idea. He believes the flags will remind drivers of the dangers of traffic.

Closing time for Too Late to Classify Ads is 1:30 p. m.

GIRL LIKES JOB MOVING HOUSES

MOUND, Minn.—(UP)—First she borrowed her father's team and plow and hired out to turn up garden patches for neighbors, then she slid behind the wheel of a truck that replaced the team and hauled dirt and cinders, and now she's moving furniture—and houses.

That's the financial story of the girlhood of Evelyn Krause, 26, who didn't like to take care of children and wasn't very fond of housework. She is probably the only woman house mover in Minnesota.

In Mound school, she played football with stars such as Sheldon Beise, University of Minnesota player and now assistant coach; Milton Bruhn, now on the coaching staff at Amherst, and Walter Ohde, coach at Anoka, Minn., high school.

Miss Krause says that next to shifting houses around on rollers, the hardest part of her job is to move electric refrigerators. She feels the pleasanteat part of her job is driving the truck, which she considers "nice easy work" and prefers it because "it keeps me out in the open."

She tips the scales at 130 pounds, is 5 feet 7 inches tall, and has no trouble keeping her figure trim.

DOUBLE TROUBLE AT BYBEE CORNER

Bybee corner on the Jacksonville highway was the scene of two automobile accidents Sunday night, both occuring within 10 minutes of each other, but neither proving serious.

A car driven toward Medford by Claude A. Lindley of Third and Bartlett streets failed to negotiate the curve at 8:55, according to state police, and crashed through a picket fence, ending up in a pasture. Nobody was injured and the car was not badly damaged, being driven from the field on its own power.

At 9:05, a machine operated by Mrs. Verna D. Rawlings of 730 Oak street, also traveling toward Medford, turned over on its side in the middle of the highway when the brakes grabbed, spinning the car around in the same direction from which it came. Mrs. Rawlings applied the brakes suddenly when she rounded the curve and saw a long line of machines parked near the scene of the first accident. She was not injured and her car escaped serious damage.

TAYLOR SUIT TO TEST STATE LAW ON FRUIT TREES

Testimony continued today in the suit of Tom L. Taylor, orchardist, against Solon T. White, former director of the state department of agriculture, Robert G. Fowler, county agent and Howard Warner, fruit inspector, in which Taylor seeks to make permanent a temporary restraining order prohibiting the defendants from removal of two and one-half acres of assertedly blight infected pear trees. The orchard lies in the Bear Creek section near this city.

The constitutionality of Oregon horticultural laws providing for the removal of pest infested and disease infected fruit trees is involved in the suit.

Taylor originally aued for $6000 averred damages, for the removal of six acres of pears, valued at $1000 per acre. This claim was later withdrawn in an amended complaint, and the case now concerns only the injunctive phases. A number of the pear trees on the Taylor orchard were removed last December, after due notice had been filed. A temporary restraining order was filed which halted the tree removal.

A number of Rogue River valley orchardists will be called as witnesses for both sides. James E. Edmiston, orchardist, and A. L. Simmons, who cut blight on the tract last winter, were on the stand yesterday.

H. M. Lister, assistant attorney-general, is representing the attorney general's office in the case, and District Attorney F. J. Newman the county. Taylor is represented by Newbury and Newbury.

TRAILER CLINICS AID WAR ON T. B.

WASHINGTON.—(UP)—The WPA is dotting the country with a new kind of trailer—for tuberculosis patients.

The "tuberculosis trailers" are used as private hospitals in isolated areas and, in cities, as supplements to crowded hospital facilities.

Constructed by WPA and national youth administration workers, the trailers admit a maximum of sunlight and provide isolation to prevent spread of the disease.

"Most of the trailer projects are sponsored by counties or health association," the WPA reports, "and the distribution of cottages and care of patients is done under their supervision."

Arkansas uses 100 of the trailers in five counties, with the largest unit at Searcy, in White county. Arizona has units in four counties, with large clusters at Tucson and Phoenix.

