

### WESTWOOD MILL SUMMONS CREW

WESTWOOD, Calif., July 21.—(AP)—Plant whistles called approximately 1800 employees of the Red River Lumber company to work at 7:30 a. m. today coincident with the arrival of several sheriff's deputies in anticipation of an influx of between 200 and 300 CIO workers and their families who were driven from the town July 13.

Most of the lumbering town, on edge since the "purge" of CIO members, flocked hurriedly to the scene of a fire late last night when the whistles blew. The fire broke out in a small house and damaged the building considerably.

The lumbering company began two new logging operations and 350 logging and plant workers were added to the crews this week.

The town, owned mostly by the lumber company, basked peacefully under a hot sun.

So far as could be ascertained, there was no planned resistance to greet the return of the CIO members from Sacramento and the company announced men who wished work would be reemployed.

### WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest, it just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Don't let your liver get so "stagnant" that you take those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25 cents. Substitutes refuse anything else.
