NEW DEAL CRITIC WILL ASK SENATE BUCK THIRD TERM

Holt, West Virginia Democrat, to Introduce Resolution Asking Formal Opposition to Reelection

WASHINGTON, July 29.—(AP)—Senator Holt (D-W.Va.), an administration critic, said today he would ask the 1939 senate to express formal opposition to a third term for President Roosevelt.

He had intended to introduce such a resolution during the last session, he added, but had held it up "pending proper time."

Holt explained the resolution would be similar to one which the senate passed, 56 to 26, while Calvin Coolidge was president in 1928.

That resolution was introduced by Senator LaFollette (Prog-Wis.) and was considered after Coolidge had issued his famous "I do not choose to run" statement.

It said:

"Resolved, that it is the sense of the senate that the precedent established by Washington and other presidents of the United States in retiring from the presidential office after their second term has become, by universal concurrence, a part of our republican system of government and that any departure from this time-honored custom would be unwise, unpatriotic, and fraught with peril to our free institutions."

"I don't see why the members who voted for the 1928 resolution wouldn't vote for it now," Holt commented.

Among those who supported LaFollette's resolution were 22 members of the present senate. They included some of President Roosevelt's backers as well as some of his critics. The only present senators who voted against the resolution were McNary (R-Ore.) and Walsh (D-Mass.)

Mrs. Olmscheid underwent an operation some time ago and it is expected that she will be able to leave the hospital next week. Wanda Jean had her appendix removed Wednesday.

The family, who have resided at 222 West Jackson boulevard, have many friends here who regret their departure. Mr. and Mrs. Olmscheid have been active in civic, fraternal and social affairs and Mr. Olmscheid was once sheriff of Jackson county.

He will direct the music here Sunday.

Haldor Lillenas, famous composer of sacred songs of today, said of him, "He is the most promising young musical genius of our denomination." He is also a licensed minister.

DAMSITE TOWNS EXCITED BY WORD WORK WILL START

Boomtown On Central Valley Project Now Numbers 1,250 — Houses, Stores Spring Up Over Night

BOOMTOWN, Calif., July 29.—(AP)—Hope and excitement reached a high tempo in this newest of California's cities today as word spread work on huge Shasta dam—key structure in the \$170,000,000 Central valley project—would begin within a few days.

Tents and small homes sprang up overnight. Real estate men talked incessantly. Lots sold from \$150 to \$2,500 at Boomtown and nearby Buckeye and Summit City.

Store fronts reminiscent of the old west popped up. Soft drinks and beer sales rocketed under a merciless sun.

There was much talk of incorporation to permit sale of hard liquor. Boomtown claimed a ten-trailer-house population of 1,250; Summit City 300; Buckeye 250. Most of these residents had some means, but the economic stamp of the one to two thousand camped along nearby roads ranged upward from nothing. Some had only the trees for shelter.

Twelve miles away and hundreds of feet down, near the river-level fall point of Coram, nearly 100 men toiled in temperatures of 120 degrees on the new railroad temporary diversion tunnel.

The cost of the Central valley project in this area alone has been estimated at \$60,000,000, including the \$35,000,000 dam for which the contract already has been let, and a \$20,000,000, 37-mile rail rerouting job. Between 5,000 and 7,000 men probably will be employed.

Handshake Speeds Trial PHILADELPHIA (UP)—Leon G. ellock, a truck driver, was having difficulty answering an attorney's questions. He finally turned to the judge and said: "If a person shakes hands with me I find I can talk to him better." The judge and the truck driver shook hands, and the trial progressed smoothly.