BREESE GIVEN PERMIT TO SEEK EMPLOYMENT

An order granting Charles Marion Breese, under a six months' suspended sentence on a larceny charge, permission to go to Great Falls, Mont., where he has employment, was granted in circuit court yesterday.

Breese, an employe of the Pacific Fruit and Produce company, entered a plea of guilty to unwittingly assisting in the theft of cigarettes from the company while under the impression he was hauling ice for another employee, who had fled, the authorities say. The cigarettes have a value of $18. Breese claimed he hauled the ice as a matter of accommodation. He is married, has one child, and expects another. He is a former resident of Portland and Klamath Falls.

Few White Herons

WASHINGTON.—(AP)—Only 600 or so white herons are believed to be alive in the world, says Arno B. Cammerer, director of the national park service. Their habitat on this continent is in the Florida everglades and on the keys. The everglades have been proposed as a national park to protect the heron and many other rare birds that live there.

Besides his investigations with yellow fever, Walter Reed did valuable work in typhoid, cholera and erysipelas.

PHILO BURKE HELD IN POSTAL THEFT

Philo D. (Jack) Burke, accused of absconding with about $2700 while postmaster at Whitewater, Cal., was once a resident of Medford, it was recalled when his photo was seen in the postoffice lobby.

While here Burke operated the Children's Gold Bond club, an enterprise designed to encourage children to save. Savings deposited with the club were invested, residents who remember Burke said. While the club eventually folded up, no losses were sustained by depositors.

Subsequently Burke, who was a World war pilot, proposed opening a music school for children in conjunction with a nursery and a child-training school.

Berke left here about five years ago for Whitewater where he started a garage, according to residents who know him. Subsequently he became postmaster there. He is now charged with disappearing from Whitewater with about $2700 of postoffice funds last April 4. He was apprehended by federal agents in Tucson, Ariz., July 9.

JAP BOMBS FALL NEAR MISSIONS

HANKOW, July 19—(AP)—Four Japanese bombs fell on the American church mission's Boone university campus during a raid on Hankow, Wuchang and Hanyang today, killing 20 Chinese seeking shelter under an old wall.

The university is in Wuchang, across the Yangtze river from Hankow, provisional capital of China.

Other missiles hit within a few yards of the convent of the American Catholic Sisters of Notre Dame. One struck in the yard of a German civilian's residence.

A checkup in all sections of the tri-city area placed the civilian casualty total at about 150 killed and wounded.

SHANGHAI, July 19.—(AP)—Sharp guerrilla fighting in industrial Pootung, across the Whangpoo river from Shanghai, has cost perhaps 600 dead the past four days.

The Pootung area had not been a scene of major fighting since the Japanese offensive to capture Shanghai last August and September.

BUTTE FALLS GIRL HELD IN LARCENY

Pauline Appleby, 20, of Butte Falls, charged with grand larceny in a complaint signed by Mollie Casey of the same district, is held under $500 bonds pending further investigation of the case. The action was taken following her appearance in justice court yesterday. She entered no plea.

The complaint charges she took $25 in money, towels, a dress, a pair of hose, and a wrist watch, belonging to Mrs. Casey.

Delbert A. Coffin, charged with violation of the basic driving rule on the Pacific highway, was assessed $2.50 and costs on a plea of guilty.

Dayton M. Cooper, Talent, charged with failure to procure an operators' license, was fined $2.50 and costs.

HUMAN ALARM CLOCK GETS 'EM UP EARLY

RIVERSIDE, Calif.—(AP)—I. S. Logan has been known for 27 years as Riverside's alarm clock.

During that period he has climbed Mount Rubidoux every morning, arriving at the summit in time to smite an old iron bell hanging there seven times at exactly 7 o'clock.

He finds it takes him 1,010 steps and 50 minutes to climb the mountain, and attributes his excellent health to his daily exercise.

Cold Cash

TULSA, Okla.—(AP)—Police listed it as a "cold cash" robbery. Burglars took $300 hidden in the refrigerator at the store of T. T. Carey.
